b. Discussion – State of Texas Justice Administration Grant (JAG Grant) to prevent and control crime-Chief R. Aragon
Chief Aragon informed Council that this is a unique grant. These are federal monies given to the Federal Government, which in turn, are awarded to cities that meet the criteria. Chief Aragon stated that violent crime is up 9% in our city. As the saying goes, "we need to own the night". The objective of the grant submission is to prevent and control crime. This grant will allow us to hire at one more SRT member which can assist the existing team in hitting "hot spots". The maximum amount of the grant is $125,000.00 per grantee.
Chief Aragon discussed the funding cycles:

Funding Cycle: First year = 100% funding;
Year 2 = 80% funding
Year 3 = 60% funding
Year Four = 0 funding. (Annually this grant needs to be resubmitted for approval.)

Our submission proposes purchasing one (1) patrol vehicle ($43,000) in year one and adding one (1) Patrol Officer (approximately $60,000 salary/fringe) in year one. This Officer will work as a full-time member of the department's Special Response Team (SRT) and will work in conjunction with our department's part-time SRT during high-crime hours (nights) conducting preventive patrol missions relating to hot-spots.

Mayor Pro-Tem Bell asked if there was enough time to prepare and present the grant application and submit the application. Chief Aragon informed Council that with briefing City Council this evening, presenting the grant application at the Regular Meeting of February 25th, we will be able to make the submission date of February 28th.

Staff Briefing:

At her request, Councilmember Trube, Mr. Morgan, and I met with Mr. Brian Davis to receive information about this program for our citizens.

The NLC Service Line Warranty Program, administered by Utility Service Partners ("USP"), provides residential customers with affordable warranty protection for both water and sewer lines. This program is offered at no cost to the City and is an initiative of the National League of Cities.

Residents who have not set aside money to pay for an unexpected, expensive utility line repair have an opportunity to obtain a low cost warranty that will provide repairs for a low monthly fee, with no deductibles or service fees. The work is performed by licensed, local plumbers who will call the customer within one hour of filing a claim. The repair is performed professionally and quickly, within 48 hours but often within 24 hours. USP provides a personally staffed 24/7 repair hotline for residents, 365 days a year. Consumer warranty contracts are month-to-month and there is no cancellation fee for the resident should they decide they no longer wish to participate.

USP will provide coverage for the portion of the service line for which the homeowner is responsible (unless the city would like to set it up differently). USP will cover the portion of the lateral water and sewer line that would be most helpful to the City and homeowner. Both products provide repair or replacement of broken or leaking lines *including* clean-outs. Specific repair coverage is as follows:

- The Water Line Warranty provides for the repair or replacement of a single, buried, outside water line that runs from the point of the utility connection or responsibility to the foundation of the home. This warranty provides coverage of up to $4,000 for each water line repair plus an additional $500 for public sidewalk cutting if needed.

# CITY COUNCIL AGENDA FORM

The Sewer Line Warranty provides for the repair or replacement of a single buried, outside sewer line that runs from the foundation of the home to the main line. This warranty provides coverage of up to $4,000 for each sewer line repair.

History (if applicable)

The NLC Service Line Warranty Program has enjoyed very favorable results in participating cities with an average customer enrollment rate of 12% - 15% for each warranty product. Typical residential participation rates range from 25% to 35% after several campaigns. The NLC USP program has been adopted by over 150 cities nationwide. USP has partnered with cities such as Phoenix, Atlanta, San Diego, Kansas City, and Milwaukee, as well as Odessa, Midland, Abilene, Bryan, and Plano. In addition to being endorsed by multiple state municipal leagues, the North Central Texas Council of Governments (NCTCOG), which consists of cities in the Metroplex, solicited a Request for Qualifications (RFQ) from companies that offer water and sewer service line protection programs. After a thorough evaluation of these businesses, including their financial status, Utility Service Partners, Inc. (USP) was chosen as the preferred program for NCTCOG member cities. Since this evaluation has already taken place, the City is able to enter into an interlocal agreement with the NCTCOG, which would give the City the ability to work directly with USP.

Staff's Recommended Motion: Staff recommends the Council agree to participate in the program.

Fiscal Impact: Depending on which agreement Council prefers.

There is no local cost for participating in the program. Instead, there is the possibility of some revenue, a percentage "royalty" offered to the City by USP based on customer participation. It will ultimately be the Council's decision whether or not to add the royalty in the program cost. However, the royalty could be used to offset other expenses associated with typical residential line repairs that are currently borne by the Water Utilities Department.

Dear Felicia, I am writing to you about the sewer line warranty that you recommended for your constituents. On Christmas Day my sewer line backed up into my house and into my tub! I could not flush toilets or take a shower or wash dishes or clothes or even my hands.  It turned out to be due to a clogged sewer line in my front yard. Thanks to you, I  had the warranty and did not have to pay for the $2000 plus repair! Thank you! The warranty company had good customer service and the local plumbing company that they sent to do the work, Atlanta Plumbing Plus, WAS AMAZING!  They did a wonderful job and were very respectful of my property (and my anxiety about the situation). Thank you so much Felicia for always looking out for us!

Carol Buttler
City Manager
City of La Marque, Texas

**RE: Marketing Agreement with Utility Service Partners Private Label, Inc. d/b/a Service Line Warranties of America ("SLWA")**

Dear Ms. Buttler:

We have discussed entering into a marketing agreement between the City of La Marque, Texas (the "City") and SLWA.

SLWA provides affordable utility service line warranties to consumers. It is SLWA's understanding that, in consideration of SLWA offering its external sewer and external water line warranties (the "Warranties") at a 12% discount from its standard rates to the Residents (as defined below) the City has agreed to cooperate with SLWA in marketing SLWA's services to City's residents and homeowners (the "Residents") as described below:

1. City hereby grants to SLWA a non-exclusive license to use City's name and logos on letterhead and marketing materials to be sent to the Residents from time to time, and to be used in advertising, all at SLWA's sole cost and expense and subject to City's prior review and approval, which will not be unreasonably conditioned, delayed, or withheld.

2. As consideration for such license, SLWA shall offer the Warranties to the Residents at a rate that is 12% less than its standard rate for Warranties offered elsewhere.

3. The term of this marketing agreement will be for one year from the date of the execution of the acknowledgement below and this agreement will then renew on an annual basis unless one of the parties gives the other advance written notice of at least 90 days that it does not intend to renew this marketing agreement. City may terminate this marketing agreement 30 days after giving notice to SLWA that SLWA is in material breach of this agreement if such breach is not cured during such 30-day period. SLWA will be permitted to complete any marketing initiative initiated or planned prior to the effective date of any termination of this marketing agreement after which time, neither party will have any further obligations to the other and the license described in this letter will terminate.

4. SLWA shall indemnify, hold harmless, and defend City, its elected officials, appointed officials, and employees from and against any loss, claim, liability, damage, or expense that any of them may suffer, sustain or become subject to in connection with any third party claim (each a "Claim") resulting from the negligence or willfulness of SLWA in connection with, arising out of or by reason of this marketing agreement, provided that the applicable indemnitee notifies SLWA of any such Claim within a time that does not prejudice the ability of SLWA to defend against such Claim. Any indemnitee hereunder may participate in its, his, or her own defense, but will be responsible for all costs incurred, including reasonable attorneys' fees, in connection with such participation in such defense.

Carol Buttler
City Manager
City of La Marque, Texas

**RE: Marketing Agreement with Utility Service Partners Private Label, Inc. d/b/a Service Line Warranties of America ("SLWA")**

Dear Ms. Buttler:

We have discussed entering into a marketing agreement City of La Marque, Texas (the "City") and SLWA.

SLWA provides affordable utility service line warranties to consumers. It is SLWA's understanding that, in consideration of the License Fee (as defined below) to be paid by SLWA to City, City has agreed to cooperate with SLWA in marketing SLWA's services to City's residents and homeowners (the "Residents") as described below:

1. City hereby grants to SLWA a non-exclusive license to use City's name and logos on letterhead and marketing materials to be sent to the Residents from time to time, and to be used in advertising, all at SLWA's sole cost and expense and subject to City's prior review and approval, which will not be unreasonably conditioned, delayed, or withheld.

2. As consideration for such license, SLWA will be liable to pay to City, within 30 days of the end of the final calendar quarter, 12% of the revenue from USP warranty subscriptions collected from the Residents during such calendar year (the "License Fee"), together with a statement certifying collections of such USP revenue, so long as this marketing agreement remains in effect. City will have the right, at its expense, to conduct an annual audit, upon reasonable notice and during normal business hours, of SLWA's books and records pertaining to sales and rentals to the Residents while this marketing agreement is in effect and for one year after any termination of this marketing agreement.

3. The term of this marketing agreement will be for one year from the date of the execution of the acknowledgement below and this agreement will then renew on an annual basis unless one of the parties gives the other advance written notice of at least 90 days that it does not intend to renew this marketing agreement. City may terminate this marketing agreement 30 days after giving notice to SLWA that SLWA is in material breach of this agreement if such breach is not cured during such 30-day period. SLWA will be permitted to complete any marketing initiative initiated or planned prior to the effective date of any termination of this marketing agreement and shall pay the License Fee to the City for the calendar year in which this marketing agreement is terminated after which time, except for SLWA'S obligation to permit City to conduct an audit as described above, neither party will have any further obligations to the other and the license described in this letter will terminate.

4. SLWA shall indemnify, hold harmless, and defend City, its elected officials, appointed officials, and employees from and against any loss, claim, liability, damage, or expense that any

of them may suffer, sustain or become subject to in connection with any third party claim (each a "Claim") resulting from the negligence or willfulness of SLWA in connection with, arising out of or by reason of this marketing agreement, provided that the applicable indemnitee notifies SLWA of any such Claim within a time that does not prejudice the ability of SLWA to defend against such Claim. Any indemnitee hereunder may participate in its, his, or her own defense, but will be responsible for all costs incurred, including reasonable attorneys' fees, in connection with such participation in such defense.

If City agrees that the foregoing fully and accurately describes the agreement between City and SLWA, please arrange to have a duly authorized representative of City execute and date the acknowledgement below in each of the duplicate original versions of this letter and return one to me in the enclosed self-addressed stamped envelope.

If you have any questions or wish to further discuss this marketing agreement, please do not hesitate to contact Brian Davis via email at bdavis@utilitysp.net or by phone at 214-476-3430.

Presentation/discussion/possible action - Texas Commission on Environmental Quality (TCEQ) Sanitary Sewer Overflows (SSO) Plan of Action – 10 year plan

Presentation of proposed Texas Commission on Environmental Quality Sanitary Sewer Overflows Plan of Action.

Attachments: August 14, 2012 letter from TCEQ
September 24, 2012 letter from TCEQ

Staff Briefing: On June 27 and August 7, 2012, an investigation was conducted on the City's Wastewater Treatment Facilities and Walnut Lift Station by the Texas Commission on Environmental Quality, in which evidence of sanitary sewer overflows (SSO's) were documented. Based on findings in the investigation, the City's facility was selected to participate in the SSO initiative, which is intended to assist municipalities with addressing SSO's that might escalate to such a degree as to cause a negative impact on human health and/or the environment.

In September of 2012 city staff agreed to enter into the SSOs program to forgo Enforcement actions against the City for sewer overflows and possible monetary fines.

Public Works Staff researched the TCEQ guidance documents to prepare the program and the information was compiled January 2013 through February2013 for a Draft submittal.

History (if applicable)

Over the past fifteen years the City has performed a number of various construction tasks to prevent sanitary sewer overflows (SSO's). The City started an investigation in 1995 which resulted in numerous point repairs. Between 1998 and 2012, the City has worked diligently on sanitary sewer rehabilitation which has resulted in approximately 65,000 linear feet of sanitary sewer rehabilitation, 3,500 vertical feet of manhole rehabilitation, 365 point repairs, and installation of 28 new manholes. There was major improvement in the amount and duration of

SSO's resulted from the rehabilitation. However, with the City's aging sewer system, we occasionally still see some signs of SSO's.

Attn: City Clerk

Dear Ms. Tedford,

As chairman of the La Marque Cemetery Board I would like to request that a vacancy on the Cemetery board be filled by City Council appointment. I request that Guadalupe Maldonado be replaced. I spoke with Ms. Maldonado in May of 2012 about her attendance at the scheduled meetings. She informed me at that time that she was very busy and actually needed to resign from the Cemetery board. I told her to do a resignation letter and take it to City Hall so we could create a vacancy and fill it with another person. I never heard back from her and attempts to contact her have failed. She has not been present for Cemetery board meetings since May 2012. I respectfully request that this position be declared vacant and a new board member be appointed.

I would like to thank Ms. Maldonado for her service during the time she was on the Cemetery board. She provided the board with guidance and insight that has helped us to achieve our goals. She will be missed, but I understand how life changing events can effect a person's ability to serve in certain capacities.

Please try to include this issue as an agenda item at the next City Council meeting.

Respectfully,

David Pennington
Chairman, La Marque Cemetery Board

SUMMARY OF INCIDENT (Specifically address the type of defensive action used):

Officer was dispatched to 614 Ross St., to assist LMFD Medics with an intoxicated combative subject. Officer arrived on scene and observed LMFD Medics attempting to secure the subject to a stretcher. Officer observed subject laying on the stretcher with his arms unrestrained. R/O and medical staff gave subject several verbal commands to place his arms down at his side. Subject was bleeding from a laceration to his head and was highly intoxicated. Subject began swinging his arms around preventing the medical staff from restraining him. R/O was able to grasp subject left wrist at which time subject attempted to strike R/O with his free right hand. R/O deployed canister of OC and administered a single burst of OC spray directly to the facial area of the subject. Subject was then secured in mechanical restraints.

Explain why it was necessary to use defensive action specified above:

Subject was highly intoxicated and combative with medical staff and responding officer. Subject was given several verbal commands and failed to comply. Subject hands and arms were covered with blood and subject was attempting to strike personnel with his contaminated hands.

Explain why defensive action used was reasonable:

Subject was highly intoxicated and combative with medical staff and responding officer. Subject was given several verbal commands and failed to comply. Subject hands and arms were covered with blood and subject was attempting to strike personnel with his contaminated hands. Subject would not comply with verbal commands. When physical control technique was applied subject was able to pull away from personnel as his hands and arms were covered in blood and slippery.

Explain consequences (injury, damage, etc.) that resulted from the use of defensive action:

No reportable injuries were sustained as a result of use of force.

Post Care Action Performed by Reporting Officer:

Subject was released to LMFD for transport and treatment of injury sustained prior to encounter with personnel. LMFD and Mainland Medical Center ER personnel decontaminated subject as post care to OC exposure.

If subject was not injured, document observations and/or any statements made by suspect, that indicate subject was not injured:
