(3) Discussion/possible action regarding the ISO (Insurance Services Office) rate classification of the City of La Marque's fire protection capabilities.

Fire Chief Grimm explained the results of the ISO report that was recently received. He said that the rating had changed from a three (3) to a five (5) since the last report in 2005. But, this rate is pending publication in May of this year. They do that in an effort to allow the communities to propose an "improvement plan" which could impact a proposed classification change prior to publication in May of this year. ISO is a complicated process.

There are three categories in which the City received rates on, and those include: Dispatch, the Fire Department and Water Supply. The Fire Department has the second largest rating category followed by Dispatch. The Water department faired extremely well. We have a very good infrastructure. The Fire Department didn't rate very well at all, which includes investigative inspections, the practice of pre-fire planning and training.

He further explained the report to Council. "The impact upon the City, I cannot begin to estimate. I have talked to my insurance agent and other insurance agents. It is impossible to project and predict. In speaking with the investigator that came to the City of La Marque, it became clear that they knew that we were going to have an adjustment upward."

Chief Grimm stated that he could not begin to predict what the impact of this rating will have on the City. "If we don't engage in some type of an action plan, I would expect the inspectors to come back in the near future to re-rate the City again."

“We have suffered by and large. It is my understanding that the position of Fire Marshall which was unfunded for the past two budget years, oversaw the conduction of training activities. He reported that the City is meeting the requirements for the State of Texas for certification training, but nothing more than that, which impacts this rating considerably. “You may be surprised that even the fact that we haven’t adopted our codes since 2003, also impacts our rating. I have thought about this and realize the financial impact upon the City but there is no question that the major cog in our wheel is broken, in fact it is not in place at all, is the fact that we do not have a dedicated Fire Marshall. Someone who can do this activity on a daily basis, someone who can step up and provide oversight to these functions and provide coordination to the on-duty personnel as they go about their business everyday on the inspection side and fire prevention and provide some direction to our training functions.”

Mayor Hocking congratulated Chief Grimm on presenting one of the most concise, informative and articulate reports, to which Councilmember Brown agreed.

Councilmember Bell repeated an earlier statement made by Chief Grimm that the major problem was the fact that the City doesn’t have a position as a dedicated Fire Marshall. In the past, the Fire Chief and Fire Marshall were possibly one in the same person, and asked what causes heartburn for the inspector of one person holding both of those positions now, if one person held the two positions back in 2005. Chief Grimm replied that the fact the he is holding both positions now is simply a matter of title alone and that he couldn’t actively do the work required of a dedicated Fire Marshall in a full-time capacity. It is a stand-alone position. “My duties and functions as Fire Chief alone to manage this department, consumes all of my time. I do conduct inspections as necessary, if no one else is available. All of our Captains are certified fire inspectors, but their job is much broader than just conducting fire inspections. We schedule inspections as necessary, but they are not actively engaged in what I call aggressive, conservative, organized fire prevention activity.”

Councilmember Bell continued, “It seems that the inspectors’ ratings are subject to their own thoughts and philosophies. How strict are the guidelines from which they inspect and evaluate?”

Chief Grimm replied, “There is very little left to their individual subjectivity. This inspection is driven by various calculations, roadmaps, travel distances, gallon per minute, hydrant size, water main sizes, etc. given to them by ISO.”

Councilmember Bell stated that he has issues with the investigators and couldn’t see any significant changes from 2005 until 2013 that would have caused the ratings to be that much lower. The only area of concern that he could see would be possibly in the ‘training’ area. The City has been improving in those three categories. He would like to have a dialogue with the investigator.

Mayor Hocking asked for Chief Grimm to provide a recap of his recommendations.

Chief Grimm recommended that the City develop an improvement plan which includes reconstituting a dedicated person in the Fire Marshalls’ office, as a member of the Fire Department, under the control of the Fire Department who would assume the duties and tasks involved in fire prevention activities to include investigations, inspections, by all shift personnel as well, take on some oversight of the training activities and to enhance the EMS program.

Councilmember Osteen mentioned that there have been some problems in that position in the past, and that he would like for this to be avoided in the future.

Chief Grimm stated, “I can assure you that under my leadership that will not be an issue.”

The City Marshall is a highly sensitive position, and it depends on the faith that you put into the person that oversees this individual. It is better to have this position inside of the Fire Department. There is flexibility within the department so that if the individual is conducting themselves in a less than efficient or an inappropriate way, shifting of assignments could take place.

Discussion followed concerning budgeted money for training, that at one time it was cut. It was also mentioned, that in moving forward, it is recommended that two or more current employees should receive training to become ‘certified plans examiners’ and that this would separate the City out of the commercial oversight process.

If the City part of “I am confident that La Marque will achieve an ISO rating of a four (4) once we improve fire prevention functions, control of our fire investigation activities, code enforcement and the training functions, Texas Addendum, and the extra training that the States mandates.”

Councilmember Trube stated “I have been very impressed with you taking over the Fire Department. I just hope that you are here when we do get a Fire Marshall. In the past there was no respect given to that position.”

Mayor Hocking recessed the Workshop for a break at 3:59 p.m.

Mayor Hocking reconvened the Workshop at 4:11 p.m.

Councilmember Osteen commented that he didn’t want to take action on this item during a workshop since there should be allowance for public comment, and a lot of the citizens are working at this time.

Councilmember Trube stated that what the Chief said was very informative and she agreed with Chief Grimm’s’ recommendations.

C Brown agreed.

Councilmember Osteen stated that public safety is the most important thing for our citizens. “We can approve it and can stop it if it doesn’t work out. We don’t want any headaches.”

Councilmember Bell stated, “I feel it necessary in order for us to provide the best safety for our citizens and to make sure that the citizens insurance rates do not go up so that they cannot afford to pay them. In this plan if approved, we should include estimated revenue, and include the way to pay for the recommendations, and include other revenue or other streams that the City could pull other revenue from.”

It was the consensus of City Council to bring this item back before City Council at a regular council meeting.

Councilmember Osteen asked that a meeting be scheduled with the investigator in the near future to receive some explanations of the ratings the City received.

(4) Discussion/possible action regarding unpaid ambulance billing fees.

Chief Grimm stated that the EMS issue is centered on two things, one is on the waiver provision currently in place by the way of a policy. “The issue with the in-district waiver was a concern when I arrived in La Marque, not necessarily its appropriateness, but of its legality. I have obtained an opinion from Mr. Ortego determining the practice to be unlawful. I am not a lawyer, but I am a paralegal. The law doesn’t provide for a variance of this particular type to waive federal co-pays and unpaid balances. What it does do, however is to allow an avenue to apply for an official waiver from the Office of Inspector General (OIG), which is similar to an Attorney General’s opinion, if we apply and receive it, then the waiver can continue in a legal format. Currently, the waiver states that the City of La Marque will only bill in-resident patients for the amount liable under the payables by the insurance company. After speaking to Intermedix, they confirmed that if you are an in-city resident, you will receive a letter identifying the services rendered and asking for insurance information to be provided, if you have it. There is no breakdown of the bill, copays are not identified neither are deductibles or unpaid balances. If you are not within the City limits of La Marque, you will receive a regular invoice itemizing all of those. Then it is pursued within a ninety day period. After that the remaining balance simply drops off of the books. Intermedix has given me a generous amount of uncollected monies of around a million dollars a year that is carried over from year to year. My recommendation is to see how we can more effectively bill for these services if that is the wish of this City Council.”

Councilmember Osteen stated that no waivers or copays were ever mentioned in the beginning. A person was going to be billed up to three times. If they couldn’t pay, they wouldn’t pay, and we wouldn’t turn it over to a credit bureau.

City Manager replied, “That was the confusion, “What was the intent? If they had insurance were they expected to pay?”

Councilmember Osteen answered, “Yes.”

Councilmember Bell, “Here was the intent, the City didn’t want to take any legal action or disturb any credit designation of any of our residents, nor overburden any of the senior citizens with bills for emergency medical services, that are already on a fixed income and taxpayers of this City. I don’t remember any discussion of a free-ride.”

Chief continued, “We are at a point now where that is not happening. If we are simply sending a letter to try to collect insurance information, then that is all that the City is collecting at this time. Any copays or deductibles are not even being referred back to the resident for collection. It appears that it has been taken out of play and we are not making any intent to try to collect anything but that. The waiver is unlawful and isn’t being applied in the way that the City Council had planned and agreed upon.”

Councilmember Osteen replied, “Well a lot of times, staff changes up what our intent is.”

Chief Grimm said that it has appeared that “all” of the information wasn’t produced back in 2006 in order for the past administration to apply it in the way of the Council’s intent at that time. It seems as though with what information they had and gave to the City Attorney, wasn’t all of what was discussed or could have been misinterpreted at that time.

Councilmember Osteen said that he thinks it should be left the way it was agreed by City Council previously.

Mayor Hocking asked “Do we need to tighten this up and correct any misconception in a future regular meeting?”

Chief Grimm added, “As we know, we receive a great deal of mutual aid assistance from Texas City and in some cases Santa Fe as well. Those persons are being billed at full-rate. Neither city honors our waiver policy.”

Councilmember Osteen asked, “There is no reason we can’t do that. We agreed to bill them. What do they do if they don’t collect it?”

Chief Grimm replied, “In Texas City, they stop short of litigation. They take them to the process then pass the account off to another billing collection agency that takes them through a one hundred and twenty-day collection process and report them to the credit bureau. They chose not to litigate. They have a hardship waiver process that is specific to the Fire Chief authority to waive accounts upon request, and that is how we handle senior citizens.”

Councilmember Bell stated, “I just have a problem with medical bills and emergency medical bills being on people’s credit. No one wants to be sick ill or injured. I would rather get with an outside billing agency and get on a payment plan process.”

Chief Grimm agreed.

Mayor Hocking replied, “As I am hearing it, the direction would be for the City Manager to clean up what has been historically decided by this Council and maybe run this by the Fiscal Affairs Committee and let them look at the financial aspects and repercussions and bring it back so we can make a good solid decision that will stand the test of time.”

Chief Grimm stated, “Regardless if this Council wishes considers any approach of a waiver or write-off of unpaid balances, the first thing we need to do is to petition the OIG for an exemption from the law to see if we are currently lawful, then move forward in its capacity that is also lawful.”

(5) ADJOURNMENT

b. Certificates of Appreciation for “Wreaths across America”

Cemetery Chairman David Pennington presented the following Certificates of Appreciation for their contributions in the Wreaths Across America Ceremony, that was held on the 14th of December, 2013: Galveston Bay Parrot Head; Geraldine Sam; Leonard Payne; Eurit/Peggy Phillips; Link smith; Mac’s Plumbing; James Osteen; Al Reida; Connie Trube; Carol Buttler; Dorothy Jeffcoat; Ingrid Selzer; Delores Johnston; Catherine Polk; Bob Senter; James Crowder Funeral Home; Alex’s Air Conditioning; Walter Manual & Family; A & A Machine Shop; David Pennington; La Marque EDC; La Marque Elementary School; LJA Engineering; SE Texas Patriot Guard Riders; American Heritage Girls TX 1202; VFW Post #5400; and VFW Post 6378.

c. Recycling Update- Steve Carroll –Republic Waste

Steve Carroll gave a brief overview of the recycling program that is offered to the residents within the City of La Marque. Household recycling was originally offered to each resident within the City as a part

of the overall solid waste program at no charge on a voluntary basis. To date, there are around 350 residents that take advantage of this free service. The big 96 gallon carts are used for trash; the 64 gallon carts are used for recycling and are based on a concept of the 'single-stream' recycling or 'one-can' concept. "Single-stream recycling is designed for the ease of recycling. This cuts out the need to sort. All materials for recycling can go into the 64 gallon cart and placed on the curb. Recycling is picked up every two weeks. The carts are emptied into a clean truck strictly for carrying the recycling materials and then taken to a recycling plant and sorted out there. Sorting at the centers have become high-tech, so most materials don't touch a person's hands."

"In the coming weeks, I will be getting together with Ms. Buttler and anyone else interested to establish some goals to help re-energize the program to bring it to a higher participation rate."

"We appreciate the opportunity to work with the City, to be of service to the City and we look forward to be additional service as the City grows. This program is working well."

Councilmember Osteen asked, "What do you have in mind to improve it?"

Mr. Carroll "We are open to any ideas. Generally, one of the best ways is consumer education and to continue to spread the message by advertising through the media to spread the message, this is the easy way and what we had in mind, but nothing specifically."

Councilmember Osteen suggested, "What about printing up some stickers to place on the lids reminding citizens of when the recycling will be picked up?"

It was suggested by Mayor Hocking to have additional days that recycling is picked up.

Mr. Carroll responded, "Absolutely, we are looking for anything to increase participation and the ultimate goal is to push up the recyclables and push down the solid waste."

(6) CITIZEN'S PARTICIPATION

Richard Loftis, 309 Johnson reported that he has been complaining about his neighbors for the last two years. His neighbor has chickens. Rats are running amuck. He has tried to have officials to return his phone calls. He was told by the Code Enforcer that the reason the chickens have not been confiscated is that the city has no place to put them. "I think that is a poor excuse. I guarantee if that was a crack house, ya'll would find somewhere to put the drugs. So the chickens need to go. His yard needs to be cleaned up. He has abandoned vehicles over there too. I have removed my fence partly so the Code Enforcer can see the vehicles from the street. He has gotten bold, now, he throws the chicken feed bags over into my yard, taunting me. If nothing else, go after the owners of the house, she's the one who allows this to continue. If the City don't do something about this, I'll be back."

Councilmember Bell stated, "I have spoken to your wife on a few times about this situation. Any complaint I receive, I forward to the City Manager. We, as Councilmembers don't have any direct influence over the Code Enforcement Department, but I assure you, any time we receive a complaint, we report them directly to the City Administration. I think this needs to be addressed before someone gets

hurt, so if you would allow it, Mayor can we have Ms. Tims to come up here and give the Council some factual information. ”

Director of Development Services and Code Enforcer Ana Tims, approached the podium, to address the situation. “We have had this case open for quite some time. We initially pursued with the tenant. It has gone through the complete process of the municipal court, with no remediation. One of the problems that we run into, as that when we go out to the property, the animals are gone. We have an open case against

the homeowner, but it hasn’t come to court as of this time yet. I was unaware that the fence has been removed to where I can view the abandoned vehicles. We will pursue this further. We have not backed down from this, and will continue to work it as best as the enables us to.”

Councilmember Bell continued “I will give you a call tomorrow and discuss this the way I want to discuss it.”

(7) OLD BUSINESS

a. Discussion/possible action regarding the Recommendation of the Planning and Zoning Commission to approve Ordinance No. **O-2014-002**, an Ordinance of the City Council of the City of La Marque, Texas changing the zoning classification of attract of land from Public to General Commercial, Abstract 150, Page 8, Lots 1 through 14, Blocks 7 through 42 & 45 through 50, better described by metes and bounds in Division “N”, and in Appendix “A” attached hereto, all in the Cook & Stewart Subdivision of a part of the John D Moore League in Galveston County, Texas, amending the Zoning Map of the City adopted the 12th of December, 2005, by Ordinance 953

****** Councilmember Brown seconded the motion.

Councilmember Osteen corrected a date on page 7, under the Agenda Item Description, this item was tabled at the Council Meeting on the 13th, not on the 9th. I just want to get that corrected.”

Councilmember Bell asked , “This question is for Mrs. Tims or Mr. Columbo. I noticed that there were concerns from residents around this piece of property, have we been able to resolve those concerns?”

Chris Colombo, a Commissioner of the Planning and Zoning Commission assured Councilmember Bell that everything was fine.

MOTION CARRIED UNANIMOUSLY.

(8) NEW BUSINESS

a. Discussion/possible action regarding Resolution No. **R-2014-001**, a resolution calling for the General Municipal Election to be held on May 10, 2014.

** Councilmember Bell made a motion to approve Resolution No. **R-2014-001**, a resolution calling for the General Municipal Election to be held on May 10, 2014.

** Councilmember Osteen seconded the motion. **MOTION CARRIED UNANIMOUSLY.**

b. Discussion/possible action regarding Resolution No. **R-2014-002**, a resolution supporting the “Ike Dike” Project, a costal barrier to protect the Houston-Galveston region, including Galveston Bay from hurricane induced storm surge.

** Councilmember Bell made a motion to approve Resolution No. **R-2014-002**, a resolution supporting the “Ike Dike” Project, a costal barrier to protect the Houston-Galveston region, including Galveston Bay from hurricane induced storm surge.

** Councilmember Trube seconded the motion. **MOTION CARRIED UNANIMOUSLY.**

c. **Discussion/possible action regarding entering into a contract with the Galveston County Clerk and Galveston County Election Officer for the General May 10, 2014 and possible Runoff Election on June 21, 2014.**

Councilmember Trube, said “I have a question, on page 9, under ‘Waiver of Damages’, about the equipment, if the equipment fails, we can’t hold the County or any person accountable if problems occur, then what is our resolution? Is the City compensated by any means?”

Bill Sargent, Chief Deputy Clerk of the Galveston County Elections Division addressed City Council, “If it does happen, we have a staff in the field as quick response teams during the election to repair or replace the equipment quickly, should any fail. Our County Attorney wrote the contract, so I don’t know about the legal side.”

Councilmember Bell echoed Councilmember Trube’s concerns, and questioned the contract further.

Mr. Sargent continued and said that it would take less than fifteen minutes for a response team to get to any polling location. He continued to refer to portions of the contract pertaining to responding to any malfunctions of the voting equipment. Also, he noted that the contract has remained unchanged from past election years. “Our job here is to serve the public and to serve you as your Contractor. We are committed to run elections that, 1) have integrity; and 2) to serve the public.”

Mr. Sargent added, “On a personal level, between you and me, I’m telling you, I will have whatever is needed out there to get the job done, if there is a problem. That is a promise to you and everyone on this Council.”

Councilmembers discussed possible changes to the contract regarding the waiver. Mr. Sargent said that he would have to take any changes back to the County. Every Entity that is contracting with us has the same contract, and the County has approved this contract.

Mr. Sargent then said, “I will do everything in my power to make sure that the election is done correctly and that nobody is disenfranchised. This would be the worst thing that could happen to anybody.”

Further discussion involved possibly making changing to the ‘Waiver of Damages’ in the future.

** Councilmember Osteen made a motion to enter into a contract with the Galveston County Clerk and Galveston County Election Officer for the General May 10, 2014 and possible Runoff Election on June 21, 2014.

** Councilmember Trube seconded the motion. **MOTION CARRIED UNANIMOUSLY.**

d. Discussion/possible action regarding the approval of the Trails Grant application and authorization for staff to submit the \$200,000.00 to the Texas Parks and Wildlife Department – Texas Recreational Trails Fund grant application with the City’s required match of \$76,360.00.

Public Works Director Mike Morgan explained the time frame as to when the application was received and then processed through the City’s grant team. This item has also been submitted to the Parks Board for their review. Mayor Hocking asked that the City Manager involve a member of the Parks Board for all future grant planning that deals with Parks.

The Parks fund does have funds to help cover the cost of the match. There is some playground equipment budgeted that could be substituted for some of the cost, with Council’s approval. City Council directed staff to research the possible use of Hotel Tax Funds, due to the projects relation to Bayou Fest, or funds from the city’s Economic Development Corporation.

Councilmember Trube expressed her concerns with the City’s match of \$76,360.00.

** Councilmember Osteen made a motion to approve the Trails Grant application and authorization for staff to submit the \$200,000.00 to the Texas Parks and Wildlife Department – Texas Recreational Trails Fund grant application with the City’s required match of \$76,360.00.

** Councilmember Brown seconded the motion. **MOTION CARRIED 4 to 1, with Councilmember Trube voting in opposition.**

(10) CITY MANAGER REPORT

Councilmember Trube page 79, referring to the arson investigation at the Seabreeze Apartments, she was given information as to who allegedly started the fire. Chief Grimm reported that he has given the information to the DA’s office and they have chosen not to indict anyone at this time. Questioned the warnings given ‘bandit signs’ violators, to which Chief Aragon and Ana Tims answered her questions.

Page 160, questioned the Donations Fund, the Library and DP was not included. City Manager explained that these are not any one specific department or project. It was discussed that anyone who makes a donation to the city in any shape or form, be reported and tracked in each department. Questioned Page 177, temporary help- Judicial, which was explained by Ms. Buttler. Questioned Page 178, the gold striping on the antique fire truck, Chief Grimm reported that this was a budgeted item and completed the project of restoring the truck. Questioned Page 180, legal Counsel for the Council Retreat.

Councilmember Osteen Page 32, the November register, the issue of all the different battery charges, the new book drop for the Library (a budgeted item). INTEROFFICE MEMORANDUM LA MARQUE FIRE DEPARTMENT

TO: Carol Buttler, City Manager

FROM: Gerald Grimm, Fire Chief

DATE: January 17, 2014

SUBJECT: Analysis of Insurance Services Office Survey Conducted 09-11-2013

EXECUTIVE SUMMARY

Insurance Services Office acting on behalf of the Texas State Fire Marshal's Office and Texas Department of Insurance conducted a Public Protection Classification survey of the structural fire suppression delivery system of our community September 11, 2013.

The survey resulted in a retrogressed classification from a three (3) established in 2005 to a five (5). The change in classification is being held in abeyance to afford appropriate time for analysis of the voluminous report rendered by ISO and contemplation of an "improvement plan" which may impact upon the proposed classification change prior to publication in May of this year.

Following close scrutiny of the 2005 survey and my personal knowledge of the assets available at that time, it is my professional opinion that the outcome which resulted in lowering our classification to a three (3) was predicated upon a "very generous" review by those involved in the inspection and an over reach of unsupported expectations for additional assets. The range for a Class 4 which I believe is realistic for our community is 60 – 69.99. As evidenced by the detailed rating scale below it is apparent La Marque eked out a Class 3 based on generosity and over reach by the inspectors.

Areas of significant deficiency within the ratable criteria such as "staffing levels" and "distribution" of personnel within multiple locations to satisfy the response parameters will continue to recur in future evaluations until sufficient resources are allocated to provide for a Westside Station and additional personnel. However, many less costly, but no less important, achievable near term opportunities remain available for consideration which may have an immediate impact on our classification.

If the recommended improvement plan herein is given favorable consideration by you and City Council, approved by ISO and subsequently implemented timely, I am confident La Marque will achieve an ISO Class 4 rather than the ISO Class 5 pending official publication in May 2014.

I have provided a detailed comparative analysis below of the 2005 and 2013 surveys which illustrates the respective divergence in the rated categories leading to the change in classification. Factual conclusions reached, recommended strategies where applicable and feasible, and fiscal impact projections are also included for your review.

COMPARATIVE ANALYSIS

FEATURE	CREDIT ASSIGNED 2005	CREDIT ASSIGNED 2013	MAXIMUM CREDIT	NET (GAIN) - LOSS
Receiving and Handling Alarms	7.57	6.10	10.00	1.47
Fire Department	30.74	21.66	50.00	9.08
Water Supply	32.93	33.15	40.00	(0.22)
*Divergence	-4.17	-7.91		3.74
Texas FS Addendum Credit (CTX)	<u>4.66</u>	<u>3.12</u>	<u>6.50</u>	<u>1.54</u>
Total Credit	71.73	56.12		15.61

***Divergence is a reduction in credit to reflect a difference in the relative credits for Fire Department and Water Supply.**

If the individual scores achieved during the 2013 survey for each rated category delineated below were translated into a 100 point scale instead of the collective weighted scale actually used in the analysis, the relative ISO classification for each of these rated sections would be:

Dispatch Capabilities: a {relative} **Class 4**

Fire Department: a {relative} **Class 6**

Water Supply: a {relative} **Class 2**

The Fire Department category experienced the most significant loss of points over the past eight (8) years which further exacerbated the **{divergence factor}** resulting in the loss of 15.61 points and two (2) ISO classifications.

I have broken down the Fire Department ratable section into the nine (9) ratable categories below plus the Texas Addendum to more fully illustrate those areas impacting our ISO classification.

FEATURE	CREDIT ASSIGNED 2005	CREDIT ASSIGNED 2013	MAXIMUM CREDIT	NET (GAIN) - LOSS
Engine Companies	9.67	9.11	10	0.56
Reserve Engines	0.94	0.59	1	0.35
Pumper Capacity	5.00	5.00	5	0.00
Ladder/Service Trucks	1.85	0.62	5	1.23
Reserve Ladders/Service	.31	0.00	1	0.31
Apparatus Distribution	1.68	2.15	4	(0.35)
Company Personnel	3.44	2.86	15	0.58
Training	4.59	1.33	9	3.26
*Supplemental Credit for				
Texas State Training	3.26	0.00	3.26	3.26
*Texas Addendum	4.66	3.12	6.50	1.54

**Supplemental Texas State Training is coordinated and conducted by TFEX, a division of Texas A & M.*

**Texas Addendum is a more {finite} codification of the ratable factors above with a specific focus on prevention, enforcement, training, and public education.*

CONCLUSIONS & RECOMMENDATIONS

Upon examination of the broader ratable criteria and attendant scores coupled with the respective subset criteria for each category found in the Texas Addendum clearly suggests that the most expedient, beneficial, and cost effective {near term} path forward to address the worsening ISO classification is centered in the various training categories and Texas Addendum.

I am confident ISO will embrace a multifaceted {detailed improvement plan} if properly structured. The proposal must embody fundamental organizational principles of management inclusive of realistically achievable goals, planning, structured implementation, programmatic oversight, accountability at all levels, employ best industry standards and practices, and be embraced by you and our Elected Officials.

The first facet involves reconstituting the Fire Marshal as a programmatic division of the fire department. In order to achieve the desired outcomes, the program should entail at a minimum, diversified public outreach and education programs that address a full array of areas impacting the safety and welfare of our community, not just fire safety.

Development of a proactive systematic inspection and code enforcement regimen which employs the most {current fire and building codes} and related national standards tailored to the needs and dynamics of our community which can be accomplished through the enabling legislation.

The second facet which can and should be melded with the first must address enhanced certification training, diversified continuing education, specialized training where applicable, and systematic professional development of our human resources.

Finally, the Fire Marshal should be charged with the administration and supervision of all aspects of the improvement plan going forward to ensure desired outcomes and optimal benefits to our community and the public's safety and welfare and that of our personnel.

It is my belief that if accepted, the improvement plan will result in a {near term} ISO Class 4 rather than the ISO Class 5 pending publication allowing the department to undertake a {long term} strategic planning to ensure sustainably recognized and acceptable emergency services utilizing "best practices and principles".

FISCAL IMPACT ON COMMUNITY AND CITY GOVERNMENT

ISO's PPC information plays an important part in the decisions insurers make affecting the underwriting and pricing of property insurance. Most U.S. insurance companies to include the major providers use PPC information in one or more of the following ways:

- To identify opportunities for writing new business
- To manage the quality of community fire protection across their book of business
- To review loss experience in various rating territories
- To offer coverage and establish deductibles for individual homes and businesses

The methodology a company uses to calculate premiums for property insurance may depend on the company's fire loss experience, underwriting guidelines, and marketing strategy. While it is impossible to quantify the financial impact on each insured, it is realistic to assume that if all other factors are equal, the price of property insurance in a community with a good PPC is lower than a community with a poor PPC.

c. Judicial

- Attached for your review is a sample of the mailer that Linebarger sends out (in English and Spanish) on bright colored paper for warrant round-up. The firm advised that Linebarger spends around \$30,000.00 for radio spots on 6 or 7 radio stations during warrant round-up. They also pay for ads in the Houston Chronicle and attend the big televised news conference that will take place on Friday February 14th. The firm was asked about the use of billboards. The firm advised they have tried that in the past and they determined the effectiveness of billboards was not enough exposure.

d. Police/OEM

- **Personnel:**

LMPD:

There are four (4) Police Officer vacancies: two (2) positions will be filled with "new hires" during this month.

An "entry level" civil service examination is scheduled for March 19, 2014.

- **Training:**

- **LMPD**

- The following personnel attended and/or completed training courses as indicated: Telecommunicators Tiawanna Porter and Tina Crawford: TDD/TTY for Telecommunicators; K-9 Officer Mike Kelemen and Sergeant Richard Garcia: Rapid Containment Expandable Police Baton Course (impact weapon training); Sergeant Kenneth Cagnon: DWI Updates; Telecommunicator Amber Karshner: IS-120 An Introduction to Exercises, IS-0241 Decision Making and Problem Solving Skills, IS-242 Effective Communication, IS-235 Emergency Planning, IS-230 Fundamentals of Emergency Management, and IS-240 Leadership and Influence.

- **Operations:**

- **LMPD:**

- Police Department response to the recent severe weather conditions (freezing temperatures) was performed in a superb manner.

- No *Use of Force Reports* for this period.

- Overtime Justification Summary for Preceding Month: shortage of Patrol Officers

- **Emergency Management Coordinator (EMC) Operations:**

- Chief Aragon and Administrative Assistant Charlene Warren (also serving as Chief's *Office of Emergency Management Specialist*) attended the monthly Emergency Management Coordinator's meeting and Local Emergency Planning Committee (LEPC) meeting at the U.S. Coast Guard Headquarters in Texas City on 1-21-14.

e. Fire/EMS

- **Personnel:**

- **LMFD**

- La Marque Fire Department is at full strength

- **Operations:**

- ISO (Insurance Services Office) conducted a review and inspection of La Marque's Fire protection capabilities on September 11, 2013, to establish a "Public Fire Protection" classification for the City of La Marque.

- City Council is in receipt of a detailed analysis of the ISO survey and recommendations for remedial action.

- City Council is in receipt of a detailed analysis of the current EMS Billing Waiver policy. Recommendations for modification of the current policy are being prepared for submission to the City Manager and City Council.

- The recent fire at 505 Vauthier (antique and/or used furniture store) on January 31, 2014, resulted in total loss of the structure and contents. The fire remains under investigation. The LMFD was assisted by the Hitchcock and Texas City fire departments.

- The arson investigation into the Gulf Breeze Apartment Complex fire occurring in early September continues aggressively. A "Crime Stoppers Reward" of \$5,000.00 has been approved and posted in the Galveston Daily News. Flyers have been circulated in the complex and surrounding neighborhood.

- **Overtime Utilization:**

- Year to date: \$14,282.80. Justification: Required to maintain minimum staffing levels. January 2014: \$2,445.81

Other:

Preliminary research is underway to establish the criteria and parameters necessary to develop and propose enabling ordinance to revise and update the fire code and attendant national standards.

Water Facilities	2/17/2014	3/21/2014	4/14/2014	5/5/2014	3/6/2015
Sewer Facilities	2/17/2014	3/21/2014	4/14/2014	5/5/2014	3/6/2015
Street Improvements	2/17/2014	3/21/2014	4/14/2014	5/5/2014	3/6/2015

- **CDBG Non-Disaster Sewer Grant**

- As of December 1, 2013, the project has been on hold awaiting GLO approval to add the sewer rehabilitation of lines on Elaine, Robbie and Chip; removing Chestnut and Cypress from the project as these streets were completed in a prior project but not indicated on city maps.

- **Hall's Super Highway Development 3600 Gulf Freeway –**
Plans were approved by Public Works Department and provided to the Inspections Department for approval for issuance of permits. During the permitting process the adjacent property owner has come back and rejected a private easement agreement for the installation of water and sewer lines. As of January 29th, a new set of preliminary plans were submitted to Public Works indicating the installation of the water and sewer lines within the existing ten foot utility easement. As previously discussed, the established ten foot easement is located under the adjacent property owner's parking lot.
- **Sewer Force Main –Hwy 3 @ Cedar Drive**
As of January 29, 2014, permits were approved by TXDOT giving authorization to move forward with the project. City staff will contact Cobb Fendley on February 3rd, for a bid schedule pertaining to the project.
- **15" Gravity Sewer Line – 1727 Main Street (Gulf Breeze Apartments)**
City staff has been unable to resolve the issue with the 15" gravity line. A portable pump system is still in place to relieve sewage. Staff will request for this line to be first on the schedule for cleaning as part of the SSO Program contract with Cobb Fendley.
- **Sewer Extension FM 1764 @ Avenue D –** City staff is working with the Industrial Development Corporation and Mercer Engineering to design and extend the City's sewer system under FM 1764. Mercer Engineering is moving forward with the advertisement and bidding of the project. A land surveyor was approved by the EDC to establish a new 15 foot utility easement along the north side of FM 1764. Staff has met with the surveying company and the work is proceeding.
- **Painted Meadows Subdivision** – Costello Engineering has incorporated city staff's changes in the construction plans as indicated through the review process. The revised plans will be submitted to the Building Official and Public Works for signatures within the next thirty to forty-five days. The plans are for the development of 67 lots on 12.9 acres in Painted Meadows Proposed Section 3.
- **Saltgrass Subdivision** – The developer has started clearing and adding of fill dirt for the future development of approximately 100 homes. City staff has conducted inspections of their storm water pollution prevention methods. Costello Engineering will submit plans for review within the next couple of months.
- **Delany Cove Subdivision** – City staff is in the process of doing plan reviews in reference of expansion of 25 lots.
- **Trails Grant** – Public Works staff completed the grant process and the application was submitted to Texas Parks & Wildlife
- **Highland Bayou, Lagana & Martin Luther King Jr. Park** – fail safe material was added to park equipment. Also, at Highland Bayou Park, supplies for the boat ramp improvements were purchased and are scheduled to be installed on February 3, 2014.
- **Stage 1 Drought** – City of La Marque is maintaining Stage1 of its Drought Contingency Program.
- **December 1- 31, 2013 Water Usage Amounts**
31 day average was 2.53 million gallons a day- 91% of capacity
Peak day usage was 2.93 million gallons a day- 105% of capacity
Minimum day usage was 2.20 million gallons a day- 80 % of capacity

LIBRARY DEPARTMENT

La Marque Public Library

Report for December 31st - January 30th

Mission: The LMPL provides materials and services to help community residents obtain information to meet their needs: personally, educationally, and professionally. Special emphasis is placed on supporting students at all academic levels to stimulate the minds of young children in reading and learning. "The Library serves as a learning and educational center for all residents of the community." (ALA Planning and Role Setting for Public Libraries, 43)

The LMPL is open to the public 30 hours a week. We had a total of 2,922 visitors in the Library.

Our top 200 members checked out a total of 1,124 items!

This month alone, patrons have saved a total of \$ 23,401.20 by checking out items at the LMPL!

Items

LMPL staff processed and added a total of 81 items to our collection.

Circulation Statistics

We had total of 2,413 items circulate this month! Based on our circulation stat, Friday was our busiest day of the week.

Overdrive eBooks - 36

Currently we have a total of 391 items checked out that are not overdue items.

We had a total of 25 ILLs (Interlibrary Loans-Shipped and Received).

Online Catalog Usage

There were 1,778 external searches performed via our online library catalog (Biblionix).

Computer Usage

Current LMPL patrons are allotted 2, 1 hour sessions based on availability. Library visitors who are not current patrons are allotted a 30 minute session at our stand up computers, based on availability.

Guest log-ins are issued to community members and visitors who do not have an active library card. All library visitors that do not have a library card have to show proof of ID to use guest computers. We urge all library visitors to obtain a library card for future usage.

There were a total of 816 patron log in sessions. Total computer time used by patrons was 492 hours.

Patrons use the library computers for job searches, completing applications, creating resumes, checking emails, accessing various documents (bank statements, tax info, W2 forms, pay checks, etc), and surfing the web.

Reference Assistance

The LMPL staff provides reference assistance to our patrons by answering a variety of questions. We answered a recorded 232 questions. Reference questions range from “how do I get a library card” to “where can I locate divorce or tax forms”. We are currently researching a system that will record every reference question in categories.

Volunteers

Our volunteers worked at total of 3 hours.

Library Happenings

- The Library had a Health and Fitness Session with Harold Jackson (gym next door to the Library) to promote health and wellness.
- Library Day with Independence Village, an assisted living group. Checked out books and used the computers. Enjoyed an hour at the Library!
- Family movie night continues to be a success with our latest movie – King: Documentary of the Life of Martin Luther King Jr.
- The kids continue to love listening, singing and dancing at Storytime!
- Drop-In Workshops
 - The Library offers drop in workshops for patrons on Tuesdays from 12pm-2pm which include:
 - How to use Texshare Databases
 - How to use Overdrive
 - Microsoft Word Tips
- The Library now has Overdrive and a link has been added to the Library webpage. OverDrive allows the library to lend eBooks, audiobooks, music and video to your users with a digital lending library from OverDrive.
 - The Library is developing training sessions for library patrons using OverDrive
- The Library is continually working on enhancing our website, Facebook page and email marketing to reach our patrons and the community
