RE: Documentation Regarding Annual Assessment Payments for
Painted Meadows PID No. 1, Phase III

At the request of Randy Hall I am providing you with documentation regarding the \$1,500 annual payments to be made by each of the homes for the assessments in Painted Meadows, PID No. 1, Phase III. The calculations below are based upon the findings in the "audit" provided by McGrath & Co., PLLC in their letter to the Economic Development Corporation dated August 20, 2014.

I have also spoken with Randy Hall and he concurs that the \$1,500 is consistent with the developer's business plan for Phase III.

The \$1,500 annual payment is derived as follows:

- Total reimburseable cost (per the McGrath & Co., PLLC letter are \$1,883,841).
- An assumed interest rate of 0.331% annual interest rate (which is much less than the Prime plus 2% annual interest rate that is allowed per the original documents – in this case the developers will not be able to receive all the interest that is allowed per the Painted Meadow PID No. 1 documentation). Also you should note that Prime plus 2% has never been as low as "1/3 of 1%".
- Assume that the assessment will be amortized/paid for over a 20-year period of time (which is consistent with the PID payment structures for included in the PID Painted Meadows PID No. 1 documentation and is also consistent with what has been done in Painted Meadows PID No. 1, Phases I and II).
- The total annual payments for all 65 lots based upon the assumptions included in the previous 3 bullet points is \$97,500 per year.
- If we divide the \$97,500 per year by these 65 lots located in Painted Meadows, Phase III then the annual payment per homeowner will equal \$1,500 per year per homeowner.

Please feel free to give me a call if I can answer any questions that you may have with regards to the annual assessment payments in Painted Meadows PID 1, Phase III. I can be reached at office 713-626-3552 or cell 713-870-6502.

Water was also running from under the residence front door. Through the window a water leak was noted coming from the ceiling. Water department turned off the water. Determined that the residence was in the Ike Recovery Program to be torn down and rebuilt and the clothes were cleaned up from the yard and right-of-way.
- **2103 Rosalee** – (Building without a permit) Structure behind the main residence structure was built without a permit. Door hanger and Stop Work Order issued. The Building Official later met with resident and gave him notification to bring the structure up to code and obtain a permit.
- **1500 Oleander** – (Contractor using an unauthorized roll dumpster) The contractor was given a warning and 24 hours to have the dumpster removed and make arrangements through the City of La Marque contracted company. Contractor had the dumpster removed the same day and later had the correct company dumpster on the premises.
- **104 Union** – (Illegal Dumping) Resident had her trees cut in the back yard and placed the brush pile in front of the lot to the left of their residence. They were given a warning and advised the proper procedure for removal and staging of their brush. They made arrangements through the Water Dept. to have the brush removed. It was later determined that the waste company could not pick up the brush because they were placed under power lines that were too close to the brush pile. The resident had to move the brush pile to the front of their property to have it picked up. The brush was picked up.
- **2015 Petroleum** – (Illegal Dumping) Senior citizen at residence had a relative landscape her yard and cut tree limbs. The limbs were stacked on a vacant lot across the street. The home owner's son who lives in the next block on Johnson Street said that his mother is out of town and he was informed the proper procedure to have the tree limbs picked up through the City of La Marque Special Pick-Up. The proper arrangements were made through the water department and the tree branches were picked up.

- **1724 Thompson** – (Illegal Dumping) Checked out two subjects dumping furniture on City right-of-way in front of residence. Both subjects were issued citations. Both subjects reside at 2405 Jackson Street.
- **1922 Magnolia** – (Junked Vehicle) 4-Door white Cadillac tagged for 3-day removal before 9-7-2014. TX LP # BP5N672. Vehicle is parked on City right-of-way with no tires on the vehicle. - **2007 Cedar A & A Tire Shop**– (Illegal Dumping of tires and unlawful deposits). While passing by this location I saw smoke coming from side of building and stopped. I told the manager, Fernando Velasco of 2041 Barrington Ponte, League City TX 77573, there is smoke coming from side of building. He said ok and kept talking to a customer. By the time I walked to the area the large amount of smoke was gone. I called to the owner and asked if he could come to the area. He came over and said, "Oh its fog we are spraying for the mosquitos." I did not see anyone in the used tire area when I approached the area to investigate the smoke. The smoke was coming from a pile of tires on side of the A & A tire shop in an uncovered area which causes the tires to collect water inside them when it rains. I noticed buckets of used oil sitting on side of the building and the used tire storage area which showed evidence of used motor oil on the ground. Inside the tire holding area were two drums of oil with a lot of oil and tree debris on the lids and a large amount of used oil filters piled up on the ground behind the barrels. Used tires were also laying on the ground on the lot next to A & A tires. The manager admitted that they just throw the tire there each day until the end of the day then put them in the used tire holding area. The A & A Tire Shop manager was issued two citations: 72297- for illegal dumping of tires and unlawful deposits. He was given ten days to correct the violations including trash and rubbish around the exterior of the business.
- **2015 Petroleum**- (Illegal Dumping) Illegal Dumping of tree branches and brush was noticed on a lot across the street from 2015 Petroleum. The resident of 2015 Petroleum, Ms. Hearise Davis, has pecan trees in her yard that appeared to be freshly cut and groomed including her yard. The resident, Ms. Davis, said that her Son-in-law cleaned her yard and placed the branches on the lot for city pick up. Ms. Davis was explained that it is illegal to place branches and trash on another person's property or another person's property r.o.w. for pick-up in the City of La Marque without their permission. This was the 2nd incident of this nature from her residence. RE: Documentation Regarding Annual Assessment Payments for
Painted Meadows PID No. 1, Phase III

At the request of Randy Hall I am providing you with documentation regarding the \$1,500 annual payments to be made by each of the homes for the assessments in Painted Meadows, PID No. 1, Phase III. The calculations below are based upon the findings in the "audit" provided by McGrath & Co., PLLC in their letter to the Economic Development Corporation dated August 20, 2014.

I have also spoken with Randy Hall and he concurs that the \$1,500 is consistent with the developer's business plan for Phase III.

The \$1,500 annual payment is derived as follows:

- Total reimburseable cost (per the McGrath & Co., PLLC letter are \$1,883,841).
- An assumed interest rate of 0.331% annual interest rate (which is much less than the Prime plus 2% annual interest rate that is allowed per the original documents – in this case the developers will not be able to receive all the interest that is allowed per the Painted Meadow PID No. 1 documentation). Also you should note that Prime plus 2% has never been as low as "1/3 of 1%".
- Assume that the assessment will be amortized/paid for over a 20-year period of time (which is consistent with the PID payment structures for included in the PID Painted Meadows PID No. 1 documentation and is also consistent with what has been done in Painted Meadows PID No. 1, Phases I and II).
- The total annual payments for all 65 lots based upon the assumptions included in the previous 3 bullet points is \$97,500 per year.
- If we divide the \$97,500 per year by these 65 lots located in Painted Meadows, Phase III then the annual payment per homeowner will equal \$1,500 per year per homeowner.

Please feel free to give me a call if I can answer any questions that you may have with regards to the annual assessment payments in Painted Meadows PID 1, Phase III. I can be reached at office 713-626-3552 or cell 713-870-6502.

Water was also running from under the residence front door. Through the window a water leak was noted coming from the ceiling. Water department turned off the water. Determined that the residence was in the Ike Recovery Program to be torn down and rebuilt and the clothes were cleaned up from the yard and right-of-way.
- **2103 Rosalee** – (Building without a permit) Structure behind the main residence structure was built without a permit. Door hanger and Stop Work Order issued. The Building Official later met with resident and gave him notification to bring the structure up to code and obtain a permit.
- **1500 Oleander** – (Contractor using an unauthorized roll dumpster) The contractor was given a warning and 24 hours to have the dumpster removed and make arrangements through the City of La Marque contracted company. Contractor had the dumpster removed the same day and later had the correct company dumpster on the premises.
- **104 Union** – (Illegal Dumping) Resident had her trees cut in the back yard and placed the brush pile in front of the lot to the left of their residence. They were given a warning and advised the proper procedure for removal and staging of their brush. They made arrangements through the Water Dept. to have the brush removed. It was later determined that the waste company could not pick up the brush because they were placed under power lines that were too close to the brush pile. The resident had to move the brush pile to the front of their property to have it picked up. The brush was picked up.
- **2015 Petroleum** – (Illegal Dumping) Senior citizen at residence had a relative landscape her yard and cut tree limbs. The limbs were stacked on a vacant lot across the street. The home owner's son who lives in the next block on Johnson Street said that his mother is out of town and he was informed the proper procedure to have the tree limbs picked up through the City of La Marque Special Pick-Up. The proper arrangements were made through the water department and the tree branches were picked up.

- **1724 Thompson** – (Illegal Dumping) Checked out two subjects dumping furniture on City right-of-way in front of residence. Both subjects were issued citations. Both subjects reside at 2405 Jackson Street.
- **1922 Magnolia** – (Junked Vehicle) 4-Door white Cadillac tagged for 3-day removal before 9-7-2014. TX LP # BP5N672. Vehicle is parked on City right-of-way with no tires on the vehicle. The vehicle wheel bases were resting on kitchen pots and large rock. Vehicle was removed from property by resident before 9-7-2014
- **1128 2nd St.** – (Failed to obtain Permit). Family members were building, demolishing and doing plumbing without a permit. Citation # 72293 was issued to Michael Don Demers of 1136 2nd St. La Marque. Mr. Demers and one other family member were not very cooperative during the investigation.

- **2007 Cedar A & A Tire Shop**– (Illegal Dumping of tires and unlawful deposits). While passing by this location I saw smoke coming from side of building and stopped. I told the manager, Fernando Velasco of 2041 Barrington Ponte, League City TX 77573, there is smoke coming from side of building. He said ok and kept talking to a customer. By the time I walked to the area the large amount of smoke was gone. I called to the owner and asked if he could come to the area. He came over and said, "Oh its fog we are spraying for the mosquitos." I did not see anyone in the used tire area when I approached the area to investigate the smoke. The smoke was coming from a pile of tires on side of the A & A tire shop in an uncovered area which causes the tires to collect water inside them when it rains. I noticed buckets of used oil sitting on side of the building and the used tire storage area which showed evidence of used motor oil on the ground. Inside the tire holding area were two drums of oil with a lot of oil and tree debris on the lids and a large amount of used oil filters piled up on the ground behind the barrels. Used tires were also laying on the ground on the lot next to A & A tires. The manager admitted that they just throw the tire there each day until the end of the day then put them in the used tire holding area. The A & A Tire Shop manager was issued two citations: 72297- for illegal dumping of tires and unlawful deposits. He was given ten days to correct the violations including trash and rubbish around the exterior of the business.
- **2015 Petroleum**- (Illegal Dumping) Illegal Dumping of tree branches and brush was noticed on a lot across the street from 2015 Petroleum. The lot is listed as the property of, Center Point Energy, (J MOORE SUR TR 8). The resident of 2015 Petroleum, Ms. Hearise Davis, has pecan trees in her yard that appeared to be freshly cut and groomed including her yard. The resident, Ms. Davis, said that her Son-in-law cleaned her yard and placed the branches on the lot for city pick up. Ms. Davis was explained that it is illegal to place branches and trash on another person's property or another person's property r.o.w. for pick-up in the City of La Marque without their permission. This was the 2nd incident of this nature from her residence. Ms. Davis son-in-law, Charles Hamilton of Houston, Texas responded and removed the tree brush.
