(6) AWARDING/APPROVAL OF BIDS

(a) Discussion/possible action approving agreements between the Enterprise Fleet Management Inc. (Enterprise FM Trust) to assist the City with fleet maintenance and replacement program.

** Councilmember Bell made a motion to approve the agreements between the Enterprise Fleet Management Inc. (Enterprise FM Trust) to assist the City with fleet maintenance and replacement program.

** Councilmember Trube seconded the motion. Discussion followed with Councilmember Osteen asking questions about the agreements and whether they were in the best interest of the city. He was concerned about some of the language and said it appeared to be one-sided. Councilmember Osteen asked the representatives Jason Tyra, Regional Director and Brian Cox why a Master “Walk-away” Lease Agreement wasn’t presented to the City. Mr. Tyra said that typically those types of agreements were a retail dealership type of lease agreements and said that the one that is being presented is the open-end lease agreement, which is more suitable for municipalities. Cities could benefit monetarily on the back-end in these types of agreements. They discussed the 18% interest rate, which was said could be negotiable. Mr. Tyra explained that the language in the agreement was general, and if certain fees were not affiliated with cities since they are tax exempt, then they will not be applied in this case. It was determined that wear and tear and mechanical breakdown repairs would lie with the responsibility of the City. Councilmember Osteen asked who the Crawford Group was and it was said to be the owners of Enterprise Holdings as well as Enterprise Fleet Management and are listed as a holding company of the other two entities.

Councilmember Bell said that the City does not wish that the emergency vehicles be included in this agreement, and prefers to maintain those vehicles ‘in-house.’ He asked about the unmarked vehicles, and what would happen if the need arose to use one of the staff vehicles for emergency purposes.

Lieutenant Kirk Jackson stated that only on rare occasions there would be a need to use a staff or unmarked vehicle, but only in an emergency and in the instance of a life threatening situation.

City Attorney Mr. Ortego said that the City will still be providing insurance to cover those vehicles through TML Risk Pool, the vehicles still would be covered.

Councilmember Bell continued by stating in the agreement it states that invoices over \$75.00, Enterprise will have to approve before repairing. There was a discussion of what the correct amount was in the maintenance contract and whether it was \$50.00 or \$75.00. It was determined that \$50.00 is for the fixed cost (full maintenance program), and the other program includes the vehicles that the city currently owns, Enterprise has never owned, which is the pass through program (\$75.00), Enterprise would oversee the repairing of those vehicles also.

City Manager Carol Buttler explained that once the City Attorney and staff started reviewing the agreements, it was determined that the amendments were necessary.

Mr. Tyra explained the “over mileage maintenance fee”, to mean if the vehicle was at the end of the term and had over 60 thousand miles, that is when this fee would be assessed, which would include an option of extending the contract.

1111 Bayou
La Marque, Texas 77568
409.938.9202

City Manager Carol Buttler said that they negotiated the turn-around time for late payments from ten days to twenty days. Enterprise stated that they are willing to work with the City if put in this situation.

Discussion continued negotiating over the 18%, and or waiving any late fees. The representative stated that he didn't have the authority to negotiate the 18% down on his own at this time, without consulting with his firm, but will continue to work with the city with the late fees if any incur.

Discussion followed whether the wording in Section 9 was in the correct agreement, and it was determined that the City Attorney would see to it that the language was included in the correct agreement and or amendments. That the title of the page would not supersede what is in the body of the agreement, but they wanted Section 9 (Miscellaneous), to include the following verbiage in an additional paragraph:

"All references in the Agreement and in the various schedules and addenda to the Agreement and any other references of similar import shall henceforth mean the Agreement as amended by this Amendment. Except to the extent specifically amended by this Amendment, all of the terms, provisions, conditions covenants, representations and warranties contained in the Agreement shall be and remain in full force and effect and the same are hereby ratified and confirmed."

City Manager Carol Buttler said that one of the advantages to entering into this agreement would be to have an immediate vehicle replacement plan in place so that the City could stay more on top of the maintenance and replacement of vehicles. The second advantage being, that the City wouldn't have to come up with such a large amount of funding at one time, and allow for the rotation of the vehicles. The City will be replacing vehicles, based on their mileage and condition.

Discussion followed with a representative of Enterprise saying that the City will be provided with two persons from Enterprise, one being an Account Manager and an Account Representative at all times, and that both he and Brian Cox would also be available if needed. They will do everything in their power to act in good faith

Ms. Buttler said that the City had been was determining what could be outsourced, and this situation seemed to fit and be workable. Staff will be analyzing the maintenance portion and entire program for its effectiveness.

City Attorney Ellis Ortego stated that according to statute, it requires a City to pay a certain percentage for late payments, if a certain debt is not paid within thirty days. Discussion followed of it being 1.5 %, and that they would try to do everything in their power to act in good faith and work with the City on the late fees, and getting the percentage rate lowered.

Councilmember Trube, stated, "I appreciate them waiving the fees, but I don't want to see La Marque getting too comfortable. If we are late making a payment, then we should be penalized."

Discussion followed, that under the payment terms in the agreement, they will be changing the time limit from twenty days to thirty days. MOTION CARRIED UNANIMOUSLY.

2. Geraldine Sam thanked everyone for participating in this year's Christmas parade that was held on December 4th. She said that it was one of the best parades in the history of La Marque. Tom Vaught was present to represent the property. Mr. Vaught stated that he is proposing to use the property as a medical clinic. Commissioner Colombo asked if there was any interest in placing a billboard on the parcel. Mr. Vaught stated that he was also interested in placing a billboard.

Building official Ana Tims informed the board that the current zoning ordinance does not allow at this time for billboards to be placed in general commercial areas. Commissioner Colombo also asked about the other two additional strips on Newman.

Mr. Vaught informed the commission that they would not affect Newman, and that his lot was on the west side of Kelley's restaurant. Mr. Vaught also showed the commission and the audience a map that showed where the property was at.

Commissioner Colombo asked Mr. Vaught if he had purchased the property. Mr. Vaught stated that the sale of the property was contingent on the approved re-zone of the property.

Nora Hernandez asked if there were any houses on the property at this time. Mr. Vaught responded that there were no houses at this time on the property, however there were houses to the south of lot 6. Commissioner Colombo asked Building Official Ana Tims if everyone within 200 feet of the parcel had been notified. Mrs. Tims informed him that they had.

- b. Public Hearing- regarding proposed re-zone for properties described as ABST 150 PAGE 8 LOTS 1 THRU 14 BLKS 7 THRU 42 & 45 THRU 50 & ABND STREETS from Public to General Commercial.

Steven Morehead resident on Walnut Street stated that he can see the motor cross from his house. He added that it was very loud, and very close to his neighbors who were not able to make the meeting. Mr. Moorhead added that the owner of the property addressed as 2406 Walnut has concerns about people running outside of the golf tract and neighbors had in additional concerns about the hours of operation.

Chairman Stanley made the statement that Walnut Street was parallel to the area that is being proposed for the re-zone.

Steven Rhodes the project operator for the motor park asked Mr. Morehead if his property abutted the golf course. He proceeded to read the mission statement of the motor park and stated that he (Mr. Rhodes) wants to give vehicles a safe environment. He added that the motocross consists of bicycles as well, and that he had not had any complaints.

Mr. Rhodes also stated that the track was rented to an agency that hosted an event at the location and he had placed decibel meters which showed that there was not an excess of noise to regulations.

Mr. Rhodes also added that if there was noise that created a nuisance the track would be moved, or they would do whatever it took. Mr. Rhodes also added that there were remaining lakes in the property and that the lakes would be renamed the lakes of La Marque. Mr. Rhodes stated that his intent was to have the park open to the public including fishing facilities, a grill, and that there would be discounts for EMS, Fire and Police personnel.

Mr. Rhodes stated that all he is doing is training for the kids, and that he is doing his best to improve the property and make the golf course a park. Mr. Rhodes proposed the flying of kites and stated once again that he would alter the course of the tracts.

Commissioner Colombo asked Mr. Rhodes if he would check all vehicles to ensure that the noise is kept down, and that there are no people out of control.

Mr. Morehead asked what would the hours of operation be. And he also directed to Mr. Rhodes the question of will the same regulations be in effect two years from now? Mr. Rhodes responded that he will make sure the park is closed at dusk. Mr. Rhodes also added that there

would be no events on the property on Sundays. And the only events that would be held outside these parameters was when the park is rented out to sanctioned events.

Mr. Morehead stated that the police department cannot chase the burglars and have no control over people using motorcycles and ATV's to get back and forth on the ditches in that area. Mr. Rhodes stated "I chase the burglars, and encourage them to ride on the tract". Mr. Rhodes also stated that he wants to add to the community however he has no control over people riding in the park at night.

Mr. Morehead asked if the concept can change over time. Mr. Rhodes responded that he wants to give kids the opportunity to get involved in the sport and does not want to detract from the community.

Mr. Morehead stated that he can hear the noise from the Gulf Freeway and that it has not affected him. Mr. Morehead added that his concern was that once it was re-zoned anything could be done with the property. Commissioner Colombo stated that we had ordinances in place that would enact restrictions. Commissioner Colombo also added that the honesty of Mr. Rhodes would have to be maintained intact.

Diana O'Sea who lives at 1117 Main Street stated that the back of her fence is on Walnut Street she asked if the entrance to the park would be from Palm Street. Mr. Rhodes responded that this would not be case, and that the entrance would be from the IH-45 northbound feeder and that people are discouraged from using 12th Street as an entrance. Mr. Rhodes informed the Commission and the audience that 90% of the activity should come from the feeder road.

Mrs. O'Sea asked if there were any plans for soundproofing. Mr. Rhodes stated that noise abatement would be done by not cutting down any trees. He added that as a temporary measure he would like to use what is known as the highland bayou cut ditch to alleviate the noise at Walnut Street. Mr. Rhodes informed the Commission and the audience that he cannot do anything in reference to the echoes.

Mrs. O'Sea stated that she did not want to wake up at seven in the morning to hear noise or have lights that creates a nuisance at night.

Mr. Rhodes stated that he expects three Saturdays a month to have a sanctioned event Mr. Rhodes also informed the Commission and the audience that if this does not work we must find another use for the property. Mr. Rhodes also added that these events would be three Saturdays a month and they would run until nine pm, but that the times can be changed.

Sherry Burmaster resident of 626 Walnut stated that this sounds like a good reuse for the property, but she personally would like to see a more defined scope of the project, as well as to show a plan. Mr. Rhodes stated that he has presented a plan to the city

The Building Official Ana Tims informed Mrs. Burmaster that this public hearing was the initial meeting to receive input in reference to the proposed re-zoning of the property in accordance with Local Government Code.

Bob Greig owner of the property stated that the property had been used as public usage, but when he purchased the property the zoning changes were made final in December of 2005 and has maintained that designation. Mr. Greig stated that there were several proposals for the property, but the motor cross development seems to be the least intrusive use of the

property, and less adverse. Mr. Greig added that the parcel will never be a residential area, or a park. Mr. Greig added that the property backs up to Walnut Street which has a mixed zoning. Mr. Greig added that he thinks the citizens would be better served by the motor cross and that this usage would promote development. Mr. Greig also added that he is looking at options that do not have to do with this enterprise and it needs to become commercial. Mr. Greig also added that the change in this zoning will also translate to higher taxation value.

Mr. Morehead stated that his concern is that once the property is rezoned commercial anything can be placed in the parcel. Mr. Morehead stated that he is not worried about the motor cross; he already has to deal with paragon being in close proximity of his home, and another industrial usage would decrease his property values.

Mayor Hocking stated that he thinks it is important to note that the property lies in a commercial area. Building official explained the zoning of the area which includes general commercial and single family designations. Mayor Hocking added that the purpose of this zoning meeting was to move the designation of the parcel from public to commercial. Mayor Hocking added that the citizens are the most important resource of the city. Mayor Hocking stated that in response to Mrs. Burmaster the purpose of the public hearings is to hear the input of the citizens both positive and negative, and that we were aware of the needs of the city and if "this thing goes wacko" it will be over. Mayor Hocking also added that this was a better usage that per say a light industrial.

Building Official Ana Tims informed the commission and the audience that the property lies in a flood zone

Mr. Rhodes stated that he intends to place hike trails, bicycles, and that all funding is being done by private money to benefit the community. Mr. Rhodes also added that the re-zoning from public to commercial will increase property values.

- a. LOTS 6, 7, 8 & 9 AMBURN SUBDIVISION from Single Family Residential to General Commercial.

Commissioner Colombo made a motion to approve the re-zone. Commissioner Stanley seconds the motion and the motion passed unanimously.

- b. Discussion/ Possible Action - regarding proposed re-zone for properties described as ABST 150 PAGE 8 LOTS 1 THRU 14 BLKS 7 THRU 42 & 45 THRU 50 & ABND STREETS from Public to General Commercial.

Commissioner Colombo made a motion to table the item. Commissioner Stanley seconds the motion and the motion passed unanimously. Commissioner Colombo asked that a more defined layout be presented in the next time the item was presented before the board.

- c. Discussion/ Possible Action – regarding a proposed ordinance in reference fences and requirements.

Commissioner Westerlage (Board of Adjustments) stated a neighbor in her neighborhood had placed a privacy fence around the front of the house. And that it declined the beauty of the

neighborhood. She asked the Commission to consider changing the regulations that allow these fences to be placed.

Building Official Ana Tims presented ordinance from various cities that define front yard fences to a maximum height of forty eight inches, and added that she would like to request from the Commission that the minimum height on residential fences be increased to seven feet to alleviate the amount of variance requests presented to the Board of Adjustments for seven foot fences.

Commissioner Colombo stated that he had concerns about fences that were only forty eight inches because some dogs may not be contained by this. Commissioner Colombo stated that he has studied the regulations of the zoning ordinance chapter 71-21 in reference to fences and he did not see any restriction on privacy fences on the front yards. He stated that a 6 foot iron fence would be a pleasing sight and he did not have objections to a fence of this character, or a chain link fence.

Mr. Feigel asked if the an ordinance was adopted to regulate the fences would this have any effect on the fences that have already been erected, or would they be "grandfathered".

Commissioner Colombo made a motion to proceed with drafting an ordinance regulating fences in the front yard, and height on fences. Commissioner Stanley seconds the motion and the motion passed unanimously.

d. Discussion/ Possible Action – regarding development permits.

Building Official Ana Tims informed the board that this was a secondary portion to the flood ordinance that the board had worked on previously. She added that Development Permit in the flood prone areas will have to be required to comply with federal regulations. Mrs. Tims also added that she would like to extend the development requirements to all parts of the city to ensure that development occurs in accordance with adopted regulations within the city.

Commissioner Colombo made a motion to move forward with the development permit and directed Building Official Ana Tims to create a development permit for the city. Commissioner Stanley seconds the motion and the motion passed unanimously.

Tom Vaught was present to represent the property. Mr. Vaught stated that he is proposing to use the property as a medical clinic. Commissioner Colombo asked if there was any interest in placing a billboard on the parcel. Mr. Vaught stated that he was also interested in placing a billboard.

Building official Ana Tims informed the board that the current zoning ordinance does not allow at this time for billboards to be placed in general commercial areas. Commissioner Colombo also asked about the other two additional strips on Newman.

Mr. Vaught informed the commission that they would not affect Newman, and that his lot was on the west side of Kelley's restaurant. Mr. Vaught also showed the commission and the audience a map that showed where the property was at.

Commissioner Colombo asked Mr. Vaught if he had purchased the property. Mr. Vaught stated that the sale of the property was contingent on the approved re-zone of the property.

Nora Hernandez asked if there were any houses on the property at this time. Mr. Vaught responded that there were no houses at this time on the property, however there were houses to the south of lot 6. Commissioner Colombo asked Building Official Ana Tims if everyone within 200 feet of the parcel had been notified. Mrs. Tims informed him that they had.

- b. Public Hearing- regarding proposed re-zone for properties described as ABST 150 PAGE 8 LOTS 1 THRU 14 BLKS 7 THRU 42 & 45 THRU 50 & ABND STREETS from Public to General Commercial.

Steven Moorhead resident on Walnut Street stated that he can see the motor cross from his house. He added that it was very loud, and very close to his neighbors who were not able to make the meeting. Mr. Moorhead added that the owner of the property addressed as 2406 Walnut has concerns about people running outside of the golf tract and neighbors had in additional concerns about the hours of operation.

Chairman Stanley made the statement that Walnut Street was parallel to the area that is being proposed for the re-zone.

Steven Rhodes the project operator for the motor park asked Mr. Morehead if his property abutted the golf course. He proceeded to read the mission statement of the motor park and stated that he (Mr. Rhodes) wants to give vehicles a safe environment. He added that the motocross consists of bicycles as well, and that he had not had any complaints.

Mr. Rhodes also stated that the track was rented to an agency that hosted an event at the location and he had placed decibel meters which showed that there was not an excess of noise to regulations.

Mr. Rhodes also added that if there was noise that created a nuisance the track would be moved, or they would do whatever it took. Mr. Rhodes also added that there were remaining lakes in the property and that the lakes would be renamed the lakes of La Marque.

Mr. Rhodes stated that his intent was to have the park open to the public including fishing facilities, a grill, and that there would be discounts for EMS, Fire and Police personnel.

Mr. Rhodes stated that all he is doing is training for the kids, and that he is doing his best to improve the property and make the golf course a park. Mr. Rhodes proposed the flying of kites and stated once again that he would alter the course of the tracts.

Commissioner Colombo asked Mr. Rhodes if he would check all vehicles to ensure that the noise is kept down, and that there are no people out of control.

Mr. Moorhead asked what would the hours of operation be. And he also directed to Mr. Rhodes the question of will the same regulations be in effect two years from now? Mr. Rhodes responded that he will make sure the park is closed at dusk. Mr. Rhodes also added that there would be no events on the property on Sundays. And the only events that would be held outside these parameters was when the park is rented out to sanctioned events.

Mr. Moorhead stated that the police department cannot chase the burglars and have no control over people using motorcycles and ATV's to get back and forth on the ditches in that area. Mr. Rhodes stated "I chase the burglars, and encourage them to ride on the tract". Mr. Rhodes also stated that he wants to add to the community however he has no control over people riding in the park at night.

Mr. Moorhead asked if the concept can change over time. Mr. Rhodes responded that he wants to give kids the opportunity to get involved in the sport and does not want to detract from the community.

Mr. Moorhead stated that he can hear the noise from the Gulf Freeway and that it has not affected him. Mr. Morehead added that his concern was that once it was re-zoned anything could be done with the property. Commissioner Colombo stated that we had ordinances in place that would enact restrictions. Commissioner Colombo also added that the honesty of Mr. Rhodes would have to be maintained intact.

Diana O'Sea who lives at 1117 Main Street stated that the back of her fence is on Walnut Street she asked if the entrance to the park would be from Palm Street. Mr. Rhodes responded that this would not be case, and that the entrance would be from the IH-45 northbound feeder and that people are discouraged from using 12th Street as an entrance. Mr. Rhodes informed the Commission and the audience that 90% of the activity should come from the feeder road.

Mrs. O'Sea asked if there were any plans for soundproofing. Mr. Rhodes stated that noise abatement would be done by not cutting down any trees. He added that as a temporary measure he would like to use what is known as the highland bayou cut ditch to alleviate the noise at Walnut Street. Mr. Rhodes informed the Commission and the audience that he cannot do anything in reference to the echoes.

Mrs. O'Sea stated that she did not want to wake up at seven in the morning to hear noise or have lights that creates a nuisance at night.

Mr. Rhodes stated that he expects three Saturdays a month to have a sanctioned event Mr. Rhodes also informed the Commission and the audience that if this does not work we must find another use for the property. Mr. Rhodes also added that these events would be three Saturdays a month and they would run until nine pm, but that the times can be changed.

Sherry Burmaster resident of 626 Walnut stated that this sounds like a good reuse for the property, but she personally would like to see a more defined scope of the project, as well as to show a plan. Mr. Rhodes stated that he has presented a plan to the city

The Building Official Ana Tims informed Mrs. Burmaster that this public hearing was the initial meeting to receive input in reference to the proposed re-zoning of the property in accordance with Local Government Code.

Bob Greig owner of the property stated that the property had been used as public usage, but when he purchased the property the zoning changes were made final in December of 2005 and has maintained that designation. Mr. Greig stated that there were several proposals for the property, but the motor cross development seems to be the least intrusive use of the property, and less adverse. Mr. Greig added that the parcel will never be a residential area, or a park. Mr. Greig added that the property backs up to Walnut Street which has a mixed zoning. Mr. Greig added that he thinks the citizens would be better served by the motor cross and that this usage would promote development. Mr. Greig also added that he is looking at options that do not have to do with this enterprise and it needs to become commercial. Mr. Greig also added that the change in this zoning will also translate to higher taxation value.

Mr. Morehead stated that his concern is that once the property is rezoned commercial anything can be placed in the parcel. Mr. Morehead stated that he is not worried about the motor cross; he already has to deal with paragon being in close proximity of his home, and another industrial usage would decrease his property values.

Mayor Hocking stated that he thinks it is important to note that the property lies in a commercial area. Building official explained the zoning of the area which includes general commercial and single family designations. Mayor Hocking added that the purpose of this zoning meeting was to move the designation of the parcel from public to commercial. Mayor Hocking added that the citizens are the most important resource of the city. Mayor Hocking stated that in response to Mrs. Burmaster the purpose of the public hearings is to hear the input of the citizens both positive and negative, and that we were aware of the needs of the city and if "this thing goes wacko" it will be over. Mayor Hocking also added that this was a better usage that per say a light industrial.

Building Official Ana Tims informed the commission and the audience that the property lies in a flood zone

Mr. Rhodes stated that he intends to place hike trails, bicycles, and that all funding is being done by private money to benefit the community. Mr. Rhodes also added that the re-zoning from public to commercial will increase property values.

7. NEW BUSINESS

- a. LOTS 6, 7, 8 & 9 AMBURN SUBDIVISION from Single Family Residential to General Commercial.

Commissioner Colombo made a motion to approve the re-zone. Commissioner Stanley seconds the motion and the motion passed unanimously.

- b. Discussion/ Possible Action - regarding proposed re-zone for properties described as ABST 150 PAGE 8 LOTS 1 THRU 14 BLKS 7 THRU 42 & 45 THRU 50 & ABND STREETS from Public to General Commercial.

Commissioner Colombo made a motion to table the item. Commissioner Stanley seconds the motion and the motion passed unanimously. Commissioner Colombo asked that a more defined layout be presented in the next time the item was presented before the board.

- c. Discussion/ Possible Action – regarding a proposed ordinance in reference fences and requirements.

Commissioner Westerlage (Board of Adjustments) stated a neighbor in her neighborhood had placed a privacy fence around the front of the house. And that it declined the beauty of the neighborhood. She asked the Commission to consider changing the regulations that allow these fences to be placed.

Building Official Ana Tims presented ordinance form various cities that define front yard fences to a maximum height of forty eight inches, and added that she would like to request from the Commission that the minimum height on residential fences be increased to seven feet to alleviate the amount of variance requests presented to the Board of Adjustments for seven foot fences.

Commissioner Colombo stated that he had concerns about fences that were only forty eight inches because some dogs may not be contained by this. Commissioner Colombo stated that he has studied the regulations of the zoning ordinance chapter 71-21 in reference to fences and he did not see any restriction on privacy fences on the front yards. He stated that a 6 foot iron fence would be a pleasing sight and he did not have objections to a fence of this character, or a chain link fence.

Mr. Feigel asked if the an ordinance was adopted to regulate the fences would this have any effect on the fences that have already been erected, or would they be “grandfathered”.

Commissioner Colombo made a motion to proceed with drafting an ordinance regulating fences in the front yard, and height on fences. Commissioner Stanley seconds the motion and the motion passed unanimously.

d.Discussion/ Possible Action – regarding development permits.

Building Official Ana Tims informed the board that this was a secondary portion to the flood ordinance that the board had worked on previously. She added that Development Permit in the flood prone areas will have to be required to comply with federal regulations. Mrs. Tims also added that she would like to extend the development requirements to all parts of the city to ensure that development occurs in accordance with adopted regulations within the city.

Commissioner Colombo made a motion to move forward with the development permit and directed Building Official Ana Tims to create a development permit for the city. Commissioner Stanley seconds the motion and the motion passed unanimously.

- a. Public Hearing- regarding proposed re-zone for properties described as ABST 150 PAGE 8 LOTS 1 THRU 14 BLKS 7 THRU 42 & 45 THRU 50 & ABND STREETS from Public to General Commercial.

Chairman Stanley called the Public Hearing at 4:13 p.m.

1. Marie Phillips, 2311 12th Avenue - asked what was being abandoned, and whether it would affect the parking along her street. She has lived in that house for the last thirty five years.

Ana Tims explained to her that nothing was being abandoned at this time, the word 'abandoned' was part of the legal description of the property that they are trying to re-zone. As far as the parking, the rezoning would not affect it since her house was a little farther from where the property is to be rezoned.

2. Sherry Burmaster, 626 Walnut - said that at the last meeting there was a variety of things that was discussed that could go in at the proposed rezoning location, and named a bike trail or another

type of park setting and that she hoped that the Commission would take the fact that it is residential area into consideration. She also wanted the Commission to look farther ahead, as to the affect any commercial type of business would or could have at this location. She asked that a portion be left residential so that it could be used as some sort of a buffer for the noise. She asked that a compromise be met between the owners and the Commission.

Steve Rose, developer of the property said that there is over 1500 feet left as a buffer zone.

Bob Greig, owner of the property said that the issue at this time is not what type of establishment will be constructed at this location, but a proposed rezoning request.

Commissioner Colombo said that this re-zone request still was required to be brought before City Council, and that Council is partial to the citizens' needs.

- **Operations:**

- ISO (Insurance Services Office) conducted a review and inspection of La Marque's fire protection capabilities on September 11, 2013, to establish a "Public Fire Protection" classification for the City of La Marque.

- We are in receipt of the ISO report delineating the results of their review of our community. The survey has resulted in a pending "non-published" classification change in La Marque's PPC from a three (3) established in 2005 to a five (5).

- I have acknowledged receipt of the survey results by letter as required by ISO advising that we are undertaking a thorough analysis of the findings and conclusions reached during the survey of our community to protect our right of challenge if the findings are found not to be based in fact and, to allow for sufficient time to consider possible modifications and/or improvements that may impact upon the fire suppression rating schedule and attendant classification.

- A detailed report of my analysis, comparison to previous survey instrument, and a potential improvement action plan, {if feasible}, will be forthcoming within the sixty day window set forth by ISO.

- It is important to know that ISO {will not} publish the retrogressed classification rating until we advise of the actions we intend to propose, if any. Should we elect to propose an "improvement action plan" for ISO's consideration and subsequent approval, we will have until May 8, 2014, to implement the action plan before the retrogressed PPC rating is published and made part of the "public record" for future underwriting.

- The arson investigation into the Gulf Breeze Apartment Complex fire occurring in early September continues aggressively. A "Crime Stoppers Reward" of \$5,000.00 has been

approved and posted in the Galveston Daily News. Flyers have been circulated in the complex and surrounding neighborhood.

- **Overtime Utilization:** Fiscal year to date overtime costs: \$11,836.99
December 2013: \$4,363.37

Department wide training in the utilization of Fire House software and Intermedix EMS incident reporting and billing software will be conducted during the first quarter of 2014 to ensure quality and empirical data input to minimize claim rejections; thereby; maximizing financial recovery.
An operational, financial and legal analysis of existing policy providing for “resident waivers” for charges otherwise billable and collectible for emergency medical services rendered which are not reimbursed by insurance will be undertaken during the first quarter of 2014. A similar analysis of existing policy providing for certain “waivers” for charges otherwise billable and collectible for incidents within the purview of our “Revenue Rescue” initiative will be conducted in conjunction with the “resident waiver” study.
