Subject: Enhance Recycling with Recycling Registry

To: Lyndsey <lynzgonzales2012@gmail.com>

Hello Lyndsey,

I hope you're doing well! As part of Keep La Marque Beautiful, I wanted to share some exciting updates about **Recycling Registry**, a platform designed to enhance recycling efforts and community engagement.

How Recycling Registry Can Support Keep La Marque Beautiful:

1. Promote Local Drop-Off Locations and Recycling Centers

With our city-specific search feature, residents can easily locate all registered recycling options in your city. You can generate a custom URL and QR code tailored to your area, perfect for inclusion in flyers, recycling guides, or other outreach materials, making it simple for the community to access and engage with local recycling resources.

2. Encourage Registration

Only recycling centers and drop-off locations that have registered will appear in search results. If your city shows no results, it's because these centers haven't onboarded yet. Onboarding is simple, free, and user-friendly!

3. Foster Sustainability and Community Involvement

By encouraging recycling, the platform promotes community engagement, reduces waste, and helps achieve a greener environment for all.

New Features and Resources:

- **Marketplace:** Centers can list recyclable materials for sale, providing additional opportunities for community sustainability.
- **Step-by-Step Tutorials:** Access PDFs to guide your team on onboarding drop-offs and centers, searching by city, and using the marketplace.

Visit [Recycling Registry](#) to see the updates and resources. If you'd like to discuss this further, feel free to email me at jaime@recyclingregistry.com or schedule a meeting here: [Calendly](#).

Thank you for your efforts to enhance recycling. I look forward to helping make your city's recycling program even more impactful!

Warm regards,

Jaime Diez
