NFC 2024 GRANT APPLICATION

I. General Information

Legal Name of Organization	City of La Marque
Which state are you located in?	Texas
Application Type	City or County Government
Website URL:	www.cityoflamarque.org
Applicant Name	Cesar Garcia
Agency Address	1111 Bayou Road, La Marque, TX 77568, USA City of La Marque, TX 77568
Office Phone	14099389259
Cell Phone	(409) 254-7370
Email	c.garcia@cityoflamarque.org

II. Agency Eligibility Details

Why should the National Fitness Campaign select your agency or municipality for funding in the Statewide Fitness Court Program?	The City of La Marque is the 2nd fastest growing city in Galveston County and with growth come more needs. Sadly, obesity and diabetes are on the rise in our region and our lower socio-economic status amongst many of our residents does not allow them the opportunity to exercise regularly or afford a recurring gym membership. Proximity of gyms for most of our residents is also at a premium. Funding for this system would allow us to have our first and only outdoor workout system in our entire parks system.
---	---

Describe your existing recreation and wellness infrastructure for your audience, community members and visitors, especially any current or planned pedestrian-oriented design (i.e. trail systems, pedestrian focused amenities and services, Rails-to-Trails projects, planned bicycle pathways, etc.)

In 2022, through our Parks Board, City of La Marque City Council adopted its first Parks Master Plan of all of its parks. As part of this process, we introduced sidewalks, trails, and new development as needed at our parks. Additionally, we are aggressively working on additional grant funding towards a full trail connectivity system within the city using our energy and drainage corridors as connection points with heavily traveled thoroughs to provide access towards public transportation as well as additional locations for outdoor walking, running, skating, or biking. In 2023, we designated our first bike lane in the city on Bayou Road with many other connecting points to be added as part of our mobility plan for which we continue searching for funding. In this plan, the location requested for this fitness unit, will serve as a trailhead for our city and the entire county as it is a central point of the county which would connect Galveston Island to the rest of the mainland area.

Describe current policies, initiatives and/or programs that contribute to health equity across all neighborhoods in your community.

We have strong partnerships with our county's health district and many other health serving partners including local hospitals, clinics, and service centers who provide constant information and outreach efforts concerning many aspects of health. They are all in full support of our development of our parks and the adding of amenities that would strengthen our network of services to our residents - especially those who are most vulnerable.

Provide an overview of existing funding measures in place that support parks and recreation and outdoor infrastructure in your community.

We have a very unique set of funding structures. Not only is there support for direct parks funding now that did not exist in previous years from the city's general fund budget but there are other fundraising mechanisms in place to support parks development. One of those methods is through our utility billing wherever metered service receiver in the city is charged a monthly \$2 fee that goes directly towards Parks Capital Improvement. There is also an optional donation that is available to be made by every resident to support the parks on their utility bills. These factors have helped us gain momentum towards grant applications and capital improvement projects in support of the Parks Master Plan.

Describe your future park, trail, and pedestrian infrastructure plans.

Our plans include additional parks and amenities in areas where some residents do not yet have parks amenities available to include MOU's with our school district and a local charter school use of their spaces for public use during non-school time. Our mobility and connectivity plans will offer additional opportunities for trail connectivity and several trailheads amongst the city. Driving our recently adopted Parks Master Plan will be the forefront of our efforts. Additional efforts include possible land aquisitoin to keep up with our quickly growing application. We then intend on using our funding mechanisms and aggressive grant efforts to spearhead our capital improvement efforts to fulfill our master plan and any amended updates to come in the future that align with the city's growth and soon to be commenced Vision 2050 Plan.

Support: Who else among your community leadership has adopted or supported feasibility for partnership in the NFC initiative?	Parks & Recreation Commission / Board Mayor Council City or Town Manager or Administrator(s)
Please list any community groups and organizations that will be involved with activating and promoting this initiative.	La Marque Parks Board. Keep La Marque Beautiful. Planning and Zoning Board. Cemetery Board. La Marque Economic Development Corporation. Texas City/La Marque Chamber of Commerce. Galveston County. Galveston County Parks. City of La Marque.

Organizations who are awarded funding and partnership will be required to meet their local funding match and procure the Fitness Court and Campaign per their local policies and procedures. The integrated nature of the products and services of this program is frequently grounds for sole source by many, but not all local requirements. Some agencies do require a bid process for procurement. A sole source letter and appendix is provided by NFC for review and use if appropriate. Please acknowledge you will communicate your organization's chosen procurement method per your local policies and requirements following review of documentation provided by NFC.

V. Site Design, Installation and Maintenance

ART: All Fitness Courts include standard NFC Public Art Collection art and graphics and NFC standard design services. For additional funding, Fitness Courts can feature several versions of Custom Graphics designed by the NFC Design Studio and Local Artist program options. Please note that if you're applying for a state sponsor program, the art and color of the Fitness Court will follow the guidelines set by the State Sponsor. Your Partnership Development Manager can provide additional information if needed.

CONCRETE SLAB: The Fitness Court installation requires a 38'x38' concrete slab foundation. In the case of a Fitness Court Studio, a larger 38'x76' concrete slab foundation is required. The concrete slab foundation should be installed by a separate contractor using engineering plans that are provided by NFC.

TIMELINESS OF INSTALLATION: The Fitness Court should be installed within the awarded campaign calendar year if weather permits. If immediate installation is not possible due to weather, it must be completed within nine (9) months of receipt of Fitness Court to avoid the potential expiration of adhesive-based products and paints. While NFC strives to be accommodating for unique scenarios, Partner recognizes NFC is not responsible for installation support and launch assistance beyond one (1) year from the original shipment of the Fitness Court.

APPROVED INSTALLATION NETWORK: The Fitness Court can be installed by an NFC Approved Installation company. Funding and contracts are transacted separately, with costs ranging from \$25,000 to \$27,000. Please note that there is an additional installation cost of \$7,500 for the installation of the Fitness Court Studio.

SITE STATUS: NFC may request site photographs or other inspection reports at the discretion of the National Grant Committee and sponsors to verify the status of the local site. If requested, these materials must be provided within 72 hours.

MAINTENANCE: Maintaining the Fitness Court is the responsibility of the local site partner. Acceptance of a Grant Award requires compliance with standard NFC maintenance protocols. These include properly cleaning and repairing any damages to the Fitness Court and Graphics for a minimum of 10 years.

SPONSORS: Sponsors providing funding for the Fitness Court shall not be held liable for any risk associated with the installation of or use of the Fitness Court.

SPONSORS: Sponsors providing funding for the Fitness Court shall not be held liable for any risk associated with the installation of or use of the Fitness Court. Additionally, Healthcare sponsors other than the state sponsor are not permitted to be involved in this program in any way.

Building A Roadmap To Healthy Living

Learn the “why” behind our work across America

THE PROBLEM

NATIONWIDE OBESITY

Growing rates of obesity and related diseases are killing millions every year. According to the World Health Organization, obesity has nearly tripled worldwide since 1975. Nowhere is worse than the United States, where a staggering 39.6% of adults and 18.5% of children are afflicted, according to the CDC. Comparing this to countries with developed, people-centric healthy infrastructure supporting human-powered mobility is eye-opening: obesity rates drop to about half those in the US, reaching only 23.1% in Norway, 20.6% in Sweden, 19.9% in the Netherlands, and just 19.7% in Denmark.

Obesity increases mortality rates by increasing risks of cancer, coronary artery disease, type 2 diabetes, stroke, etc., and costs \$147 billion in added medical expenses per year in the United States -- an amount that's expected to climb \$1.24 billion per year through 2030. If a fraction of those projected costs were instead used to build Healthy Infrastructure, obesity rates would drop dramatically.

THE SOLUTION

DESIGN FOR HEALTHY INFRASTRUCTURE & CAMPAIGN SERVICES

The momentum is growing to use the built environment to chip away at the current health crisis by expanding the number of parks and miles of trails to draw more people out of their cars, outdoors and into a healthier way of life. Adopting a healthy lifestyle is contagious; being around fit, happy people, while walking and biking on trails or working out on The Fitness Court®, inspires, motivates, and improves health and well being while promoting positive social interactions and relationships. NFC has declared 2020 the start of the Decade of Healthy Infrastructure and remains committed to building healthy communities by making free outdoor fitness an essential part of people's lives so that each new day is better than the last.

Healthy Infrastructure is the parks, trails and Fitness Courts® that form a human-powered network traveled on foot or bike, that motivate everyone to get outdoors and into a healthier, more active lifestyle. NFC's Campaign Services, including the Fitness Court® app, world-class training videos, and the Fitness Season teach, people how to stay active yearlong regardless of age, ability or fitness experience. The National Fitness Campaign is about improving the quality of life by developing and activating the built environment in ways that encourage people to leave their cars behind and connect in a more involved way with their family, friends, neighbors, and community.

OUR MISSION

DESIGN HEALTHY INFRASTRUCTURE FOR CITIES TO IMPROVE THE QUALITY OF LIFE FOR PEOPLE

NFC is on a mission to build Healthy Infrastructure across America, to fight obesity and improve the quality of life for everyone. We research and analyze current human movement patterns, study socioeconomic and demographic data and use sophisticated mapping tools to better advise our partners on optimal locations for Fitness Courts® and expansion of greenways and pedestrian infrastructure. The team works hard to make it easier for local leaders to bring Fitness Courts® and Healthy Infrastructure to their communities by providing grants to cities and schools, an extensive network of national and local sponsors, and in-kind consulting services. Hundreds of cities and schools have joined the Campaign, which is now funded to reach 1,000 cities and schools by 2022.

1979

The Beginning

The Fitness Court® was invented by NFC founder Mitch Menaged in San Francisco, with the simple goal of bringing people outdoors to stay fit! With the support of Wells Fargo Bank, the Campaign was launched at Stanford University and in San Francisco. It then grew across California and the western United States.

1980-2000

The Campaign Emerges

Between 1980 and 1990, National Fitness Campaign grew to over 4,000 communities. Partnerships were formed with more than 100 corporate sponsors and the program raised over \$100 million dollars in the US, Canada and Australia. This was the largest ever public-private partnership in support of physical fitness.

A New Campaign & World Class Team

Alarmed by obesity rates of 40% among American adults, NFC Founder Mitch Menaged returned and assembled a world-class team to reinvent NFC for the 21st century, using San Francisco as a laboratory to build the world's best outdoor gym. The Fitness Court® was reborn and integrated with a digital ecosystem to support healthy living.

ACE → **NFC Official Fitness Court Ambassador Training**
APPROVED American Council on Exercise Approval

This year, NFC will train over 2,000 Fitness Court Ambassadors nationwide to bring programming, training, and healthy habits to communities everywhere. This program is ACE certified and provides continuing education credits to participants. Both remote digital training sessions and hands-on training opportunities are available for participants in 2020, to equip ambassadors with NFC's tools, teach them how to run classes, and build a fit community. NFC is pleased to invite recreation staff, community fitness leaders, and public safety officers to join us in building the largest fitness ambassador network in the country.

WORLD-CLASS TRAINING

Each season, a series of world-class training videos will become available on the Fitness Court App. World-class trainers like Mark Lauren will walk through routines for beginner, intermediate, and advanced levels to support adults of all ages and abilities.

GROUP CLASSES

Bring group training outdoors with community fitness classes. Ambassadors and class participants are united by NFC's digital ecosystem, provided to all partners.

CHALLENGE SERIES

The Fitness Season culminates with local, regional and national challenges engaging residents and celebrating healthy lifestyles built over the year. Challenges of all types are available to encourage competition against personal records and local residents and friends.

Sponsor Benefits - Impact Data

Fitness Court® Caloric Expenditure and Usage Impact

Interval Training

Interval training has been scientifically proven to burn more calories than traditional steady state cardiovascular exercise. Additionally, this form of activity raises basal metabolic rate long after the interval training workout is complete.

Full Body Circuit Training

Full body circuit training, when conducted for alternating muscle groups (upper body, lower body, etc.), supports rest and recovery periods for each muscle group while sustaining heart rate levels to maximize conditioning and caloric expenditure.

Functional Bodyweight Movements

Functional fitness movements strengthen performance in every day activities and movement patterns, and support longevity in adults.

CALORIC EXPENDITURE ANALYSIS

Caloric expenditure on the Fitness Court® is analyzed for the average adult. Program format is NFC's proprietary 7 Movements 7 Minutes routine. This routine is conducted with work periods of 45 seconds at each station, followed by 15 seconds of rest. Below are the average caloric expenditure rates for an average adult male, weighing 175 lbs, participating in a routine on the Fitness Court® at varying lengths of time, in multiples of 7 minutes.

USAGE IMPACT

The data below is based on six months of participation using the Fitness Court®, applying the standard 7 minute interval training routine, four days out of the week.

10% Average reduction in resting heart rate

12,480 Calories burned in six months with only 28 minutes on the Fitness Court per week.

Programming and Training Tools

Fitness Court® Ambassadors build and sustain a healthy culture around the Fitness Court® ecosystem

- **Learn:** education modules provided by the NFC Training Team are eligible for a range of industry certifications, are offered both in-person and remote, and provide a range of class templates, coaching tips and more to qualified Ambassadors. Partnership includes program vouchers for up to 12 individual Ambassadors per Fitness Court®, individually eligible for up to 3 continuing education credits (CECs), approved through the American Council on Exercise (ACE).
- **Train:** classes, clinics and challenges become the building blocks of a Fitness Season, led by Ambassadors, that engage all ages and fitness levels. These guided workout options expand the user community and increase long-term usage and adoption.
- **Share:** continuous online and print storytelling, engagement and social connection further build out a healthy culture on each Fitness Court®. Up to five local Ambassadors are eligible to attend an in-person regional training event of their choice in 2020. *Regional training schedule provided May 2020

MEDIA, PRESS, & PROMOTIONS

Promotions and Marketing Package

Media support and community engagement materials excite users and strengthen program adoption

- **Custom Grant Announcement Kit:** promote the development of the program in your community with NFC support through traditional and social media channels - including a custom Press Release, site rendering, and outreach planning tools.
- **Launch Event Promotions Toolkit:** announce the launch of the Fitness Court® on traditional media channels with a separate customized press release, outreach support and uniquely branded assets for social media.
- **NFC Website Feature Story:** NFC-hosted custom storytelling showcases the partnership and program development in your community.
- **Fitness Court Gear:** minimum \$750 credit towards the official NFC gear store - gear and giveaways (provided in part by national Campaign sponsor, Badger Sport®) nurture Ambassador relationships, honor stakeholders and excite event attendees, to amplify launch activities.
- **Opening Day Launch Support:** NFC provides event management templates, guidance for launch event planning, and custom promotional materials (flyers, media assets).

FITNESS SEASON 2020

Annual Activation Series: 2020 Fitness Season

Bring the Latest Events & Programs to Your Fitness Court® this Year!

- Spring 2020 : 18 new workout routines & video tutorials introduced to the Fitness Court® App, featuring pro trainer, Mark Lauren.
- Summer 2020: Classes and Clinics support ongoing programming for group exercise and app-based class.
- Fall 2020: Challenge series builds competition & strengthens community. Marks the success of year's activation program for all users.
- Healthy Infrastructure Awards: annual recognition program highlighting exceptional partners and leaders nationwide, winners receive custom awards, decals and press support to announce.

“WE SEE THIS AS AN OPPORTUNITY TO COLLABORATE ON INNOVATIVE INITIATIVES THAT ARE NOT ONLY AT THE **FOREFRONT OF HEALTHY CHOICES**, BUT WILL MAKE A MEANINGFUL IMPACT IN THE COMMUNITY. THIS IS ANOTHER WAY FOR US TO HELP PEOPLE **IMPROVE THEIR QUALITY OF LIFE.**”

- DIANE WOLFENDEN, VP, PRIORITY HEALTH EAST REGION, MICHIGAN

NATIONAL FITNESS CAMPAIGN

CAMPAIGN BRIEFING

2023

BROUGHT TO YOU BY

WHO WE ARE

National Fitness Campaign is a wellness consulting firm. Our mission is to build healthy communities.

WHAT WE DO

NFC develops partnerships with cities, schools and sponsors to fund, build, and activate outdoor Fitness Courts, making world class fitness free.

WHY WE DO IT

TO MAKE WORLD CLASS FITNESS FREE

THE PROBLEM

Life Expectancy vs Health Expenditure

America is facing a health crisis caused by sedentary lifestyles and cities designed for cars. USA spends more money than any other on healthcare with poor results.

THE SOLUTION

When communities are designed to support wellbeing, health outcomes change!

Overview

Mini-Pitch System™ modular sports solution includes everything needed to transform an underutilized area into a fully-equipped soccer pitch. The modular system includes lighting, fencing, goals, benches, ADA-compliant access, and lockable storage.

Features

Structure

- Designed and manufactured as a system
- All components prefabricated for bolt-together construction
- Pitch structure, crossarms, and pole shaft are hot-dip galvanized inside and outside after fabrication to meet ASTM-A123 and EN 1461 standards
- Engineered anchor system and hardware provided — all units are approved for 175 mi/h (78 m/s) winds without signage, 120 mi/h (54 m/s) with signage
- ADA compliant entry points with latching gates provided on each side of pitch
- Seating, cupholders, and 20 ft³ (0.566 m³) of lockable storage incorporated in structure

Lighting

- Designed and manufactured as a system including TLC for LED® luminaires, structural components, and complete electrical system including grounding and surge suppression
- All luminaires and electrical components enclosures factory assembled, aimed, wired, and tested
- Luminaires and mounting components withstand up to 150 mi/h (67 m/s) windspeed without misalignment

Control-Link® Service

- Instant on/off control or scheduled operation up to 10 years in advance
- Control-Link Central™ service center provides scheduling and support 24 hours a day, 7 days a week
- Customized usage reports through website

Warranty and Support

- 10-year warranty covers the complete system so your pitch is always ready for play

Control-Link® Control System and Electrical Components Enclosure

- Factory wired, programmed, and tested
- Internally fused
- Control power terminal blocks provided

Control Module

Receives and stores schedules from Control-Link Central™ service center, operates your equipment, and verifies schedules are carried out.

- Executes scheduled on/off events
- Stores schedules for up to 7 days
- Automatic recovery mode to current lighting schedule in the event of power interruption or loss

Communication Modules

Communication with Control-Link Central via integrated, high speed, cellular connection with no additional monthly charges during the warranty period.

I/O Board and Contactor Modules

Switches equipment based on control module schedules.

- Compliant with IEC 60947-4-1 for continuous operation at 100% of rated current
- Contactors rated for 30 A

Circuit Protection

- 50kA Surge protection
- Internally fused

Ground Bar

Provides integral ground bar for lighting equipment grounding.

Remote Driver

- Easy access for maintenance
- Isolated from luminaires for improved thermal performance

Disconnect Switch

- Disconnects power at electrical components enclosure
- Supports lock-out/tag-out procedures

ITEM C

Musco 10 Year Warranty

10-Year Product Assurance & Warranty Program

Project name: _____ Project number: _____

Owner: _____

City: _____ State: _____

Covered product(s) Mini-Pitch System™ modular sports solution with TLC for LED® luminaires

Date issued: _____ Expiration: _____

Musco Sports Lighting, LLC will provide all materials and labor to maintain operation of your Mini-Pitch System™ modular sports solution to original design criteria for 10 years. Musco products and services are guaranteed to perform on your project as detailed in this document.

Structural Integrity

Your Mini-Pitch System modular sports solution has been designed to meet or exceed local building codes and resist corrosion. Structural integrity of the system including fence panels, goals, seating, and light poles is guaranteed for the warranty period.

Light Performance

Luminaire outages that occur during the warranty and maintenance period will be repaired or replaced.

Control Services

On-off control of your lighting system is provided via an easy-to-use web site scheduling system, smartphone app, phone, or email. Our trained Control-Link Central™ service center team is available 24/7/365. Regular usage reports are always available on Control-Link Central's web site.

Musco has a team to ensure fulfillment of our product and services warranty and maintains financial reserves dedicated to support our fulfillment of this warranty. Please keep this document as your signed contract guaranteeing comprehensive service for the 10 year period.

Musco 10 Year Warranty

10-Year Product Assurance & Warranty Program

Terms and Conditions

Musco Sports Lighting, LLC ("Musco") or an authorized servicer shall furnish labor and parts necessary to restore operation of Covered Product(s) to original design criteria provided the failure was a result of normal usage.

This Contract covers Mini-Pitch System™ modular sports solution with Control-Link®, TLC for LED®, and any additional Musco manufactured product as listed on page 1. "We", "us," and "our" mean Musco. "You" and "your" mean the purchaser of the Covered Product(s).

This Contract cannot be changed without the prior written approval of Musco. If there is a conflict between the terms of this Contract and information communicated either orally or in writing by one or more of our employees or agents, this Contract shall control.

Additional Provisions

1. Availability of Service:

- a. Control-Link Central™ operators are available 24/7 via web site, phone, fax, or email.
- b. Maintenance service specialists are currently available 8AM to 5PM Central Time Monday through Friday, except for national holidays. Services shall be rendered during these same hours in your local time zone.

2. Determination of Repairs:

Musco will utilize any information provided by the facility owner to determine any needed repair and/or replacement of Covered Product(s) and parts. Repair will be with Product(s) of like kind and quality.

3. Your Requirements Under this Contract:

You agree to meet and maintain all electrical requirements (if any) and install as specified by Musco or as approved in advance by Musco's Warranty Department.

4. Service Limitations:

Musco will exercise all reasonable efforts to perform service under this Contract but will not be responsible for delays or failure in performing such services due to causes beyond its control.

This Contract does not cover maintenance, repair, or replacement due to damage from:

- a. External causes such as but not limited to misuse, vandalism, or unauthorized repairs or modifications. (Unauthorized repairs or modifications void this warranty in its entirety.)
- b. Failure of any non-Musco equipment or electrical systems.
- c. Acts of nature such as but not limited to weather events or lightning.

5. Contract Limitations:

a. EXCLUSIONS FROM COVERAGE: IN NO EVENT WILL MUSCO BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES WHICH INCLUDE, BUT ARE NOT LIMITED TO, ANY DELAY IN RENDERING SERVICE OR LOSS OF USE DURING THE REPAIR PERIOD OF THE COVERED PRODUCT(S) OR WHILE AWAITING PARTS.

b. LIMITATION OF LIABILITY: To the extent permitted by law, liability of Musco for any defective Covered Product(s) shall be limited to repair or replacement of the Covered Product(s). THIS CONTRACT IS YOUR SOLE EXPRESS WARRANTY. ALL IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY EXPRESSLY EXCLUDED.

c. If applicable, the liability of the issuing surety of the surety bond is limited to the first 12 months of the warranty period.

d. Musco requires reasonable access for equipment to service the system. We will follow designated access routes but will not be responsible for damage on the property for operating equipment in the prescribed manner.

e. If we find that any parts of the Covered Products become obsolete, prohibited by law or regulation or are no longer available, Musco may replace them with comparable parts at our discretion. We will notify you of any replacement cost prior to starting the work.

6. Transfer and Assignment:

Except to facility owners, you cannot assign your rights and obligations under this Contract without prior written consent of Musco. A successor of your entire business shall acquire your interests under this Contract.

7. Governing Law:

Unless otherwise governed by applicable state law, the Contract shall be interpreted and enforced according to the laws of the State of Iowa.

8. Subrogation:

In the event Musco repairs or replaces any Covered Product(s), parts or components due to any defect for which our vendors, agents or suppliers may be legally responsible, you agree to assign your rights of recovery to Musco. You will be reimbursed for any reasonable costs you may incur in connection with the assignment of your rights. You will be made whole before Musco retains any amounts it may recover.
