(3) CITIZENS PARTICIPATION

1. Quinten Severin (Crawfish Bash) asking for \$12,000.00 as a donation. The City has previously sponsored this event. They will be giving back the deposit (\$5,000.00) in some form, which will include some going towards the City for the Kid Fish Event. (Item is farther on Agenda)
2. Clarence Caldwell thanked Mayor Bell on the great work he is doing for the City. Thanked all that are helping on the issue he is dealing with his neighbor.
3. Re'Chard Loftis asked a few questions of the City Manager: Why did the City Manager remove his political signs that discriminated against an illegal candidate? Isn't this illegal and why did you choose my signs? Why has the City not responded to a non-resident that is allowed to hold positions on Boards and Commissions, while using two different addresses and currently using a third address and running for City Council and stated that City Council has known about this perjury

offense. Asked why one officer has been fired for an inmate urinating on the floor and another officer, in his opinion, murdering an individual on camera and still allowed to have his job?

Mayor Bell said that further on the agenda there was an item that Mr. Loftis would be allowed to speak again on that pertains to Boards and Commissions.

City Attorney responded to Mr. Loftis by stating that questions asked of the city Manager (Mr. Jackson) should be asked during regular business hours and that to her knowledge no political signs had been removed.

Mr. Jackson responded that no political signs had been removed, although some signs that were in particular rights-of-way were discussed but no decision had been made as to whether it is on the City or the other entity (TxDOT) to take them down. On the other questions, it was said the city would not and could not discuss personnel issues. A conversation could be had outside of the Council meeting as long as personnel was not discussed.

(4) PRESENTATIONS

a. Discussion regarding ShotSpotter or similar gunshot detection technology

Police Chief Jackson began the discussion by stating that Shotspotter gunshot detection system would be a very huge benefit, due to an increase of gun violence within the City. In a video shown, there were a few testimonials given by several citizens in other communities and states that are currently using the Shotspotter system that have seen reductions in gun violence and homicides.

- Statistically, over 80% of gunshots do not get reported
- In business for 25 years
- Shotspotter is used in over 110 cities
- It alerts the police to gunfire in less than 60 seconds
- Detects where the shots are fired, identifies shooters
- Protects citizens and police officers
- 97% customer satisfaction

Further discussion included two local citizens (Trina Phillips and Delon Delafosse) who spoke in favor of Shotspotter; both had seen a segment on a local television channel, and both were impressed with this system and thought it would benefit La Marque and serve a great purpose.

Questions arose from City Council as follows: What class is charged when a gun is charged within the city limits? (Misdemeanor- Class "C"); What is the conviction rate?

Police Chief Jackson responded by stating that the goal is to discourage gun violence or aggravated assault, not only by discharging of a gun within the city limits.

To implement this program in the City of La Marque, it would be considered the “lower tier”, for cities under the population of 50,000 or under 100 sworn police officers, which qualifies this community on both regards would cost the city \$49,500.00 per square mile with no cost for installation and no training costs.

The discussion continued, including the placement of sensors within a two square mile coverage correlating with a parcel map, would be at a cost of \$99,000.00.

If a multi-year agreement is chosen, the City could lock in the price.

Other areas of discussion included that this system also contributes to the seizure of illegal weapons, or other crimes committed relating to gun violence.

It was asked how the City would be covered and how the covered areas would be determined. With the help of Chief Jackson, they would determine which areas have had an increase in gun violence and or gun crime committed and should place the sensors in those locations.

Data gathered while using Shotspotter system also helps identify the locations and its relation to children that may be at risk in the area who may be dealing with gun violence related trauma within the community.

Further discussed were costs to the City if we wish to expand further than two square miles, which is equivalent to 14% of total city. The City will be discussing during the budget workshops and looking into other vendors that provide the similar services.

(5) UPDATES

a. Discussion relating to TIRZ 2 status report

Finance Director Ms. Kou supplied an updated report of the TIRZ 2. In an ordinance adopted in 2019 in relation to this TIRZ 2, they (Galveston County) applied by default, since neither the “market value” or “taxable value” approach was specified in this ordinance, the “market value” was used, and by doing so, there was no incremental from the base year. This can be amended in another ordinance to specify using the “taxable value”, which will allow the TRIZ 2 to get funds available to them earlier rather than later years, although the amount would not change. Under the “taxable value,” there was an incremental, and by using this method, it is more accurate. (July 1 is the cutoff period) to amend the ordinance and specify to the County which method the City will want to use for TIRZ 2.

- b. Update from City Manager
 - 1. Update on internal policy for speed bumps
 - 2. Update on transparency improvement measures

City Manager Mr. Jackson had provided an internal policy for the regulation of speed bumps to deter speeding in certain areas of the city. This policy addresses how a citizen may request speed bumps in their neighborhoods and outlines the process. Taking into consideration the growth in which the city is moving, the restrictions placed in this policy seems problematic in some areas, Councilmember Michetich shared.

Mr. Jackson provided a memo to Council concerning transparency improvement measures, which highlighted the following areas: allowing those that are affected by administrative decisions to be informed of the results and the process that led to those decisions; and, dissemination of factual information to the citizens. Due to the extraordinary events of the last few years, it pointed out some areas the City does need some work on the implementation of a policy about speaking to members of the press; updated policy for internal processes for open records requests; established a specific email address in which all written requests were to be submitted to; and clarified that open records would be responded to in a timely manner.

Both of the above items have been placed on the website and it was encouraged for citizens as well as the other members of Council to review and recommend any other suggestions.

- c. Presentation of the Juvenile Curfew Ordinance report for calendar year 2020. This is presented in compliance with La Marque Code of Ordinances, Section 44-2, Curfew for Minors, Subsection (i), Reporting

Police Chief Jackson provided a report on juvenile curfew data from 2020.

Councilwoman Mc Auliffe asked for data to be provided specifying the number of citations or criminal charges(if any) that were given to those of the seven offenses in the report (4-night curfew restricted hours and 3-daytime curfew restricted hours). It was also asked if data could be provided to show how many stops were made specifically because they appear to be a juvenile and out during the restricted hours.

Mayor Pro-Tem Compian had a few questions in which Chief Jackson clarified some of the codes used in the reports. Clarification was given as to certain types of offenses that occur within the schools and what entity are they being reported to.

No citations were given for actually violating the curfew ordinance.

Council expressed their appreciation for the updated juvenile report.

d. Stifel (Financial Advisor)

Brad Angst of Stifel provided a Quarterly Report/Update (David Webb was also available and on the teleconference meeting) - highlighting current rates; supply and demands (bonds); forecast for the City and Mr. Angst answered a few questions from Mayor Pro-Tem Compian on a few bills that were going through legislation at this time, that would impact municipalities (limiting municipalities ability to go to the public and ask for approval of certain projects).

There was no further discussion.

(6) OLD BUSINESS

- a. Discussion relating to adopting Ordinance No. **O-2021-0004**, amending City Code Section 2.9, "Establishing a Policy for Appointments to Boards, Commissions and Committees", and assigning the Mayor to the La Marque Economic Development Corporation Board as an ex-officio non-voting member **THIS IS THE FIRST READING THIS ITEM WAS TABLED FROM THE MARCH 8, 2021 MEETING**

After a brief discussion, it was determined that there were still some issues and different opinions and or comments and to have each Council member review a color-coded copy of the ordinance at a very future meeting. All information is still in DRAFT form. Some of the highlighted areas were left in this draft since there was not a vote and not all areas were agreed upon, an example being of the residency portion. The omission of appointing the Mayor as an Ex-Officio member of the Economic Development Corporation in the ordinance was clarified by the City Attorney. Councilmember Mc Auliffe expressed her concern about the talk of deception of whether applicants were being truthful on their applications concerning their residency.

Mayor Bell asked that Council have their additions, subtractions and or changes to the ordinance to the City Manager by closing of business by the following Friday.

Mr. Loftis was allowed to speak on this agenda item. His concerns were dealing with a candidate who is running for office, who may not have her correct address on her application. He states that he has known her all of her life and knows that the address is not accurate. Mr. Loftis further stated that he would be the first to lead a recall effort if this person gets elected to office.

Mayor Bell asked Mr. Loftis for suggestions on how the Council could make the policy better.

City Attorney Ms. Purnell asked if she could be allowed to address the concern of Mr. Loftis, and she explained that requirements for candidacy are set by State law, and the City is limited on what it can do. The ordinance at issue has nothing to do with candidates elected for office, and it cannot.

Councilmember Michetich disagreed by stating, "I disagree with that, whatever we put into an appointment of a Board and Commission can be construed by the State as we are allowing something for this, it would then be allowed for that. Don't try to cover that, thank you for your input."

Mr. Loftis further stated that whatever this Council can do that will ensure that this does not happen again. He said he had been doing some research and that the State law states that a candidate has to be a resident of the City for one year. "You can't ask for one part to be changed and not ask that the other part be changed too."

Mayor thanked Mr. Loftis for his input and that now it is known that there are issues concerning the way that the Council allows those to serve in whatever capacity. Then stated that the Council could not do anything as a Council that could impact the voters of candidates in any way, in the process that they are pursuing during the election.

City Manager Mr. Jackson responded, "Those requirements are established in the Charter for the elected officers. We cannot write an ordinance that contradicts the Charter that people in this city voted on. We can have discussion about what people's opinions are in the State law, but we cannot write an ordinance, well we can write and adopt an ordinance that is contrary to State law, and we are going to lose a legal challenge and there are the resources gone, that we could have used to do something else. We are doing the best that we can with this ordinance to get you what you asked for. The ordinance applies to Boards and Commissions and we are going to make sure that we get that ordinance the way that we want it and in a manner that you all want in the ordinance too, but if anything in that ordinance is contrary to State law, it will be subject to being challenged."

Mayor Bell thanked Mr. Jackson for his input, and further stated that the ordinance for the Boards and Commissions will be a reflection of what the community desires, and then we will move towards what we can do so strengthen other parts of the process and the electoral process being one of them."

(7) NEW BUSINESS

- a. Discussion relating to adopting Ordinance No. **O-2021-0006**, changing the zoning district from (R-1) Single-Family Residential to (R-2) Two Family Residential Lots 13 & 14 Wentzel Addition, Abstract 150, located near the end of Briar Lane, La Marque, Texas **THIS IS THE FIRST READING**

Development Service Ms. Purnell briefly described this item and that his has gone before the Board of Adjustment and was a granted a variance to the lot size.

Mayor Pro-Tem Compian asked, “In this process of analysis is there any input from the Police Department regarding to the possibility that this change would not cause any additional problems within the neighborhoods?”

City Attorney Ms. Purnell replied, “Typically, this is not an analysis that goes into a zoning request, but I could circulate the ordinance rezoning process through the Police Department. It does go through several other departments during the process.”

The conversation touched briefly on whether it would be considered affordable housing on that particular areas.

- b. Discussion relating to adopting Ordinance No. **O-2021-0007**, amending the fiscal year 2019-20 Budget for various funds’ expenditures by decreasing various funds’ fund balances and increasing certain expenditures to individual budget accounts in various funds and increasing certain revenues in various funds as set forth in Exhibit A **THIS IS FIRST READING**

After reading of the agenda item there was no further discussion, Finance Director Ms. Kou clarified that this is standard practice for end of year expenditures for budgeting requirement purposes and to complete the year end audit.

- c. Discussion relating to a request for sponsorship of Bigass Crawfish Bash for 2021 Quinten Severin spoke on behalf of his organization - beginning in 2016 at Highland Bayou Park, and reported that his organization has raised over \$400,000.00 in charity that benefits Veterans, children and disabled (Special Olympics, Education Foundation, Camp Hope); and in 2017 got into the Guinness Book of World Records for cooking the most lbs. of crawfish - 58,000 lbs. He has recently started another organization - Operation Underground - Child trafficking operation that rescues children. Plans are to give \$5,000.00 back to HBP and \$1,000.00 - towards the Kids Fish event.

On the BACB Website - to look up the organizations- sponsors and what has been given in donations.

Further discussion included backup plans for parking (shuttles, using back entrance to the park for Ubers and drop off area)

Mr. Severin welcomed organizations that benefit children, veterans and the disabled to have a booth at this event for free. (Funded through HOT Tax Fund-designated for tourism and city promotions)

- d. Discussion relating to ratifying the City Manager's approval of expenditures to Android Construction, LLC for costs involved in emergency distribution system (water) rehabilitation caused by Winter Storm Uri, in the amount of \$202,106.28

Public Works Director Mr. Cary briefly described this item, there was no further discussion.

- e. Discussion relating to the potential expansion of the SBA HUBZone in La Marque, Texas

Economic Development Executive Director Mr. Getty described this item that will create opportunities for La Marque businesses that currently does not exist. There is a HUB Zone east of Highway 3. "It is going to be very beneficial to some businesses in La Marque, if Council believes that this is a good move for us."

Councilmember Michetich added that there was a strong consideration of the possibility of a future de-annexation that could impact this HUB. Further discussion involved for a streamline to monies or contracts from the Federal Government for the HUB's. Once the City is able to expand their HUBZone, it will open up the possibilities for some of the smaller businesses within the City.

- f. Discussion relating to adopting Resolution No. **R-2021-0009**, to deny Texas-New Mexico Power's electric rate increase request for the maximum period allowed by law

After a brief explanation, given by Ms. Purnell, no further discussion followed.

Mayor Hocking closed the regular meeting and opened the Public Hearing at 6:23 p.m.

No one spoke.

Mayor Hocking closed the Public Hearing at 6:24 p.m. concerning the Resolution (Trails at Woodhaven Lakes) and opened the other Public Hearings at 6:24 p.m.

- b. Conduct Public Hearing to hear public input regarding adopting Ordinance No. O-2019-005, replacing Sec. 44-2; Curfew for Minors, Chapter 44, of the Code of Ordinances of the City of La Marque, Texas; and in its place adopting a new Sec. 44-2; establishing a curfew for any person under the age of seventeen years during certain hours
 1. Geraldine Sam spoke in favor of the curfew ordinance and suggested a “safe spot” to take the children to. “We have to do something to curtail the behavior that some of our children are exhibiting now days.”
 2. Edna Courville of Texas City spoke in favor of the curfew ordinance.
 3. Madeline Salazar - is organizing a youth leadership conference that will take place in the fall of 2020, at the College of the Mainland. She has over twenty-nine years of working with youth, and community engagement. She was a youth minister for thirteen years. Has lived in communities where a juvenile curfew is enforced and reported that some cases were challenged in court. “Our focus is to look at the demographics of the youth in the schools. Before we look at punitive action, I ask that you at least give some of the efforts that some in the community are doing, which is to establish the infrastructure in regard to the youth conference. Give them ideas and opportunities, “We really need to stop and think and use this technique to establish some solutions. I am not aware of any outreach, that there have been any meetings or meetings with parents, and I am open to speaking to share some other ideas and strategies to address some of those. I think we should stop and think of other options.”
 4. Clarence Caldwell spoke in favor of some type of curfew, because something really needs to be done. “It starts at home and with the community leaders, ministers, and preachers.”
 5. Matthew Daniels of Texas City was in favor of the curfew ordinance but does think that some of the language needs to be updated. “The community will be watching if these police officers decide to use this as a reason to harass our children.

Councilmember Mc Auliffe curfew agreed to have a curfew is a good thing. “My concern stemmed from the idea that by simply passing an ordinance, doesn’t make a community safer.” Further stated that she would want to see data and to be tracked to reflect on the effectiveness in the community.

Councilmember Michetich thanked everyone for getting involved and their support in the amending of this ordinance. Further said that curfew is a tool for

parents, and this proved a tool for the Police, not to arrest, but to stop ask questions and return children to their parents to keep them off the streets and safe at home.

- c. Conduct Public Hearing to hear public input regarding adopting Ordinance No. O-2019-008, amending Chapter 68, Article V, Section 68-138 (b), of the Code of Ordinances of the City of La Marque, Texas; to adopt the revised Drought Contingency Plan completed by LJA Engineering

David Pennington questioned Section II- Public Involvement- “Opportunity for the public to provide input into the preparation of the Plan was provided by the City by means of scheduling a meeting to receive comments, input, notifying the public by notices in the local paper, postings at City Hall, and by utilizing the local radio stations.”

Notice of public hearing was published in the newspaper within ten days of the date of this meeting, as required by City Charter, and the posting of the entire agenda packet on the website, was within the required seventy-two hours. He then asked the audience if they knew about certain portions of the plan pertaining to allocations (rationing) of water per household if the need arise. (Level 6); and including surcharges.

Mr. Jackson stated that the guidelines in the plan are in compliance with the Gulf Coast Water Authority, which the city is required by law to adhere to.

It was further explained that the plan guidelines are region-wide and with growth and the need for water and drought issues is only going to continue to be a concern in the future.

Geraldine Sam asked if copies of the contingency plan could be placed in everyone’s water bills.

It was suggested that the basics of this plan be placed in an edition of “Inside La Marque” publication, with a link that will allow the entire view of the document an option, since the entire publication was very voluminous.

Mr. Jackson continued to explain that the public input portion that Mr. Pennington was referring to would not be as feasible as the involvement of the public as when preparing the Master Parks Plan since cities are required by TCEQ to include the requirements in their plans. Further discussion touched on water rates within the City.

- d. Conduct Public Hearing to hear public input regarding adopting Ordinance No. O-2019-009, amending Article III, SPEED REGULATIONS of the Code of Ordinances of the City of La Marque, Texas Section 62-88, reducing the speed limit on the Northbound main lanes and Southbound main lanes of IH45 from 65 mph to 55 mph, and reducing the speed limit on the Northbound Frontage Road

and the Southbound Frontage Road from 50 mph to 45 mph, until the completion of the freeway expansion project by the Texas Department of Transportation

Geraldine Sam asked when the citizens would know about the changes of the speed limits and whether this area would become a speed trap.

It was explained that the speed limits would be posted and will be placed in an edition of "Inside La Marque" and are on a temporary basis only during the construction phase. The City has no control over the Texas Department of Transportation. It was said that enforcement efforts will lie on Galveston County Sheriffs' office and Texas Department of Public Safety, and that it was guaranteed that this would not become a speed trap.

- e. Conduct Public Hearing to hear public input regarding adopting Ordinance No. O-2019-0010, approving a road right of way abandonment of a portion of a right of way road easement being a tract of land being a part of the road right of way on the East side of Super City Subdivision No. 2 (corrected), according to the map or plat thereof recorded in Volume 254, Page 60 in the Office of the County Clerk of Galveston County, Texas and part of the road right of way on the West side of the Daugherty Survey No. 4, out of the Marchand Subdivision in the Steven F. Austin League No. 4, according to the map or plat of Marchand Subdivision recorded in Volume 254-A, Page 50 in the Office of the County Clerk of Galveston County, Texas, (Walker Street) as recommended by the Planning and Zoning Commission.

Geraldine Sam asked if there will be a time when citizens can place items on the agenda and was advised that citizens could get in touch with the City Manager, Mayor or to get in touch with their Councilperson to make a request.

Mayor closed the Public Hearing (s) and reconvened to the regular 7:12 p.m.

We should demand and expect this of our Police Department." Further stated that he is in favor of the ordinance with the changes that have been made and the amendments to be made to it during this time.

Councilmember Mc Auliffe "I do have a few suggestions about things that will make me feel better about this, such as a specific time line attached to the public hearings each year as mentioned in the proposed ordinance. At those public hearings she would like to see certain data available: 1) the number of interactions with minors and the Police Department; 2) number of accidents involving minors; 3) number of crimes involving minors" She wanted to see an annual report in the caption of the ordinance. WHEREAS, pursuant to the Development Agreement and the Plan (as referenced and defined therein), Section 3 of Painted Meadows, consisting of 65 lots (the “Section 3 Development”), has been developed and Assessments have been levied and are being collected and disbursed on the Section 3 Development; and

WHEREAS, the Seller is the current owner and holder of all reimbursement rights with respect to Assessments relating to the Section 3 Development and desires to sell to the Buyer, and the Buyer desires to purchase from the Seller, all of the Seller’s rights to such reimbursement rights, including, without limitation, any contractual payments or reimbursements required to be

paid to the Seller from the City, LMEDC and/or Painted Meadows with respect to the Section 3 Development (collectively, the “Section 3 Reimbursements”).

NOW, THEREFORE, in consideration of the premises and of the commitments made hereunder the parties hereto agree as follows:

1. Capitalized terms used but not defined herein shall have the meanings set forth in the Development Agreement.

2. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Seller hereby sells to the Buyer, without recourse, the Section 3 Reimbursements.

3. The Seller hereby makes the following representations for the benefit of the Buyer:

a) The Seller is a limited liability company duly formed and in good standing under the laws of the State of Texas;

b) The execution, delivery and performance by the Seller of this Agreement (i) have been authorized by all necessary limited liability company action on the part of the Seller, and (ii) do not (or would not with the giving of notice, the passage of time or the happening of any other event) result in a violation of, or conflict with, any of its organizational documents;

4. It is the express intent of the parties hereto that the transfer of the Section 3 Reimbursements by the Seller to the Buyer as provided in this Agreement be, and be construed as, an absolute sale of the Section 3 Reimbursements. It is, further, not the intention of the parties that such transfer be deemed the grant of a security interest in the Section 3 Reimbursements by the Seller to the Buyer to secure a debt or other obligation of the Seller. In the event, however, that, notwithstanding the intent of the parties, the Section 3 Reimbursements are held to be the property of the Seller, or if for any other reason this Agreement is held or deemed to create a security interest in the Section 3 Reimbursements, then this Agreement shall constitute a security agreement. Without derogating from the intent of the parties as set forth above, the Seller hereby grants to the Buyer, to secure all of the Seller’s obligations hereunder, a security interest in all of the Seller’s right, title, and interest, if any, whether now owned or hereafter acquired, in and to the Section 3 Reimbursements and all proceeds thereof.

5. This Agreement shall be governed and construed in accordance with the laws of the State of Texas.

6. This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts, each of which, when executed and delivered, shall be effective for purposes of binding the parties hereto, but all of which shall together constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by electronic transmission (i.e., a “pdf” or “tif”), including email, shall be effective as delivery of a manually executed counterpart of this Agreement. 7. If any provision of this Agreement is invalid or unenforceable in any jurisdiction, then, to the fullest extent permitted by law: (a) the other provisions of this Agreement shall remain in full force and effect in such jurisdiction and shall be liberally construed in order to carry out the intentions of the parties hereto as nearly as may be possible; and (b) the invalidity or unenforceability of any provision of this Agreement in any jurisdiction shall not affect the validity or enforceability of such provision in any other jurisdiction.

3. The Seller hereby makes the following representations for the benefit of the Buyer:

a) The Seller is a limited liability company duly formed and in good standing under the laws of the State of Texas;

b) The execution, delivery and performance by the Seller of this Agreement (i) have been authorized by all necessary limited liability company action on the part of the Seller, and (ii) do not (or would not with the giving of notice, the passage of time or the happening of any other event) result in a violation of, or conflict with, any of its organizational documents;

In the event, however, that, notwithstanding the intent of the parties, the Section 4 Reimbursements are held to be the property of the Seller, or if for any other reason this Agreement is held or deemed to create a security interest in the Section 4 Reimbursements, then this Agreement shall constitute a security agreement. Without derogating from the intent of the parties as set forth above, the Seller hereby grants to the Buyer, to secure all of the Seller’s obligations hereunder, a security interest in all of the Seller’s right, title, and interest, if any, whether now owned or hereafter acquired, in and to the Section 4 Reimbursements and all proceeds thereof.

3. The Seller hereby makes the following representations for the benefit of the Buyer:

a) The Seller is a limited liability company duly formed and in good standing under the laws of the State of Texas;

b) The execution, delivery and performance by the Seller of this Agreement (i) have been authorized by all necessary limited liability company action on the part of the Seller, and (ii) do not (or would not with the giving of notice, the passage of time or the happening of any other event) result in a violation of, or conflict with, any of its organizational documents;

In the event, however, that, notwithstanding the intent of the parties, the Section 5 Reimbursements are held to be the property of the Seller, or if for any other reason this Agreement is held or deemed to create a security interest in the Section 5 Reimbursements, then this Agreement shall constitute a security agreement. Without derogating from the intent of the parties as set forth above, the Seller hereby grants to the Buyer, to secure all of the Seller’s obligations hereunder, a security interest in all of the Seller’s right, title, and interest, if any, whether now owned or hereafter acquired, in and to the Section 5 Reimbursements and all proceeds thereof.

1. Proposed Ordinance

STAFF BRIEFING:

- TIRZ 2 was set up beginning in 2019 and \$15,000 was provided by Council as start-up money for the TIRZ fund
- The last TIRZ 2 meeting of the TIRZ Board was held prior to the onset of COVID-19
- Taxes on the increment are due to the fund when taxes are received by the City from the assessor for tax year 2021
- Cheryl Johnson provided information to the City regarding the estimated increment for tax year 2021 based on the default approach to calculating the increment, as well as information that the proportion of the increment due to the TIRZ would increase if the City passed an ordinance changing the calculation method for the increment from the default approach to the taxable value approach
- The difference in the two approaches is estimated to be approximately \$8,500; this is the amount that will be owed to the TIRZ instead of the City general fund if the taxable value approach is adopted
