City Clerk Nance called the meeting to order at 4:00 p.m.

2. ROLL CALL

James Ross	Member
Terry Taylor	Member
Ray Medina	Member
Deb Stewart	Member
Shawntale Woodland	Member

3. INVOCATION AND PLEDGE OF ALLEGIANCE

Mayor Pro Tem Joe Compian gave the invocation and the committee recited the pledge in unison.

4. CITIZENS PARTICIPATION

Joe Compian (Mayor Pro Tem) stated that this committee was the brainchild of former councilmember and now committee member James Ross. This effort is to review ordinances that in some cases have been in effect since 1953. This is a large task and he both congratulated and welcomed everyone.

Laura Divine (Merry Lane) shared that she is the chairperson of the Highlanders Community Watch group and Vice President of the La Marque Citizen's Police Academy Alumni Association. In both of these roles she works with the ordinances often and feels that this effort is much needed. She looks forward to what this committee will accomplish.

5. NEW BUSINESS

5.I. Electing Chairperson and Vice Chairperson

Committee Member Ross nominated Committee Member Medina as Chairperson and Committee Member Taylor as Vice Chairperson. Committee Member Taylor seconded.

Both nominees accepted the nomination. **MOTION CARRIED UNANIMOUSLY.**

5.II. Planning schedule for review

City Clerk Nance identified that the committee has the authority to select how the ordinances would be reviewed, she offered examples such as reviewing the code in numerical order, or identifying priority sections and reviewing those first. She also

suggested that the committee consider a mechanism for resident submissions for review.

Committee Member Woodland stated that she would like to review the code "section by section". Chairperson Medina agreed.

Chairperson Stewart questioned if the other committee members had already reviewed the code in its entirety as she had not. It was determined that the committee had not reviewed the code in totality.

Committee Member Ross recommended beginning with the zoning ordinances as those are the items that have been a concern from residents and developers in council meetings as of late and he believes that is the area of greatest need. He recommended that after the zoning ordinance review that the committee begin reviewing the code in an "oldest to newest" model.

Committee Member Stewart asked if the council had any priority ordinances for the committee to review.

Mayor Pro Tem Compian stated that as a council they had not identified any priority items, and shared a brief history of the zoning map change that occurred in 2020. He believed that the zoning area would be a good starting point. He also acknowledged that his personal efforts were the initial catalyst for zoning within the city.

Committee Member Ross made a motion to review the zoning ordinances followed by reviewing the Code of Ordinances by adoption date in an "oldest to newest" model. Vice Chairperson Stewart seconded. **MOTION CARRIED UNANIMOUSLY.**

5.III. Scheduling next meeting

The general consensus of the committee was that a later start time early to midweek would be the best meeting time, on a monthly basis.

Vice Chairperson Taylor made a motion to schedule the next meeting for Wednesday August 6, 2025 at 6:00 p.m. Committee Member Ross seconded. **MOTION CARRIED UNANIMOUSLY.**

5.IV. Requesting items for future agendas

B. Application Procedures

Application for a PD District shall be made in the same manner as an application for any amendment to the zoning ordinance and shall include the following additional information:

(1) Proposed Uses

An application for a PD District shall specify and describe the category or type of use or the combination of uses proposed. Permitted uses under PD zoning shall be specified in each PD ordinance. If such ordinance specifies permitted uses by references to a zoning district, the permitted uses shall include those uses permitted in the reference district, including those permitted through the cumulative provision of the zoning ordinance.

(2) Development Requirements

An application for a PD District shall include a list of development requirements, which may be incorporated into the PD ordinance. Development requirements may include, but not be limited to, density, lot size, unit sizes, setbacks, building heights, lot coverage, parking ratios, screening and other requirements the Council may deem appropriate.

Standards set forth in specific zoning districts will be used as guidelines for planned developments. Modifications of standards may be considered if the modification substantially meets the intent of the ordinance and improves the overall development design, or if a unique project design is proposed which cannot readily be accommodated through other districts. Pecuniary reasons shall not be the sole reason for modifying standards.

(3) Concept Plan

An application for a PD District shall include a concept plan showing the relationship to existing natural features and adjacent properties and uses.

The concept plan shall be construed as an illustration of the development concepts and not as an exact representation of all specific development details.

C. Development Site Plan

Approval of a development site plan shall be a prerequisite to the issuance of building permits for any property in a PD District. The approval of a development site plan may also serve as preliminary plat approval, provided that all requirements of the subdivision ordinance and its subsequent amendments are satisfied.

(1) Compliance with Approvals

The development site plan must comply with all provisions of the PD ordinance specifying development standards and substantially reflect the precepts and layout set forth in the concept plan. If, in the judgment of the Planning and Zoning Commission, a development site plan does not comply with the provisions of the PD ordinance and the concept plan incorporated therein, the Planning and Zoning Commission may reject such plan, in which case a new site plan may be submitted or application must be made to amend the PD ordinance, including all requirements for notices and public hearings. If a PD ordinance does not specify development standards or has not incorporated a concept plan, the

development plan approval shall specify such standards. Development requirements on such development plans may be revised under the same review, notice and approval procedures as applied to the original approval of the plan and application to amend the PD ordinance shall not be required.

(2) Review Process

The development plan review process shall include review by the Planning and Zoning Commission, referral by the Planning and Zoning Commission to the City Council with a recommendation, and review and final approval of the development plan by the City Council.

(3) Modifications

The Planning and Zoning Commission may recommend, and the Council may require, such modifications of a development site plan that will ensure the proposed project will be in harmony with the existing and anticipated development of surrounding areas.

(4) Requirements

- (g) Living Units: Table showing type of units by size, number of bedrooms, and number of each type; floor plans for all units.

D. Administrative Action

Upon approval of a development site plan by the City Council and approval of the preliminary plat, application may be made for the permits and certificates necessary for construction. Subsequent to such approval, the Planning and Zoning Commission may authorize minor changes when such changes will not cause any of the following circumstances to occur:

- (1) A change in the character of the development;
- (2) An increase in the ratio of the gross floor area in structures to the area of any lot;
- (3) An increase in the intensity of use;
- (4) A reduction in the originally approved separations between buildings;

Board members may be appointed to successive terms.

Each alternate position on the Board shall be given a numerical designation with the designations beginning with the number 1 and ending with the number 2. The terms of the odd-numbered positions shall expire in odd-numbered years and the terms of even-numbered positions shall expire in even-numbered years. Board alternate members may be appointed to successive terms. Appointments of members and alternate members of the Board shall be made at the first regular City Council meeting in the month of June of each year. Newly appointed members and alternate members shall be installed at the first regular Board meeting after their appointment. If there is a sitting Board, they shall continue to serve.

B. Operational Procedure

- (1) The Board shall adopt rules to govern its proceedings provided; however, those rules are not inconsistent with this ordinance or state law. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. The Chairman, or in his absence, the

acting Chairman, may administer oath and compel the attendance of witnesses.

- (2) All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, and shall keep record of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record.
- (3) Appeals to the Board can be taken by any person aggrieved or by an officer, department, or board of the municipality affected by any decision of the administrative official. Such appeal shall be taken within fifteen (15) days after the decision has been rendered by the administrative official by filing with the officer from whom the appeal is taken and with the Board a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the records upon which the action appealed from was taken.
- (4) An appeal shall stay all proceedings in furtherance of the action appealed from unless the officer from whom the appeal is taken certifies to the Board, after the notice of appeal shall have been filed with the officer, that, by reasons of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board or a court of record on application or notice to the officer from whom the appeal is taken and on whom due cause shown.
- (5) No appeal to the Board for the same or related variance on the same piece of property shall be allowed prior to the expiration of six (6) months from a previous ruling of the Board on any appeal to such body unless other property in the immediate vicinity has, within the said six (6) months period, been changed or acted on by the Board or City Council so as to

alter the facts and conditions on which the previous board action was based. Such change of circumstances shall permit the re-hearing of an appeal by the Board prior to the expiration of six (6) months period, but such conditions shall in no wise have any force in law to compel the Board, after a hearing, to grant a subsequent appeal. Such subsequent appeal shall be considered entirely on its merits and the peculiar and specific conditions related to the property on which the appeal is brought.

- (6) At a public hearing relative to any appeal, any interested party may appear in person, or by agent, or by attorney. The burden of proof shall be on the applicant to establish the necessary facts to warrant favorable action of the Board on any appeal. Any special exception or variance granted or authorized by the Board, under the provisions of this ordinance, shall authorize the issuance of a building permit or a certificate of occupancy, as the case may be, for a period of ninety (90) days from the date of the favorable action of the Board, unless said board shall have, in its action, approved a longer period of time and has so shown such specific longer period in the minutes of its action. If the building permit and/or certificate of occupancy shall not have been applied for within said ninety (90) day period, or such extended period as the Board may have specifically granted, then the special exception or variance shall be deemed to have been waived and all rights thereunder terminated. Such termination and waiver shall be without prejudice to a subsequent appeal, and such subsequent appeal shall be subject to the same regulation and requirement for hearing as herein specified for the original appeal.

C. Actions of the Board of Adjustment

- (1) In exercising its powers, the Board may, in conformity with the provisions of the Statutes of the State of Texas as existing or hereafter amended, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination as ought to be made and shall have all the powers of the officer from whom the appeal is taken. The Board shall

have the power to impose reasonable conditions to be complied with by the applicant.

- (2) The concurring vote of seventy-five percent (75%) of the number of regular members of the Board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the application on any matter upon which it is required to pass under this ordinance or to effect any variance in said ordinance.
- (3) Any person or persons jointly or severally aggrieved by any decision of the Board, or any taxpayer, or any officer, department, or Board of the municipality may present to a court of record (District Court) a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of illegality. Such petition shall be presented to the Court within ten (10) days after the filing of the decision in the office of the Board and not thereafter.

D. Notice of Hearing before Board of Adjustment Required

The Board shall hold a public hearing on all appeals made to it, and written notice of such public hearings shall be sent to the applicant and all other persons who are owners of real property lying within two hundred feet (200') of the property on which the appeal is made. Measurements shall be taken inclusive of public streets. Such notice shall be given no less than ten (10) days before the date set for hearing to all such owners who have rendered their said property for city taxes as the ownership appears on the last City tax roll. Such notice may be served by depositing the same, properly addressed and postage paid, in the United States Post Office. Notice shall also be given by publishing the same in the official publication of the City at least ten (10) days prior to the date set for hearing, which notice shall state the time and place of such hearing.

E. Jurisdiction of Board of Adjustment

When, in its judgment, the public convenience and welfare will be substantially served, and the appropriate use of the neighboring property will not be

substantially or permanently injured, the Board may, in specific cases, after public notice and public hearing, and subject to appropriate conditions and safeguards, authorize the following special variances and exceptions to the regulations herein established, and take action, relative to the continuance and discontinuance of a nonconforming use:

- (1) Consider applications for conditional uses as set forth in Section 6;
- (2) To hear and decide appeals where it is alleged there is error on any order, requirement, decision, or determination made by the administrative official in the enforcement of this ordinance;
- (3) Interpret the intent of the zoning district map where uncertainty exists because the physical features on the ground vary from those on the zoning district map and none of the rules set forth in Section 5 apply;
- (4) Initiate, on its motion or cause presented by interested property owners, action to bring about the discontinuance of a nonconforming use;
- (5) Require the discontinuance of a nonconforming use under any plan, whereby full value of the structure can be amortized within a definite period of time, taking into consideration the general character of the neighborhood and the necessity for all property to conform to the regulations of this ordinance;
- (6) Permit the change of occupancy of a nonconforming use to another nonconforming use in accordance with the provisions of Section 23;
- (7) Permit the enlargement of a nonconforming use in accordance with the provisions of Section 23;
- (8) Permit the reconstruction of a nonconforming structure or building on the lot or tract occupied by such building, provided such reconstruction does not, in the judgment of the Board, prevent the return of such property to a conforming use or increase the nonconformity of a nonconforming structure, and provided that such actions conform to the provisions of Section 23;

- (9) Require the vacation and demolition of a nonconforming structure that is deemed to be obsolete, dilapidated, or substandard;
- (10) Permit such variance of the front yard, side yard, rear yard, lot width, lot depth, coverage, minimum setback standards, off-street parking, off-street loading regulations, lot area, maximum height, building size or percent of masonry required, where the literal enforcement of the provisions of this ordinance would result in an unnecessary hardship, or where such variance is necessary to permit a specific parcel of land, which differs from other parcels of land in the same district by being of such area, shape or slope, that it cannot be developed in a manner commensurate with the development permitted upon other parcels of land in the same district.

SECTION 26: AMENDMENTS

A. General

The zoning regulations, restrictions, and boundaries may, from time to time, be amended, supplemented, changed, modified or repealed. Such amendments, supplements, changes, modification, or repeal shall be deemed to amend, supplement, change, modify, or repeal the Comprehensive Plan of the City and shall become a part of such comprehensive plan. The Planning and Zoning Commission and its composition and duties are established by the City Council.

B. Amendment Initiation

An amendment to this ordinance may be initiated by:

- (1) City Council on its own motion;
- (2) Planning and Zoning Commission; or
- (3) Request by owner or agent of owner of property to be changed.

C. Procedure

All requests for amendments to zoning district boundaries shall be submitted, together with required fees, to the administrative official, which officer shall cause notices to be sent and the petition placed on the Planning and Zoning Commission agenda.

The City Council may not enact any proposed amendment until the Planning and Zoning Commission makes its final report to the City Council. The City Council may refer proposed amendments to the Planning and Zoning Commission for recommendation. Requests for changes in zoning districts shall include the proposed designation or designations for the area concerned. Alternative proposals may be made at the time of filing the original request for amendment; however, all hearings and deliberations shall be limited to the request as submitted by the applicant at the time of original filing.

D. Public Hearing and Notice

Prior to making its report to the City Council, the Planning and Zoning Commission shall hold at least one (1) public hearing thereon. Written notice of all public hearings on proposed changes in district boundaries shall be sent not less than ten (10) days before such hearing is held to all owners of property which is located within the area proposed to be changed, within two hundred feet (200') of such property or within two hundred feet (200') of any other adjacent property under the same ownership as the tract to be rezoned. Measurements shall be taken inclusive of public streets. Such notice may be served by using the last known address as listed on the City tax roll and depositing the notice, postage paid, in the United States Mail. No notice of hearings before the Planning and Zoning Commission on proposed changes in zoning regulations need be given except as may be required by state law.

E. Commission Report

The Planning and Zoning Commission, after the public hearing is closed, shall vote on its recommendations on the proposed change to be sent in a report to the City Council. Such report may recommend for or against such proposed change and may but need not include reasons for such decision. The Commission may defer its report for not more than sixty (60) days until it has had opportunity to consider other proposed changes that may have a direct bearing thereon. If the

Commission fails to finally report after sixty (60) days, it would be deemed to have approved the proposal.

F. Forwarding Final Report

Every proposal, receiving a final report by the Commission, shall be forwarded to the Council for setting and holding of public hearing thereon. No change, however, shall become effective until after the adoption of an ordinance for same and its publication as required by law.

G. Withdrawal

Any proposal or application may be withdrawn by the proponent after the Commission makes its final report, and such proposal or application shall not be subject to the provision hereof that a period of time must pass before a new application is considered. If such proposal is withdrawn, the Council will not consider it. Any proposal or application withdrawn may be resubmitted and shall be subject to all fees and notice requirements as an original application.

H. Council Hearing and Notice

The City may, from time to time, amend, supplement, or change by ordinance the boundaries of the districts or the regulations herein established. A public hearing on such amendment, supplement, or change shall be held by the Council. Notice of Council hearing shall be given by publication one (1) time in the official newspaper of the City, stating the time and place of such hearing, which time shall not be earlier than fifteen (15) days from the date of publication. No such amendment, supplement, or change shall be considered unless and until the Commission makes its final report thereon. Publication of such change shall be accomplished by publishing the descriptive caption and penalty clause of the ordinance amending the comprehensive plan to incorporate the change.

I. Application Not To Be Considered For another Six Months after Denial of Request for Rezoning

No application for rezoning shall be considered within six (6) months of denial of a request by the City Council for the same classification on the same property.

J. Protest against Change

In case of a protest against such change, signed by the owners of twenty percent (20%) or more either of the land included in such proposed change, or of the land within two hundred feet (200') thereof, including any intervening public street, such amendment shall not become effective except by the favorable vote of three-fourths (3/4) of all the members of the City Council.

K. Council Action on Application

The proponent of any zone change shall satisfy the City Council that either the general welfare of the City affected by the area to be changed will be enhanced, or that the property is unusable for the purposes allowed under existing zoning. If such is proved to the Council's satisfaction, it may grant the requested zone change; or it may change the zone's designation of a portion of such property; or it may initiate a request to consider changing all or a portion of such property to a district other than that requested and of a different character.

L. Site Plan and Supporting Documents Required; Petition For Zoning District Change or Conditional Use

When in the opinion of the Planning and Zoning Commission, City Council, or Zoning Board of Adjustment that greater information is required from the petitioner concerning the nature, extent, and impact of his request than supplied with his application for a change in zoning or conditional use permit, in order for such Commission, Council, or Board to properly review and evaluate all relevant factors thereof, said Commission, Council, or Board may require the applicant to submit a site plan and supporting documents conforming with all or a portion of the requirements set forth in this subsection, prior to rendering a decision thereon.

The petitioner is encouraged to meet with the appropriate Commission, Council, or Board in an informal work session to ascertain the exact extent of plans and documents required, if any, prior to the City initiating the advertisement for public hearing on the petition.

The general type and extent of plans and supporting documents that may be required of the petitioner include, but are not necessarily limited to:

(1) Site Plan

Meeting all of the requirements of a "preliminary plat", as described in the City's subdivision regulations, except that topographic and drainage map information provisions may be waived by the reviewing body when the inclusion of such data would not materially contribute to the necessary evaluation of the project's petition. Additional site plan drawing information which the reviewing body may require includes:

- (a) Existing and proposed zoning district;
- (b) General outline of extensive tree cover areas;
- (c) Drainage ways and 100-year flood plain limits;
- (d) Proposed treatment for screening the perimeter of the land embraced by the petition, including screening of internal separations of land use where required;
- (e) Proposed internal, nonvehicular circulation linkages, such as, pedestrian paths and hike trails bike trails, and equestrian bridle paths, where applicable, including their interrelationships with vehicular circulation systems and proposed handling of points of conflict;
- (f) A tabular summary schedule indicating:
 - (i) The gross acreage and percent of each type of zoning category proposed;
 - (ii) The gross acreage and percent of each type of land use proposed, with streets and open space categories listed separately, and residential uses further stratified as to type, i.e., single family, two-family, multi-family townhouse, etc., including the total gross project acreage;
 - (iii) The gross residential density of each type of residential land use proposed, expressed in dwelling units per acre; and based

on net residential land use plus one-half (1/2) of any abutting street;

- (iv) The quantitative number of dwelling units proposed for each residential dwelling type (i.e., single family, two-family, etc.);
- (v) Proposed maximum lot coverage by building types (i.e., 1/F, 2/F, M/F, commercial, office, industrial, etc.) expressed in terms of percent or floor area ratio of the lot or site.

(2) Architectural Drawings

Elevations, concept sketches, or renderings depicting building types and other significant proposed improvements including the treatment and use of open spaces, etc., where the submission of such drawings would more clearly portray the nature and character of the applicant's land use and development proposals.

(3) Written Documents

In narrative form on 8 ½" X 11" sheets, including:

- (a) Statement(s) on planning objectives to be achieved in use/development proposal, including a narrative description of the character of the proposed development and rationale behind the assumptions and choices made by the applicant, including use and ownership of open spaces, etc;
- (b) Legal description of the total site area proposed for rezoning, development, or conditional use permit;
- (c) A development schedule indicating the approximate dates(s) when construction of the proposed development, and subsequent stages or phases thereof, if any, can be expected to begin and be completed, to the best of the applicant's knowledge and belief;
- (d) A statement as to the present and proposed ownership of the site or parcels thereof embraced by the application;
- (e) Economic feasibility and/or market analysis studies, when deemed necessary by the reviewing body to adequately assess the necessity

for zoning certain parcels to the sizes indicated by the applicant, or to evaluate the need for granting a conditional use permit;

- (f) Environmental assessment statement, prepared pursuant to the National Environmental Policy Act of 1969, and any subsequent amendments thereto, when deemed necessary by the reviewing body to properly assess the impact of the proposed development/land use on the existing environment;
- (g) Statement(s) as to how and when the applicant proposes to provide water and sewer to the development; and
- (h) Signature, title, and date of the applicant, at the conclusion of the written documents certifying the information presented in the plans and supporting documents reflecting a reasonably accurate portrayal of the general nature and character of the proposals.

SECTION 27: REPEALER

All ordinances or parts of ordinances not consistent or conflicting with, the provisions of this ordinance are hereby repealed; provided that such repeal shall be only to the extent of such inconsistency, and in all other respects, this ordinance shall be cumulative of other ordinances regulating and governing the subject matter covered in this ordinance. Any cause of action accruing prior to the passage of this ordinance shall continue as if this ordinance was not passed or any other ordinance had not been repealed.

SECTION 28: SEVERABILITY

That it is hereby declared that the sections, articles, subsections, paragraphs, sentences, clauses, and phrases of this ordinance are severable and if any phrase, clause, sentence, paragraph, subsection, article, or section of this ordinance shall be declared void, ineffective, or unconstitutional by a valid judgment or final decree of a court of competent jurisdiction, such voidness, ineffectiveness, or unconstitutionality shall not effect any of the remaining phrases, clauses, sentences, paragraphs, subsections,

articles, or sections of this ordinance since the same would have been enacted by the City Council without the incorporation herein of any such void, ineffective, or unconstitutional phrase, clause, sentence, paragraph, subsection, article, or section.

SECTION 29: ENGROSSMENT AND ENROLLMENT CLAUSE.

The City Secretary of the City is hereby directed to engross and enroll this ordinance by copying the caption, penalty clause (if any), publication clause and effective date clause in the minutes of the City Council and filing the ordinance in the ordinance records of the City.

SECTION 30: PUBLICATION CLAUSE

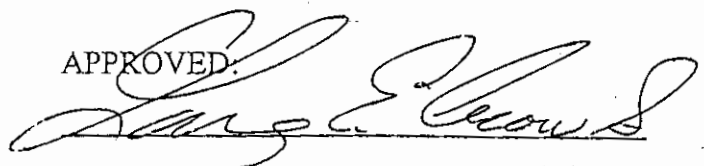

The City Secretary is hereby directed to post or publish in the official newspaper of the City, the caption, penalty clause (if any), publication clause and effective date clause of this ordinance in one issue of the official newspaper of the City, provided that the official newspaper is a weekly paper, as authorized by Section 52.011 of the Texas Local Government Code.

SECTION 31: EFFECTIVE DATE

This ordinance shall take effect immediately from and after its passage and the publications of the caption as the law in such cases provides.

ORDINANCE NO. 2015-0017

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LA MARQUE, TEXAS, AMENDING CHAPTER 71, ZONING, SECTION 71-6, CONDITIONAL USES, OF THE CODE OF ORDINANCES OF THE CITY OF LA MARQUE, TEXAS, TO PROVIDE FOR CITY COUNCIL APPROVAL OF A CONDITIONAL USE WITH OR WITHOUT RECOMMENDATION BY THE PLANNING AND ZONING COMMISSION.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LA MARQUE, TEXAS:

That Chapter 71, Zoning, Section 71-6, Conditional Uses of the Code of Ordinances of the City of La Marque, Texas, is hereby amended to read as follows:

“Sec. 71-6. Conditional Uses.

After public hearing and proper notice, with or without recommendation by the Planning and Zoning Commission, the City Council may authorize the issuance of conditional use permits when the City Council finds all of the following conditions present:

- (1) That the establishment, maintenance, or operation of the conditional use will not be materially detrimental to, or endanger, the public health, safety, morals, or general welfare;
- (2) That the uses, values and enjoyment of other property in the neighborhood, for the purpose already permitted, shall be in no foreseeable manner substantially impaired or diminished by the establishment, maintenance, or operation of the conditional use;
- (3) That the establishment of the conditional use will not significantly impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district;
- (4) That adequate utilities, access roads, drainage and other necessary site improvements have been or are being provided;
- (5) That adequate measures have been or will be taken to provide ingress or egress, so designed as to minimize traffic congestion in the public streets; and
