4. CITIZENS PARTICIPATION

- Delon Delafosse (*online, refused to provide address*) expressed her support for the tax hike for the City's growth. She shared that she understands that the increased tax rate can be a strain. However, it requires putting funds into helping the citizens for the city to remain beautiful. She pledged to personally pay \$100 for three (3) citizens who fall between the age range of 60-64 and are on fixed income.
- Haley Winkelmann (*online, refused to provide address*) shared that the council needs to do what they have to in order to keep the city afloat. She stated that she wants to ensure that taxpayer funds are being spent responsibly and effectively. She expressed concern about the Police Department overtime budget and stated that she is uncomfortable giving funds to the police department if they are unable to budget appropriately.

- Michael Adams (1428 23rd Ave. N., Texas City, TX) spoke on behalf of the owners of 1727 Main Street to have the demolition of property reconsidered due

to permit denial. He emphasized the benefit of completing sixty four (64) affordable apartment units in the city limits. He noted a productive pre-meeting discussion with Robert Booth and is hopeful for a resolution.

- Elizabeth Turner (2010 Howell Ave.) expressed her concern over lack of self-respect and respect among council members. She criticized the lack of inter-district communication and voiced her faith in God amid the frustrations with council leadership. She also questioned certain financial responsibility of the city, citing discrepancies in a CPA report that referenced "GLO Ike" instead of being correctly labeled as "Harvey".
- Bo Hunter (2613 Lake Park Dr.) expressed his concern about a residential property with ten (10) vehicles and compared it to a salvage yard. He met with Code Enforcement, but the current city code allows for such vehicle count if each vehicle is registered to the occupants of the residence. He requested for council to revise city codes on vehicle limits for residential properties.

He suggested alternative solutions including modifying authorizations and replenishing the reserve fund through planned measures.

agenda, asking for clarity on if the new bill would go into effect immediately or take effect on the next budget. Attorney Robert Booth provided a point of information stating that while the bill has gone into effect, it would not apply until the next tax year. He also indicated that as of today, there has been no determination from the Attorney General on this.

- Alice Ramy (Village Circle) shared her support for the tax increase to improve city services and safety. She acknowledged over-policing, but also noted that she has seen the crime rate decline in her district.

6. OLD BUSINESS

***Mayor Bell closed the Public Hearing and reconvened the Special Meeting at 7:14 p.m.*

6.1. Ordinance No. O-2025-0018

Interim City Manager Holly gave a presentation showing the changes made to the budget. She explained that in order to get a loan, the city would need to raise taxes by three cents (\$0.03) or three and a half cents (\$0.035) and the revenues from this tax would go straight to covering short-term debt. She noted that the City of La Marque has the lowest tax rate in all of Galveston County and the current rate is still under the amount in 2022. She expressed the need to rebuild the debt service, impact fees, and park fees. She emphasized that the City can get away with the three-cent (\$0.03) tax increase but would prefer three and one half cents (\$0.035).

Councilmember Lowry expressed his frustration, specifically with the term "it's only" when referring to taxpayer rate increases. He implored council to listen to the citizens and noted that the City of La Marque should not be compared to other cities. He also shared that the city needs new businesses to come, but the city's reputation is causing business owners to decide on working with other cities. Councilmember Yancy shared that she was here during the tax rollback in 2022 and chalked it up to paperwork errors and the Tax Assessor's Office. She noted that one million dollars (\$1,000,000) went back to the citizens and that is when the problem with the city's finances began. She noted that the city has done more to combat crime and repair streets during this time. She also recognized that Mayor Pro Tem Compian suggested that the city should already have been at a forty-one cent (\$0.41) tax rate. She noted that there are still many streets that need repairs and that nearly fifty to seventy percent (50-70%) of the budget is strictly tied to public safety, which needs to be fixed. She expressed her frustration, but noted that the council must do what is best for the city by listening to the experts and staff. She encouraged the citizens to talk with their councilmembers to discuss their concerns. She noted the hardships that the city staff endure when faced with hostile environments and issues. She inquired about the options that the city can take at this time and if what would happen if the city remained at the current tax rate.

Interim City Manager Holly responded to the Councilmember's questions by indicating that the city will have extreme difficulty in getting loans if the tax rate is not increased. She also noted that the Economic Development Corporation has been a great asset. She also explained that all positions are frozen and in order to keep the city afloat, the plan is to reduce expenses and get loans.

Councilmember Griffin expressed her concern for District D as she has conducted her own personal audits and identified maintenance issues. She shared her concern for service needs in the city to take care of tax payers. She explained that if the city keeps the tax rate the same, the city infrastructure will be impacted. She questioned what the citizens will get from Council if moving forward with the tax increase.

Councilmember Lowry argued that a tax increase is "throwing money at bad deeds". He reiterated the need to listen to the taxpayers.

Councilmember Yancy questioned if there was mismanagement.

Interim City Manager Holly shared that following the tax rollback, the budget did not accommodate for public services. She noted overspending in public safety at \$2.8 million. She placed the issues on the "innocence of not knowing how to maintain a budget" in the past and noted that pennies will keep the city afloat.

Councilmember Griffin requested additional transparency for residents to see how the overspending took place.

Councilmember Yancy questioned where the revenue was lost. Interim City Manager Holly responded that the revenues over the last few years were overstated.

Councilmember Lowry questioned if every penny of mismanaged funds was due to public safety. Interim City Manager Holly replied that the vast majority of it was spent on overtime. She also stated that the department heads need to do their job and be held accountable for their budgets.

Mayor Bell acknowledged the "brutal" presentation of the city's recent audit and stated that the former Finance Department was not well supervised by the previous City Managers. He previously requested that the new Finance Director, Worth Ferguson, go back five (5) years on finances. He also agrees wholeheartedly that the council should listen to the taxpayers. Mayor Bell recapped the 2022 Tax Rollback, the issues that the city faced leading to the rollback, and noted that even with the rollback effort benefiting the citizens with a one million dollar (\$1,000,000) refund, the citizens still supported the increase of public safety to address violent crime in the city. He raised concern over the last three (3) years of having an inaccurate budget. He shared his heartburn for increasing the tax rate. He asked the city manager for a detailed background of the \$936,000 cut from the budget.

Interim City Manager Holly responded that all open positions would be frozen, and all departments would be going as bare bones as possible to operate.

Mayor Bell asked Finance Director Ferguson to restate his qualifications to serve as the Finance Director.

Finance Director Ferguson shared his credentials, which included his work in state government for over twenty (20) years, including six (6) years in the state auditor's office in the fraud and investigative role. He also noted that he conducted audits of governments and universities, personally completed twenty two (22) forensic

audits, and uncovered over \$100 million in fraud throughout his investigations. Mayor Bell questioned Police Chief Randall Aragon on what was cut with the Police Department.

Chief Aragon indicated that approximately \$900,000 was cut from the current proposed budget. He noted that the police department is utilizing grants to cover numerous officers.

Councilmember Lowry emphasized that the City of La Marque has one of the highest crime rates in the state of Texas. He found it "repulsive" for the negativity against the police department.

Mayor Bell questioned Councilmember Lowry about where he would cut the funds.

Councilmember Lowry stated it would not be with Public Safety. He suggested moving funds from Public Works and Parks.

Interim City Manager Holly shared that the initial budget presented to council was with a forty-five cent (\$0.45) tax rate. She commended the city staff for coming together to help bring the numbers down to the thirty-nine cent (\$0.39) tax rate. Councilmember Lowry made an argument about the previous hiring process for the City Manager Position earlier this year. He noted that the candidate he supported had twenty-seven (27) years of experience in the federal government and was a veteran.

Mayor Bell responded that, due to the specifications in the Charter, the candidate must have municipal experience. He noted that while he understands

Councilmember Lowry's argument, the charter must be followed.

Mayor Pro Tem Compian shared his experience of understanding how to recover from disasters. He specifically noted that it is a form of leadership to accept responsibility and asked for forgiveness from the citizens. He stated that his approach is "to sit back and listen" by respecting those who speak before council, actively notes their concerns, and follows up to verify that these concerns have been addressed. He requested financial transparency and commended the Economic Development Corporation (EDC) for their willingness to help with providing the city a \$1.5 million loan. He gave opinions on potential solutions, such as resolving the lawsuit against the Texas City Railway Terminal, selling land, and receiving reimbursements from FEMA for Hurricane Beryl. He noted that the city must be disciplined as it is getting by "on the hair of our chinny - chin - chin." He indicated that the recovery phase of this is to show the responsibility to preserve the good faith and credit of the City of La Marque to combat high interest rates. He noted that in order to not "get screwed" by high interest rates, the city must show a fiscally sound plan with additional income that will cover the debt the city is accruing. He noted that the Texas Water Development Board loan has the ability to help with city infrastructure such as broken waterlines, sewer leakages in homes, etc. and is a grant that is forgivable as long as the city complies with the terms. He shared that he does not support the forty-five-cent (\$0.45) increase but rather a two-cent (\$0.02) tax increase. He noted that the council agreed to form a finance committee that will convene immediately after all members are assigned. Mayor Pro Tem made a motion to accept the budget at the thirty-nine cent (\$0.39) tax rate. Councilmember Yancy seconded. **MOTION CARRIED UNANIMOUSLY.**

*****AFTER THE APPROVAL OF THE TAX RATE INCREASE***

Mayor Pro Tem made a motion to amend the previously approved budget and adopt a budget with a two-cent (\$0.02) increase entirely on debt repayment. ***It was noted as a non-substantial change and therefore did not need a new ordinance.* Councilmember Yancy seconded. **MOTION CARRIED WITH 3 AYES (Compian, Yancy, Griffin), 1 NAY (Bell) AND 1 ABSTENTION (Lowry).**

6.II. Ordinance No. O-2025-0019

Councilmember Yancy questioned the difference between the proposed rate and what city is proposing of three cents (\$0.03).

Mayor Pro Tem Compian responded with the two-cent (\$0.02) tax rate would allow for \$364,092 versus a three-cent (\$0.03) tax rate increase which would total approximately \$546,138. It was determined that the difference would be \$182,046.

Mayor Pro Tem Compian noted that the Council must make tough decisions. He shared that council has already analyzed water rates and, due to erroneous information of having a surplus of \$19,000,000 in utility fund, the city will have to minimize the impact.

Interim City Manager Holly shared that the new Maintenance & Operations rate would be \$0.311749 and the Interest and Sinking rate would stay the same at \$0.115253.

Councilmember Yancy questioned if the city can make it based on the two-cent (\$0.02) increase.

Interim City Manager Holly stated that the city can make it work because it "shows the banks that we are serious" and want to keep our credit rating up and want to move forward.

Mayor Pro Tem Compian made it clear that with this two-cent (\$0.02) increase, the city must commit to the community to remain transparent and will hold "feet to the fire" to ensure things are being done in this fashion.

Mayor Pro Tem made a motion to set the tax rate with a two-cent (\$0.02) increase. As a result of this increase, the maintenance and operation amount is \$0.311749 and the interest portion and debt is \$0.115253. Councilmember Yancy seconded.

Mayor Bell stated that this is not about "awarding bad behavior as the bad behavior has been separated from our city." He expressed his heartburn about raising taxes. He encouraged each member of council to do what is in the best interest of their constituency. His issue is the rise of the budget by \$6 million from 2025. He noted that there was overspending as an administrative team, and there should have been a financial plan. He expressed his respect for Interim City Manager Holly and Finance Director Worth Ferguson. He does not believe this should have happened in the way that it has. He reiterated to council that they should vote in order to meet the needs of their constituents.

Mayor Pro Tem Compian spoke to the concerns of the seniors and disabled on a tax increase. He noted that the city tax will remain the same due to a freeze with the exception of the Drainage District taxes and emergency services taxes. He also encouraged citizens to protest their taxes if their appraisal goes up.

MOTION CARRIED 3 AYES (Compian, Yancy, Griffin) and 2 NAYS (Bell, Lowry).

***The M&O was incorrectly verbalized on the dais. The correct M&O rate should*

be \$0.3032480. The motion was directed at a two-cent (\$0.02) increase in the total tax rate from the previous year.

7. NEW BUSINESS

7.1. Ordinance No. O-2025-0025

Mayor Pro Tem Compian provided a brief history of how this ordinance has come to council for consideration. He noted that the city previously established an Heavy Industrial Zoning District (I-3). However, the property itself was not rezoned at that time. He noticed that there are limitations created. However, the Texas City Railway Terminal will fit within the rules of a Heavy Industrial Zoning District. Jason Hayley (Vice President of Texas City Railway Terminal) discussed how his company is working hard with the City of La Marque legal team to put in protections for the citizens and the community. He ensured that the Texas City Railway Terminal would operate within the ordinances, laws, and statutes. He also explained how this could bring in new business to La Marque.

Mayor Pro Tem thanked Mr. Hayley and his team for their engagement with the council throughout this process.

Councilmember Lowry requested a Town Hall prior to the second reading of this ordinance to discuss concerns. Mr. Hayley stated he can commit to being available for a Town Hall to alleviate citizen concerns.

Councilmember Yancy shared that negotiations on this have lasted well over 5 years and asked if Councilmember Lowry was okay with moving forward, as this property is in his district. She asked Mr. Hayley if the Texas City Railway Terminal would consider adding a park for the neighborhood when developing their plans. Councilmember Lowry responded that he is ok with it as long as the Town Hall happens before the second reading of the ordinance.

Mayor Pro Tem made a motion to proceed with the zoning designation. Councilmember Griffin seconded. **MOTION CARRIED UNANIMOUSLY.**

8. EXECUTIVE SESSION

There was no executive session.

9. ACTIONS TAKEN FROM EXECUTIVE SESSION

No action was taken.

10. REQUESTS AND ANNOUNCEMENTS

Councilmember Griffin did not speak.

Councilmember Lowry requested to set up a Town Hall to discuss the rezoning ordinance involving the Texas City Railway Terminal and requested that this be published on the website and on the city's social media pages. He thanked Councilmember Griffin for her email regarding drainage reports. He thanked Mayor Pro Tem Compian for listening, as he considers him a role model as he speaks with compassion. He also requested an update on drainage in his district.

Councilmember Yancy encouraged residents to attend the October 4th Town Hall. She spoke directly to Councilmember Lowry, saying she is willing to work together and extended an olive branch to stop attacking her family. She requested a meeting with Interim City Manager Holly to discuss cases coming from the La Marque Police

Department and the residents' concerns about over-policing. She thanked Ms. Holly for coming in and helping staff and council. She noted that it is time to bring in additional oversight of corruption that may be happening within the Police Department. She thanked Interim City Manager Holly for her research into the two-cent (\$0.02) tax increase and asked that council work together and not place blame. She encouraged the constituency to have meetings with the City Manager and their councilmembers to combat misinformation that was spread.

Mayor Pro Tem requested quarterly updates on legal cases. He shared his appreciation for the turnout and noted that he listens carefully and hoped his reasoning was clear. He expressed the desire to continue having a community that "we can be proud of."

Mayor Bell reminded the public of the Candlelight Vigil on October 2nd at 6:00 p.m. in Council Chambers, the Unified Town Hall taking place at the Central Fire Station on October 4th at 11:00 a.m., and National Night Out taking place on October 7th at Mac McGaffey Highland Bayou Park. He expressed his thanks to Interim City Manager Holly and Finance Director Worth Ferguson for the work that they did for preparing the budget, identifying issues, and working with department heads to make city services as effective as possible. He thanked the department heads for trimming budgets and reiterated his thanks to Interim City Manager Holly and called her a "tough cookie".

- (1) *License.*** No person shall operate an amusement redemption machine game room in the city without first obtaining a license from the chief Fire Marshal, as required by this section. No license shall be issued until the license fee has been paid by the operator for each machine within the premises, as required by section 17-56.
- (2) *Permit.*** No person shall operate an amusement redemption machine game room in the city without first obtaining a permit from the chief Fire Marshal. No permit shall be issued until the occupation tax has been paid by the operator, as required by section 17-56.

(b) *Excluded machines.* An amusement redemption machine game room does not include:

- (1)** A machine that awards the user non-cash merchandise prizes, toys, or novelties, solely and direct from the machine, including claw, crane, or similar machines; nor
- (2)** A machine from which the opportunity to receive non-cash merchandise prizes, toys, or novelties, or a representation of value redeemable for those items, varies depending upon the user's ability to throw, roll, flip, toss, hit, or drop a ball or other physical object into the machine or a part thereof, including basketball, skeet ball, golf, bowling, pusher, or similar machines; nor

- (3) A machine or any device defined in V.T.C.A. Penal Code § 47.01 as a gambling device, or any activity prohibited or described in V.T.C.A. Penal Code ch. 47.
- (c) Local license fee for amusement redemption machine and amusement redemption machine game room required.
- (1) *Payment of fee and issuance of license.* An owner, operator, or lessee of an amusement redemption machine game room shall be required to secure a license annually. An amusement redemption machine game room shall be required to secure a license by paying to the city an annual inspection and amusement redemption machine game room license fee of \$1,500.00 per machine. All fees must be paid in full. No partial payments will be accepted. Upon payment of fee and compliance with all licensing requirements, the license shall be issued by the chief Fire Marshal, or designee.
- (2) *Application.* There is a non-refundable \$2,500.00 application fee for all game rooms. An applicant for a license shall file with the chief Fire Marshal a written application on a form provided for that purpose, which shall be signed by the applicant, who shall be the owner, operator, or lessee of the amusement redemption machine game room. Should an applicant maintain an amusement redemption machine game room at more than one location, a separate application shall be filed for each location. The following information is required in the application:

 - b. The previous occupation(s) of the applicant and, if applicable, all corporate officers and partners of the applicant within the preceding five years.
 - c. Whether a previous license or permit of applicant, or, if applicable, corporate or partner of applicant, has been revoked within two years of filing of the application.

 - e. Number of amusement redemption machines at the designated amusement redemption machine location.

- f. A statement that:
 - 1. The amusement redemption machines are not and will not be used as gambling devices;
 - 2. That all the facts contained in the application are true and correct;
 - 3. The location and operation of the amusement redemption machine will not violate any applicable deed restrictions; and
 - 4. The amusement redemption machine will be operated in accordance with all laws; and

 - h. All persons employed or working at said establishment shall be subject to background check
 - 1. A fee of \$150.00 shall be paid for each background check preformed.
- (3) *Expiration and renewal.*
- a. *Expiration.* An annual amusement redemption machine game room license issued by the city shall automatically expire on the 31st day of December following its issuance, except as otherwise stated. Such license shall automatically expire if the licensee sells the property or the business, transfers equity to accomplish same, or otherwise disposes of such devices. An amusement redemption machine game room license is not assignable or transferable. The city shall not refund any portion of a license after the license is issued, nor shall it prorate or reduce in amount any fee due to the city.
 - b. *Late penalty.* Upon the expiration of a license, the licensee shall obtain a renewal if the licensee wishes to continue operating an amusement redemption machine game room. Failure to obtain the renewal within ten days after expiration will require such person to pay a late fee in an amount equal to 20 percent of the fee actually due. Failure to obtain the renewal within 15 days after expiration will require such person to pay a late fee in an amount equal to 25 percent of the fee actually due. Failure to obtain the renewal within 20 days after expiration will require such person to pay a late fee in an amount equal to 30 percent of the fee actually due. After 20 days, the license will be irrevocably suspended. No licensee shall be authorized to operate after the expiration of a license and before a renewal is effective.
- (4) *Sealing.* The city shall have the authority to seal any coin-operated machine for which a license fee has not been secured. A \$15.00 fee will be charged for the release of any machine sealed for non-payment of said license fee.
- (5) *Posting of license.* The license shall be conspicuously posted inside the building.

- (6) *Restrictions, regulations, controls, and limitations.* The following restrictions, regulations, controls, and limitations shall apply to all amusement redemption machine game rooms:
- a. *Condition of premises.* All building and fire code standards must be met. Inspection by building officials and certificate of occupancy shall be obtained before license is issued. Game room must be located in an area zoned for that activity.
 - b. *Methods of conduction of business.* No alcoholic beverages shall be served or allowed on premises. No activities allowed outdoors.
 - c. *Hours of operation.* Premises may only be operated between the hours of 7:00 a.m. and 2:00 a.m.

 - e. *Location requirements.* Premises shall not operate within 300 feet of an established church, school, or hospital.
 - f. *Location requirement.* Premises shall not operate within 1,500 feet of another amusement redemption machine game room.
 - g. The owner, operator, or manager of the premises must be present to supervise the operation of the machines. The machines shall not be left unattended.
 - h. Machines must be situated within the premises as to be in full and open public view, which entails being visible to all patrons of the establishment.
 - i. Minors may not operate machines during school hours on days when school is in session.
 - j. A game room operator must be a person who is at least 18 years of age.
 - k. Total number of machines in one establishment shall be limited to 50.
 - l. *Security requirements.* Premises shall not operate without recorded video surveillance and a panic alarm button. Surveillance shall capture all points of ingress and egress, and shall be maintained for at least 72 hours.
- (7) Any establishment which contains four or less "amusement redemption machines" as the term is defined in section 17.54 is exempt from the provisions of section 71-60(c).
- (d) *Refusal or termination of license/appeal.* If the chief Fire Marshal refuses to approve the issuance of a license or the renewal of a license to an applicant, or revokes a license issued to a licensee under this chapter, such action is final, unless the licensee, within ten days after the receipt of written notice of the action, files with the city manager a written appeal. The city manager shall, within ten days after the appeal is filed, consider all evidence in support of or

against the action appealed. The city manager has the authority to sustain, reverse or modify the action appealed. The decision of the city manager is final. Filing of an appeal stays the previous action of the Chief Fire Marshal. Failure or refusal to renew or revocation of an amusement redemption machine game room license does not affect operation of the principal business of which the amusement redemption machine game room is a part.

- (e) *Disclaimer.* By issuing the required license, the city is not certifying the installation or use of the amusement redemption machines applying for a license. The applicant shall acknowledge that the city is not certifying or sanctioning the installation or use of such machines.
- (f) *Limitation of regulations on existing business.* Those businesses operating amusement redemption machines or amusement redemption machine game rooms permitted by the city prior to August 29, 2006, are exempt from the regulations specified in sections 17-59, 17-60(c)(6)c., d., e., f., h., and k. The relocation of the business, or the closing of the business for any reason, whether temporarily or permanently, or the loss of or failure to renew licenses or permits required by these regulations, or the violation of any regulation causing the closure or loss of license required, shall make these exemptions void. These exemptions are specific and do not include any other regulation or code that would otherwise be applicable.

Section 3. Severability. In the event any clause, phrase, provision sentence, or part of this Ordinance or the application of the same to any person or circumstance for any reason be adjudged invalid or held unconstitutional by a court of competent jurisdiction, it is the intention of the City Council that the invalidity or unconstitutionality of the one or more parts shall not affect, impair, or invalidate this Ordinance as a whole or any part or provision other than the part declared to be invalid or unconstitutional; and the City Council of the City of La Marque, Texas, declares that it would have passed each and every part of the same notwithstanding the omission of any such part thus declared to be invalid or unconstitutional, whether there be one or more parts.

Section 4. Publication and Effective Date. This Ordinance shall be effective immediately, after final passage by City Council, a public hearing in accordance with Section 2.19 of the City Charter, and publication of this ordinance or a caption that summarizes the purpose of this ordinance.

WHEREAS, The City Council of La Marque, Texas, (“City Council”), pursuant to the application of Jimmy L. Owens, has considered a proposed zoning change for the property described herein; and

The official zoning map of the City of La Marque is hereby amended to rezone the following described property from Zoning District (C-1) General Commercial to (I-1) Light Industrial:

STAFF REPORT

Meeting Date: September 23, 2025

Agenda Item:

Discussion / possible action regarding a request to change the ***Zoning District from (C-1) General Commercial to (I-1) Light Industrial*** for a tract of land being Lots 1 & 2 (1-0) L A Murff Subdivision, Stephen F. Austin Survey, Abstract 2, La Marque, Galveston County, Texas. PID No. 133362, 4011 FM 2004, La Marque, TX 77568.

Item Type: Zone Change

Standard for Approval: “Either the general welfare of the city affected by the area to be changed will be enhanced, or that the property is unusable for the purposes allowed under existing zoning.” See City Code Sec. 71-26(k).

References: City Code Chapter 71-6;
Chapter 211, Texas Local Government Code

Council approval: Required, Ordinance also required, if approved by council.

Public comments:

- James Owens (son of property owner) shared that property was originally owned by Americo for 50+ years under a Light Industrial (I-1) zoning. In the 1980s, the zoning was changed to Commercial (C-1). He is requesting to change the zoning back to Light Industrial (I-1) for a better opportunity to sell the property.
- *****City Clerk's Office received a letter via USPS Mail with an unverified petition from Starship Dowlen, LP (owners of nearby property with RV Park), sharing their opposition to the rezoning of this property.***

History: This property is zone C-1 General Commercial. Per the property owner, this property has been on the market for some time. All interest from prospective buyers want businesses in I-1 Light Industrial zoning.

Recommendation: The Planning and Zoning Commission made a motion to submit a recommendation to council to deny the rezone with a unanimous vote (4-0, Commissioner McCarra was absent).

RE: Proposed Zoning Change for 4011 FM 2004, La Marque, TX 77568

Dear City Officials:

Our firm is counsel to Starship Dowlen, LP, the owner of the RV Park located at 4313 FM 2004 Road, La Marque, TX 77568. We are sending you this letter to advise you that Starship Dowlen, LP opposes the proposed zoning change to 4011 FM 2004 to Light Industrial. Such a change would harm the RV Park and neighbor and subject the RV Park residents to industrial business activities, noise, dust, etc. This is not consistent with the neighborhood and surrounding properties. Starship Dowlen, LP made the decision to develop and build the RV Park on the basis that this neighbor is zoned commercial and not industrial.

Also, to approve the change for one site would, in our opinion, be unlawful spot zoning.

We have enclosed a Petition signed by our client and many of the RV Park residents opposing the zoning change.

Please contact our office if you have any questions about this matter.p

Sincerely,

CREIGHTON, FOX, JOHNSON & MILLS, PLLC

CITY COUNCIL AGENDA FORM

Meeting Date: October 13, 2025

Prepared by: Shannon Breaux

Department: Public Works

Agenda Item: 9.II.

Reviewed by: _____

AGENDA ITEM DESCRIPTION:

Amending Chapter 42 of the City of La Marque Code of Ordinances to update water and wastewater impact fees in accordance with the 2023 Impact Fee Study and staff recommendation - *Public Works*

THIS IS THE FIRST READING

STAFF BRIEFING:

The City of La Marque's current water and wastewater impact fee is \$3,770 per equivalent service unit (ESU). The 2023 Impact Fee Study identified over \$33 million in growth-related capital improvements for water and wastewater infrastructure over the next ten years.

Engineer's Recommendation (ADICO Engineering):

Water – \$3,593.41 per ESU

Wastewater – \$4,855.29 per ESU

Total: \$8,448.70 per ES

Public Works Recommendation:

Based on the study and regional fee comparisons, staff proposed a midpoint approach to balance cost recovery with competitiveness:

Water – \$2,891.33 per ESU

Wastewater – \$3,906.67 per ESU

Total: \$6,798 per ESU

This recommendation positioned La Marque's fees between Texas City (\$6,675) and Galveston (\$6,922), ensuring regional competitiveness while improving funding for growth-related projects.

HISTORY:

- **Nov 14, 2023** – Impact Fee Advisory Committee approved LUA and CIP.

- **Jan 8, 2024** – ADICO Engineering presented findings to City Council.
- **Jan 22, 2024** – Council acknowledged receipt of LUA and CIP; set Public Hearing.
- **Feb 2, 2024** – Public Hearing held; LUA and CIP approved.
- **June 24, 2024** – Council acknowledged receipt of 2023 Impact Fee Study; set for August hearing.
- **Aug 26, 2024** – Hearing postponed due to insufficient advertising.
- **Oct 14, 2024** – Public Hearing and Council approval of Impact Fee Study.
- **March 10, 2025** – No action taken.
- **April 14, 2025** – Council declined the recommended adjustment and voted to keep impact fees at \$3,770.

FISCAL IMPACT:

By remaining at \$3,770 per ESU, the City will not implement either the \$8,448.70 (engineer's recommendation) or the \$6,798 (staff recommendation). As a result, the City will forgo millions in potential revenue from new development and will need to rely more heavily on other funding sources including utility revenues, debt issuance, and grants to meet the \$33 million in identified growth-related infrastructure costs.

1. INTRODUCTION

1.1 HISTORY

The City of La Marque first adopted Impact Fees and the supporting Land Use Assumptions (LUA) and Capital Improvements Plan (CIP) in 2018. Since the initial adoption, Impact Fees have not been amended to reflect the City's progress on its CIP, appropriateness of initial LUA, and the Impact Fee collections and implementation. The initial study was completed by ARKK Engineers, LLC in 2018. This report forms the basis of the first scheduled update which is planned for 2023, since the initial 2018 report.

1.2 STATE LAW PERTAINING TO IMPACT FEES

Chapter 395 of the Texas Local Government Code prescribes the required process for cities to follow for adoption, amendment, and update of Impact Fees charged. The City of La Marque charges Impact Fees for each new connection to the City's water distribution and/or wastewater collection system.

Updates are required to be performed on a five-year cycle. The update process requires engaging a Registered Professional Engineering firm to prepare the aforementioned documents and calculations. The results are then to be presented to an Advisory Committee appointed by the City Council to review and recommend adoption of land use assumptions, population projections, proposed CIP projects, and the amount of the Impact Fees to be considered and adopted by the City.

The advisory Committee is required to comprise of five or more members, of which 40 percent (40%) or more are representatives of the real estate, development, or building industries, who are not employees or officials of the City. Further, the City's Planning and Zoning Commission may act as the advisory committee if the commission includes at least one representative of the real estate, development, or building industry.

According to the City of La Marque Ordinance Section 42-14, the Planning and Zoning Commission shall act as the advisory committee. The City's Planning and Zoning Commission currently has 5 members, of which one is a member from the real estate industry, as required by the legislation, to fulfill this requirement.

For purpose of this update, it is recommended that the City adopt a **10-year** planning period from 2023-2033 and consider factors affecting growth rates, intensity of development, known major development projects, and projections by local and state agencies to guide the land use assumptions and resulting CIP. This update study includes a review of the growth trend during the previous planning period, projects implemented from the CIP; water and wastewater projects and their actual cost.

2. SERVICE AREA

The original LUA adopted in 2018 utilized the area within the City of La Marque's City Limit. Since 2018 there has not been any new annexations. Therefore, the Service Area, as seen on **EXHIBIT A**, remains unchanged.

In the future, as areas are considered for annexation, the Service Area Map should be updated to reflect the annexed areas. Areas outside the City Limits in which the City is considering executing a development agreement for water and/or wastewater service, should also be incorporated into the service area.

3. LAND USE ASSUMPTIONS AND POPULATION PROJECTIONS

3.1 LAND USE ASSUMPTIONS

The purpose of the LUA is to provide the basis for provision and requirement for projects to support new development in the Service Area and to project the number of equivalent service units (ESU) to fairly allocate the resulting costs through the assessment of Impact Fees. For the purposes of this report, the terms equivalent meter and equivalent service unit will be used interchangeably.

The following factors were considered in the initially adopted Land Use Assumptions and have been reviewed as part of this update process:

- a. The character, type, density and quantity of existing development
- b. Proposed land use (See **EXHIBIT B**)
- c. The Water System Modeling and Planning Study (2016 ARKK Engineers)
- d. Availability of land for future development
- e. Current growth trends in the City
- f. Location and configuration of vacant land
- g. Known or anticipated development projects
- h. Physical holding capacity of the City
- i. Known or anticipated development projects

This update also takes into consideration actual growth rates for the previous period.

3.2 PREVIOUS PERIOD DEVELOPMENTS

In 2018 there were many new developments in the planning phase. Several projects were completed, and some had initial phases which were in progress. The following is a list of the major projects which began and were in the planning stages.

- a. Trails at Woodhaven
 - i. Section 1
 - ii. Section 2
 - iii. TWL Senior Living

- iv. Commercial Reserve
- v. Cottage Reserve
- b. Ambrose
 - i. Section 1
 - ii. Section 2
 - iii. Section 3
- c. Sunset Grove
 - i. Section 1
 - ii. Section 2
 - iii. Section 3
 - iv. Section 4
- d. Delany Cove
- e. CRV/Motco
- f. JMK5 Arena

These developments as well as anticipated development areas are shown in **EXHIBIT C**.

3.3 BASE DATA

The data developed for the original LUA was based on aerial mapping and HGAC planning resources. Updated data obtained from the US Census Bureau, is shown in the following table:

TABLE 3.1 POPULATION DATA

Year	Household Population	Increase
2017	16,739	
2018	16,805	0.4%
2019	17,319	3.1%
2020	18,455	6.6%
2021	18,821	2.0%
2022	19,147	1.7%

AVERAGE 2.7%

3.4 POPULATION PROJECTION

Since the original LUA were adopted, the 2020 census was completed and reflected that the City of La Marque had a population of 18,455. The figures obtained from the national census show a growth record of 2.7% for the period 2018-2022. (**TABLE 3.1**)

The following table shows population projections for the 10-year planning period for this study. Number of connections for years 2020 and 2021 was determined by obtaining actual meter counts by size from the City, and then converting these to ESU's as defined in Section 5.2.

3.6 TEN YEAR GROWTH ASSUMPTIONS

The original LUA projected a growth rate going forward for the 10-year planning period (2018-2027) of 102 ESU per year.

The current rate of growth in terms of ESU for the City currently averages around 250 new ESU's per calendar year from 2019-2023 as evidenced by the impact fees collected since 2019. The number of ESU's for 2019 is not included in the calculation for the 5-year average as development severely decreased over the period 2019-2020. The following table shows the impact fees collected and the equivalent ESU per year. This is based on reports obtained from the City for the period 2019 to 2023.

TABLE 3.4 EQUIVALENT SERVICE UNITS PER YEAR

5-YEAR AVERAGE (ESU)			250
5-YEAR AVERAGE (%)			2.69%

*Estimated total connections for 2023 based on existing impact fees collected for 6 out of 12 months.

With the current total connections in the system expressed in ESU's of approximately 8,956, the annual growth rates in terms of ESU was 2.8%. It is recommended that for the 2023 update of the LUA's the City adopt a growth rate of 2.69% in ESU to the water and wastewater system. This is a more realistic statistic because it is based on actual impact fees collected.

3.7 ULTIMATE POPULATION PROJECTIONS

The original LUA adopted in 2018 provided a build-out connection capacity of the city. The following primary factors were considered:

- Existing development
- Proposed land use
- Available land

The ultimate projected connections was estimated at 8,711. Since the 2018 update, the City has experienced development in multiple projected areas, resulting in an increase of the ultimate projected connections and ultimate population.

TABLE 3.5 shows the City's projected development and estimated water use. The City could reasonably be expected to have **13,782** water service connections (ESU's) in the future. The areas of anticipated future development are shown in **EXHIBIT C**.

3.8 LAND USE ASSUMPTIONS SUMMARY

The updated LUA are summarized as follows:

- a. Based on a 2.7% population growth rate, projected population for 2023 is 19,664 and projected 2033 population is 25,667.
- b. The projected ESU growth rate for the 10-year planning period (2023-2033) for purposes of this update report is 2.69%, or 250 ESU's per year. This results in a total new ESU's for the 10-year planning period of 2500 connections.
- c. Based on population projections and projected connections for the period 2023-2033, a "population per equivalent meter" of 2.4 persons per connection was determined.

4. CAPITAL IMPROVEMENT PLAN

The Impact Fee Capital Improvement Plan (CIP) includes projects anticipated to serve growth within the City during the 10-year planning period, 2023-2033.

4.1 ELIGIBLE FACILITIES

The impact fee legislation allows those projects necessitated by growth during the planning period to be included in the impact fee calculation. Projects included in the CIP include wastewater treatment facility expansions, sanitary sewer lift stations and existing lift station improvements, sanitary sewer collection systems and existing sanitary sewer collection system expansion, water distribution systems and existing water distribution systems improvements, water production, water storage, and water treatment facilities and existing water storage and treatment facility expansion, including but not limited to water wells, water storage tanks, and booster pump systems.

4.2 2018 CAPITAL IMPROVEMENT PLAN

The original planned projects; including estimated costs; from the 2018 Impact Fee Study prepared by ARKK Engineers, LLC. are shown in **TABLE 4.1**.

4.3 CAPITAL IMPROVEMENT PROJECTS (2023 UPDATE)

The eligible water and wastewater projects for Impact Fee consideration are shown in **TABLE 4.2**. This includes proposed CIP projects, and proposed improvements to existing facilities that have excess capacity which can serve some or all of the projected growth during the study period.

For the existing facilities, their design capacity was evaluated against existing demands and projected growth, to determine the prorated value for growth during the study period. **EXHIBIT D (Water)** and **EXHIBIT E (Wastewater)** show the Capital Improvement Plan Project Maps.

5. IMPACT FEE CALCULATION

This section includes the determination of interest costs for the CIP, service unit equivalency and projections, and the maximum impact fee amount.

The capital improvement costs included in the impact fee calculation will include the portion of the previously identified CIP projects that are directly related to new growth. Some of the projects will include expansion of existing facilities to provide new capacity for future growth. The previous table (**TABLE 4.2**) show the proposed CIP Costs Summary, reflecting costs prorated for new development to be used in the impact fee calculation.

5.1 FINANCE COSTS DETERMINATION

Costs incurred to support the debt service for the CIP projects listed in **TABLE 4.2** are eligible for reimbursement in accordance with the Impact Fee Legislation. This update reflects an estimated interest rate of 2.5% per annum on bonds such as TWDB State Revolving Fund loans. On that basis, the total interest expense for the Impact Fee is calculated in **TABLE 5.1** below:

TABLE 5.1 TOTAL INTEREST EXPENSE

	WATER	WASTEWATER
Project Cost (Rated for Inflation)	\$14,127,622.63	\$19,088,745.00
Interest Rate	2.50%	2.50%
Term (Years)	20	20
Total Interest	\$3,839,420.82	\$5,187,689.88
Total Eligible Cost w/ Interest	\$17,967,043.44	\$24,276,434.88

5.2 EQUIVALENT SERVICE UNIT DETERMINATION

The equivalent meter/ESU was selected in the 2018 report as the method of measurement for consumption by new growth for impact fee purposes. The water meter serves as the service unit for both water and wastewater impact fee calculations. The equivalent meter is defined as the unit equivalent to the hydraulic capacity of a ¾ inch (3/4") meter.

The 5/8" and 3/4" meters were selected because it represents the water meter size for an average single family dwelling. Equivalency factors are provided for larger meter sizes as developed by the American Water Works Association, as seen in **TABLE 5.2**

TABLE 5.2 WATER METER EQUIVALENCY FACTORS

METER SIZE (INCHES)	EQUIVALENCY FACTOR
5/8 OR 3/4	1
1"	1.67
1 1/2"	3.33
2"	5.33
3" Compound	10
4" Compound	16.67
6" Compound	33.33
8" Compound	53.33
10" Compound	76.67

TABLE 5.3 uses these equivalency factors and the total existing meter count provided by the City of La Marque Water Billing Department to determine the total equivalent meters in the system can be determined.

TABLE 5.3 EQUIVALENT METER FACTORS

SIZE	NO. OF METERS	ESU/EQUIV.	ESU 2022
3/4"	7459	1	7459
1"	160	1.67	267
2" Meter	146	5.33	778
2"	6	5.33	32
4"	5	16.67	83
6"	3	33.33	100
8"	3	53.33	160
10"	1	76.67	77
		TOTAL	8956

A "population per equivalent meter" to factor in residential and commercial meters was also calculated. The 2023 calculation is as follows:

2023 Population per Equivalent meter

$$\frac{25,667 - 19,664 \text{ (Increase in Population, 2023 - 2033)}}{2,500 \text{ (Projected Increase in ESU)}} = 2.4$$

5.3 MAXIMUM IMPACT FEE CALCULATION

The maximum assessable impact fee is determined by dividing the cost of the CIP projects plus interest by the projected increase in equivalent meters for the 10 year planning period. The fee for various meter sizes is then determined by applying the factors provided in **TABLE 5.2** for all meters larger than the standard ¾" residential meter. The maximum assessable impact fee for the City of La Marque for water and wastewater is calculated as follows:

MAXIMUM WATER IMPACT FEE

$$\frac{\$17,967,043.44 \text{ (Cost of Water CIP Projects)}}{2,500 \text{ (Projected Increase in ESU)}} = \$7,186.82$$

MAXIMUM WASTEWATER IMPACT FEE

$$\frac{\$24,276,434.88 \text{ (Cost of Wastewater CIP Projects)}}{2,500 \text{ (Projected Increase in ESU)}} = \$9,710.57$$

Chapter 395 of the Local Government Code was amended in 2001 requiring the City to provide a credit for the following:

Section 395.014 Paragraph a (7):

(A) a credit for the portion of ad valorem tax and utility service revenues generated by new service units during the program period that is used for the payment of improvements, including the payment of debt, that are included in the Capital Improvements Plan; or

(B) In the alternative, a credit equal to 50 percent of the total projected cost of implementing the capital improvements plan.

The Impact Fee legislation allows the City to charge an impact fee up to the amount shown as the calculated maximum.

In 2018, the maximum calculated fees were \$2,196 for water and \$1,588 for wastewater. This impact fee value has remained unchanged.

For this update (2023), the maximum allowable impact fee proposed is calculated as follows:

$$50\% \text{ of Water CIP Costs per Equivalent Meter} = \$7,186.82 \times 50\% = \mathbf{\$3,593.41}$$

$$50\% \text{ of Wastewater CIP Costs per Equivalent Meter} = \$9,710.57 \times 50\% = \mathbf{\$4,855.29}$$

5.4 CONCLUSIONS AND RECOMMENDATIONS

After discussion and deliberation of the Impact Fee Advisory Committee, the 2023 fee amounts to be recommended to City Council are as shown in **TABLE 5.4** below:

AGENDA ITEM DESCRIPTION:

Awarding a construction contract to Faith Utilities, LLC, in the amount of \$1,398,471.00 for the 12-Inch Water Distribution Line from Newman Road to Stonewall Street project - *Public Works*

STAFF BRIEFING:

Adico, LLC, the City's consulting engineer, publicly advertised and solicited bids for the Newman Road to Stonewall Street Water Distribution Line project. Bids were opened on September 3, 2025, and reviewed for compliance with plans and specifications. After evaluation and reference checks, Adico, LLC recommends awarding the contract to Faith Utilities, LLC, who submitted the lowest responsive and responsible base bid of \$1,398,471. The project includes installation of 12-inch C-900 PVC waterlines (open cut and cased bores), gate valves, fire hydrants, service reconnections, traffic control, and restoration work. In addition to strengthening the City's overall water distribution system, this line will directly provide service to the new La Marque High School. Timely completion of this project is critical to ensure water service is in place before the school's scheduled opening.

The project will improve the City's water distribution system by installing a new 12-inch PVC waterline, enhancing capacity and reliability for existing customers and supporting future growth.

HISTORY:

The City identified this waterline extension as a top priority to meet increased demand and support new development, including the new high school. Council previously authorized advertisement for competitive sealed bids. Eleven bids were received, with Faith Utilities, LLC submitting the lowest responsible base bid

FISCAL IMPACT:

The total contract amount of \$1,398,471.00 will be funded through Water Impact Fees. No allocation from the General Fund is required. Adico, LLC will provide construction oversight under their existing engineering services agreement with the City.

SETH FUND UTILIZATION 2024

In FY 2024, the City of La Marque was awarded \$50,000. Thanks to the SETH funding, the City in partnership with the United Way of the Mainland was able to assist 46 families with critical needs such as rent/utilities, fire assistance, and small home repairs. This funding has provided essential relief, and we are proud to have been able to make such a positive difference in the lives of many. Several residents were near or past the point of disconnection on their utilities.
