4. APPROVAL OF MINUTES:

Commissioner Barrett made a motion to approve the minutes as presented. Commissioner Jennings seconded the motion and the motion passed unanimously.

5. CITIZENS PARTICIPATION:

Harvey Capell thanked the Board for considering decreasing the wind speed requirements in the city from 130 MPH to 120 MPH. He stated that he has been meaning to come and speak to someone about this matter. Mr. Capell informed the Board that he is a Registered Windstorm engineer for the past 11 years. He added that when there is hurricane damage there are two types that are typical. One is the damage caused by the wave surge; the second one is the shingles. Mr. Capell informed the Board that he designs homes and that the only effect in this higher wind rating is on the windows and the garage doors. Which increases the cost of the materials to the developer and owner. He stated that the increased rating in La Marque requires a window capable of withstanding 50 P.S.I., where

a 120 MPH requirement will allow a window that is rated for 35 P.S. I, therefore decreasing building costs. Mr. Capell added that there are single pane windows throughout the city and they do well with storms. Mr. Capell added that not all structures have to be rated at a C exposure, and explained the difference between b" and c" exposure. Mr. Capell also suggested that the city adopt the same guidelines as the Texas Department of Insurance which is 120 MPH ratings. Mr. Capell also added that he wanted to plant a seed in the Commissioners' minds and ask them to consider the requirements for installation of shingles. He suggested that there be at least 6 nails per shingle, prohibit nail guns and require all shingles be nailed by hand.

Tim Harrington stated that he purchased a home in La Marque several years ago, and 5 years ago Ike happened. He stated that he received a government check because of it and that the house has been vacant for 8 months. He stated that the electrical meter was pulled because the tenants could not afford the electricity bill. Mr. Harrington stated that when he walked into the house the floor was weak, and he ripped it off. When he did so he found wires lying on the floor that were not inside of conduit. Mr. Harrington stated that the wiring was "crazy" and he found an electrical box buried behind the sheet rock. He also showed the Commission a piece of wiring that was the older cloth covered type. Mr. Harrington stated that he wanted to have his power back on, but he learned that he needed an inspection to do so. Mr. Harrington informed the Board that he wants to do his own wiring and that he has been doing this type of work his entire life. He added that he does not want to have to contract a plumber or an electrician to do any of this work since this is not his homestead residence. He informed the board that he has a home in League City that is worth over \$400 thousand and this house is only worth \$60 thousand, therefore he does not want to transfer the homestead.

Commissioner McGaffey informed Mr. Harrington the reason the home was in the condition that it was in was probably due to the fact that the person who worked on the home previously did not pull a permit.

Mr. Harrington stated that he is an engineer in a merchant marine company and that it is an oxymoron for him to have to call an electrician.

Commissioner Jennings asked if Mr. Harrington has a license

Mr. Harrington stated that he did not need to fix the house and he can use it simply for storage. He stated he wanted to remodel the house, but he is getting blocked.

Commissioner McGaffey asked Mr. Harrington if he had gotten an estimate.

Mr. Harrington did not respond, but he stated that he did not want to pay someone \$40 per hour for something that an 8 year old can do.

Commissioner Barrret informed Mr. Harrington that rental property has always been worked on by certified tradesmen.

Mr. Harrington told the Board the he was aware of the policy, but this is why people are doing work without permits.

Commissioner Barrret informed Mr. Harrington that if this was his homestead residence he could complete his work.

Mr. Harrington informed the Board that he has two engineering degrees, and that he has been around the world 6 times, and he is very meticulous. He stated that he wants to install his own hot water heater, but now he can't.

Commissioner Phillips asked Mr. Harrington if he intended to leave a dilapidated house.

Mr. Harrington responded that he has 6 or 7 houses and that this particular house has wiring from the 40's and 60's. He added he cannot believe that the oven has not exploded. Mr. Harrington commented that he is now stuck and that he does not know anymore why he came to La Marque in 1998 because he was an electrical Engineer, and a person from Abundant Life facilitated that he speak in tongues, and a lady told him that God had told her she needed to sell the house, and this was the reason Mr. Harrington purchased the property. Mr. Harrington stated that he has houses and three companies that are doing well financially.

Commissioner McGaffey stated that he "feels" for Mr. Harrington because he lives to do trade work

Building Official Tims informed the Board that Mr. Harrington has been approved for a permit to repair his floor.

Mr. Harrington stated that he has placed new wiring in conduit throughout the house.

6. OLD BUSINESS

Discussion/Possible Action - proposed Ordinance amendments to City Ordinance Section 14.24 *Revision to table R301.2 (1) insert Wind Speed (mhp)*; possible recommendation to City Council.

Building Official suggested to the Board that based on the recommendations on engineer Capell the ordinance be approved with either a 120 mile rating with no exposure, or a 120 with a "b" or "c" exposure requirement.

The Board discussed the benefits of changing the wind rating including the effects on shingles, and cost benefits of installation, as well as replacement following a disaster.

Commissioner Phillips asked about the needs of Mr. Donald Rae Kotlarich who spoke at the December 4, 2012 meeting, and asked if we had another citizen requesting a change would we change it again.

Building Official described the effects of wind uplifts and impacts on structures based on the different exposures. She also added that the International Residential Code maps the city to minimum standards of 120 MPH wind requirements; therefore we could not decrease below the minimum standard and continue to operate under that code.

Commissioner Jennings made a motion to recommend the change and amend the presented ordinance to read a requirement of 120 MPH with a "b" or "c" exposure. Commissioner Phillips seconded the motion and the motion passed unanimously.

7. NEW BUSINESS

Discussion/Possible Action – Bid LM02-13 for demolition and cleaning services for the parcels known as 1206 Pirtle, 528 Beech, 1024 Maple and 1805 Maple in La Marque, Texas; possible recommendation to City Council.

Commissioner MacGaffey stated that he has concerns about the price of the bid.

Building Official Tims informed him that City Council had allowed \$15 thousand for this budget year to demolish structures.

Commissioner McGaffey suggested the structures to be demolished be prioritized, and one be removed to come within budget.

The Commission discussed different alternatives to be able to demolish the structures. Commissioner Barrett asked about 1805 Maple. Commissioner McGaffey informed the Board he is aware that 528 Beech has been sold. The board asked City manager Carol Buttler is there were "funds" available for this, to which she indicated there were none.

Commissioner McGaffey suggested that the bid be redone.

City Manager Carol Buttler suggested that an itemized bid be done.

Commissioner Barrett made a motion to table the item. Commissioner Jennings seconded the motion and the motion passes was tabled.

Discussion/Possible Action – Changing of the Christmas Parade of Lights Route

Attachments for Reference

- 1. Exhibit A – Existing Parade Route**
- 2. Exhibit B – Proposed Parade Route**

Staff Briefing: City staff is proposing to City Council the possibilities of a new route to be established and approved for the annual Christmas Parade of Lights. Exhibit A shows the existing route and Exhibit B is the new proposed route.

History (if applicable)

City Staff in conjunction with the Chamber of Commerce held a follow-up meeting pertaining to the Christmas Parade of Lights. Within this meeting, it was suggested to shorten the route; route was too long for the groups who participate as walkers and very limited viewers for over half of the route. As a solution to the problem, we looked at two options:

Option 1 – start the parade around Westward and maintain the existing route. The drawback to option 1 was limited areas to stage the floats for the initial line-up due to Church services being held at that location. The pros to option 1 – it is the route that citizens have become accustomed to for the parade.

Option 2 – start the parade on Laurel and change the route. The drawback to option 2 is a new route that citizens are not accustomed to for the parade. The pros to option 2 – we will have an area for line-up as Laurel is a wider street, the parade is shorter, new route would be a wider road surface for safety and parade would end in walking distance from where it began.

Existing route from La Marque High School to Walter Feigle Park is 1.8 miles.

Option 1 route is Westward to Walter Feigle Park is 1 mile

Option 2 route is Laurel to Cedar to Walter Feigle Park is 0.8 miles

Target Implementation: April 8, 2013 City Council Meeting

Mayor Hocking asked City Manager Buttler to proceed with the Workshop. City Manager Buttler informed City Council that they had been provided a working draft of the proposed budget for FY 2012-13. There are no supplemental items in this document. This is “Back to the Basics” document and to look at Council's philosophy and the “big picture”. We are not broken, but there are issues that need to be addressed in the General Fund. The goal is to provide staff with direction. City Manager Buttler introduced Carl Wessels, Interim Finance Director (IFD), Toni Koneman, Accountant II and Jake Morales, Accountant 1. At this time, IFD Wessels began by thanking Council for the opportunity to work with the city and reiterated this is not the official “proposed budget”. This is an opportunity to receive feedback from Council as we begin the annual budget process. IFD Wessels continued by stating that we will discuss:

1. Where we are now?
2. How did we get here?

The city has gone through many transitions this year and that he has been charged with

a. Discussion of City of La Marque proposed budget –FY 2012-2013

At this time, Mayor Hocking asked City Manager Buttler to proceed with the discussion. City Manager Buttler stated that she will take the information and prepare the next draft.

We are currently looking at cutting expenses and suggested that City Council consider appointing a Finance Committee. The Finance Committee's prime responsibility would be to make recommendations to the City Council on all financial matters, including the annual operating budget, capital projects, borrowing, and funding sources.

Everyone is aware that the City of La Marque is facing deficit issues for the current and proposed budgets. During this transition year, as City Manager, I need to understand the City Council's philosophy and vision for the City. In order to achieve this, City Council and Staff had to place all revenue and expense options on the table. These options included budget cuts to equipment, departments, and personnel. City Council, City Manager Buttler, IFD Wessels, and staff went through their respective departments and looked at line items that could be reduced or eliminated that would not affect the department's ability to function.

City Council indicated it is NOT their goal to eliminate positions and directed staff look at every available resource before presenting the final budget i.e. revenues, expenditures, salaries, benefits, utilities, four day work week and furloughs.

Councilmember Osteen indicated that he needed to leave the meeting. Time 9:38 p.m.

Councilmember Trube made a motion to approve the minutes of the Public Hearing/Regular City Council Meeting, July 23, 2012. Councilmember Osteen seconded the motion. The minutes were approved as written.

(5) CITIZEN'S PARTICIPATION

Comments from the Public (At this time, any person with city-related business who has signed up may speak to Council (limited to three (3) minutes). In compliance with Texas Open Meeting Act the City Council may not deliberate on comments. Personal attacks will not be allowed, and personnel matters should be addressed to the City Manager during normal business hours.

W. L. Bunch, 210 Byrd Street, addressed City Council regarding numerous business-type properties that he owns along Byrd Street which is near the "Highway Inn" Motel. Apparently, the Highway Inn is not being maintained and monitored by its owners and those leasing rooms at this motel are committing offenses (thefts, burglaries, vandalism) at business properties on Byrd Street. Mr. Byrd referenced a most recent spate of auto burglaries (from Byrd Street) that resulted in the arrest of numerous residents living at the motel. Mr. Byrd thanked Chief Aragon and the efforts of the Police Department for their police work on these offenses but wished to advise Council that this motel is indeed a serious threat to our community. After Mr. Bunch's presentation, Mayor Pro-Tem Bell asked Chief Aragon to advise Council on this issue. Chief Aragon said the area does have problems and added that strict Code Enforcement would assist in addressing the overall conditions of the area.

Teresa Tate, 5814 Woodrow, Texas City, TX 77591 addressed City Council regarding support to the Library. Ms. Tate is a teacher at Highland Elementary School in La Marque. She gave three reasons to keep the City Library: 1. Computers – Many families can't afford computers, Internet and Wi-Fi. When Kindergarten and early elementary students are exposed to computers, the benefits include improves motor/math skills, creativity and higher scores on standardized tests. 2. Research - Older students need the research from the library for assignments and to type their papers. Wal-Mart and Barnes and Noble are not options for her students. 3. Activities – The Preschool Story Hour and Summer Reading Program allow children to read a variety of books and improve their reading skills and keep children occupied. When you consider this item, please think about the community, but most of all think about the children

Dorothy Jeffcoat, 1407 Lamar addressed City Council regarding support to the Library. Ms. Jeffcoat understands the budget constraints but appreciates the fact the Council is trying to find extra funds for the library. A four day work week wouldn't work for it wouldn't save that much money regarding keeping the books dry and citizens going to other libraries. We have 48,000 people come through our library so should we expect other surrounding city libraries to do our responsibilities for our citizens and children. The library is doing a great

job and it is a jewel. If a child comes in and does a video game, they are also exposed to some of the books and some of the programs that the library offers. Rumors and criticism are coming from citizens that don't use the library. Computers, Internet and Wi-Fi are necessary as Ms. Tate stated in today's world and many cannot afford these items. She said why she should spend \$100.00 a month for books when she can get them free at City library. This is the only enrichment program that we have for our children during the summer.

She wanted to hear the librarian speak about the facts of the library after we are through.

Jo Ann Strueby, 202 Taft addressed City Council regarding support to the Library. Ms. Strueby said when they moved to La Marque in 1974, discovered La Marque had an academically high-rated school system, one good size grocery store, two banks, several churches (of various religions), and one small size library.

The library is flourishing and is meeting the needs of the community. Now we are in 2012, a school system in trouble, no grocery stores, one bank, some church with attendance problems, but a Library that is flourishing.

The community knows that all budget cuts should come from each department. Please get the straight facts before making a decision concerning the library. We need to keep our one jewel in La Marque.

H. L. Wells, 2801 Patricia Drive addressed City Council regarding support to the Library. Mr. Wells was a teacher in La Marque and libraries are sort of his hobby. He has visited many around the county and can't imagine living in a town without a library. He remembers when the Chionsini's appropriated funds for the City's library and it would be a shame to close the Library when a large sum of money was invested into this cause. The community supports the library with funds. He is the Treasurer of the Friends of the La Marque Public Library. The largest deposit from the Friends has been \$10,000 and the smallest has been \$10.00. The Industrial organizations all support the Library.

(6) PUBLIC HEARING

a. Public Hearing -Ordinance No. O-2012-1061 an Ordinance of the City Council of the City of La Marque, Texas, amending Chapter 26, Section 26-1 (1) Code of Ordinances of the City of La Marque, Texas, to designate the Emergency Management Coordinator

a. Discussion/possible action-Ordinance No. O-2012-1061 an Ordinance of the City Council of the City of La Marque, Texas, amending Chapter 26, Section 26-1 (1) Code of Ordinances of the City of La Marque, Texas, to designate the Emergency Management Coordinator. This is the second reading.

Councilmember Osteen didn't have a problem with the City Manager appointing the Emergency Management Coordinator, but has concerns with the office space/location. It was Councilmember Osteen's understanding that an office had been located at the fire department, but due to fears, her office was located moved over here. City Manager Buttler informed Council that Ms. Pierce was given several options and it was her choice. It is a temporary measure. City Manager Buttler that she has discussed other location options with Chief Weidman Councilmember Trube said the problems were under the previous administration.

Mayor Pro-Tem Bell asked what did we do about the situation. City Manager Carol Buttler stated that an internal investigation was conducted upon her arrival as City Manager and due to lack of evidence, no action was taken. The Fire Marshal was moved because it was the best measure/temporary solution until a new Fire Chief was hired. City Attorney Ortego said this subject was not on the agenda; therefore could not be discussed. Mayor Pro-Tem Bell made a motion to approve Ordinance No. O-2012-1061. Councilmember Brown seconded the motion. Motion passed unanimously. Mayor Hocking deviated to Agenda item 6b.

b. Discussion- application(s) to City of La Marque Boards and Commissions –Resolution 1032

City Manager Buttler stated that Council was notified of vacancies available on the Boards/Commissions via the weekly memo. According to Resolution 1032, Section 3- Nomination and Appointments requires that City Council be given a required 30 day notice. This will be Council's notice as per the resolution. We have received applications for Planning & Zoning and Cemetery Board. This item will be placed on a future agenda for City Council action.

Mayor Pro-Tem Bell made a motion to continue City's participation with Galveston County Auto Crimes Task Force (GCACTF) grant for FY 2012/2013. Councilmember Osteen seconded the motion. Motion passed unanimously.

Mayor Hocking deviated to agenda item 8e.

d. Presentation –proposed budget FY 2012-2013

City Manager Buttler stated that this the proposed budget based on comments and direction received from the work sessions. We will schedule a public hearing as required by charter. Interim Finance Director is out due to illness and has a consultant here this evening to assist us with the presentation.

City Manager Buttler gave a brief overview of the strategy for our theme this year is "Getting Back to the Basics". Realize we have concerns with the budget and regardless of what was presented in the spring, the City of La Marque is not broke and not in dire straits.

We do have concerns with the fund balance of the general fund and if the city would have enough funds to get through a disaster. City Manager Buttler thanked City Council for the two work sessions, discussing pros and cons of various approaches and direction to staff was to bring back a balanced budget with no tax increase. City Manager Buttler thanked City Council for the guidance they have given staff. Staffs took the direction and tonight

present a balanced budget with no tax increase. We started with a deficit this year and City Manager Buttler stated that staff was told not to make any major purchases that were not essential to the performance of the department. By looking at current revenues and additional revenues, we were able to balance the current budget. A resolution will be brought before Council to amend the current budget in near future.

We had to make painful decisions. It appears several revenues and line items were overestimated and expenses were underestimated. Mr. Wessels was asked to perform a forensic type audit to check every area of the budget. With his guidance, finance staff went over line by line item for every revenue source and to ensure that economic conditions were considered, checking all the financials, with utility funds we did we do have a balanced budget with some severe cuts.

Departments were asked to make cuts immediately before coming to Council. We have staffing needs and determined although we have needs, we eliminated some specific positions. One has been eliminated and dividing the duties among 4 of us. We also intend to eliminate several other positions.

Went back to staff to see other options:
Discussed reducing the city's contribution to dependent health care
Coffee – a luxury
Police gave up an additional staff member to assist

Fire department gave up 11% cut into overtime wages
Each department has offered additional cuts.

City Manager Buttler suggested we use this year as a transition year by making do with what we have – not asking for any capital projects. It is our goal not compromise services to the citizens.

Ms. Buttler introduced Susie Kou, financial advisor, who will assist us through this critical time due to the unexpected health issue with Mr. Carl Wessels.

City Manager Buttler informed Council that there are additional changes to that will take effect tomorrow morning. On page 11, this is the organizational chart that she is proposing which will facilitate city operations. The goal is have functions that work together and report to the appropriate people.

City Manager Buttler commended Mr. Morales and Ms. Koneman for their assistance in the preparation of the proposed budget.

Councilmember Osteen had a question regarding the proposed organizational chart and span of authority of the City Clerk. City Manager Buttler stated the City Clerk charges may only last for approximately a year during this transitional year.

City Manager Buttler also stated that Fire has been designated as Emergency Services to incorporate emergency management. Mayor Pro-Tem Bell talked about the 3 departments moved under the direction of the City Clerk. It is a violation of charter or state law. City Attorney Ortego stated that we have reviewed and is not a violation. Councilmember Osteen stated that we do not have authority to instruct the City Manager regarding issues involving personnel, but we have the authority to direct the City Clerk. City Manager Buttler stated with the budgetary issues, city clerk felt she could assist duties in conjunction with me. Council can control position of city clerk, but the other positions are controlled by City Manager.

Mayor Pro-Tem Bell stated I know that you have a plan to assign Chief Aragon as Assistant for Public Safety and Ms. Tedford as assistant in these areas. City Manager still maintains control over operations and should be put in place for clarification purposes for Council.

Councilmember Trube indicated that she has concerns due to that fact that past city clerks could not handle elections. With this chart, we are giving the current city clerk more responsibility, so this goes for the future. City Manager Buttler informed Council that the organizational chart may be modified at any time as needed. This is a transitional year and we believe that this route is the best way to get there.

There was discussion regarding Friends of the Library and other non-profit organization that work with the city. Mr. Morales discussed the property taxes, assessed values, and tax rate. Ms. Kou assisted in the clarification of the calculations based on the certified tax roll. Mr. Morales discussed sales tax revenue and proposed changes health benefits for employees/dependents.

City Manager Buttler addressed the annuities. The city has been carrying the health insurance and supplemental annuities for retirees. Former Council passed an ordinance which funded a gap measure between retirement and social security eligibility that have reached 80 points. The health benefits were intended to fill until the retiree reached Medicare eligible (approximately 20 employees) and supplemental annuities (approximately 10 employees) until the employee reached social security eligibility. This is an item mentioned in the audit that is unfunded liability. These items are still incorporated into this proposed budget. The goal is to recommend eliminate annuities at the end of this year and the medical at the end of next year. It has been suggested that we have a workshop and discuss more in-depth. The consensus of City Council is to have workshop to discuss further. Further discussion on the proposed budget included streamlining positions and analyzing the positions to determine, if necessary, transitioning of personnel. There have been general funds in the proposed budget that have been separated and made into specific line item which will indicate revenues and expenditures for better tracking.

Instructed by Council to reduce the Library operations to \$150,000- based on these calculations we would only be able to operate with 2 full time employees. We looked at different options that would involve eliminating library staffing/programs. Presented is a recommendation that we feel would be in the best interest of the community. Councilmember Trube voiced concerns regarding donations to the Library through the Friends of the Library. City Manager Buttler informed City Council that City Attorney Ortego will provide a legal opinion on any 501c-3 who receives donations and use city facilities/supplies. There is a general consensus of the City Council to leave the Library open.

Summary of changes to FY 2013 Proposed Budget as of August 27, 2012

General Fund:

1. Added revenue of \$5,000 for transfer from Court Building Security Fund that had been omitted.
2. Added expenditure of \$400 for Wreath Across America program.

Effect: General Fund now has a surplus budget of \$4,600.

Refuse Fund:

3. Deleted revenue of \$29,333 for the “proposed” 46¢ Brush fee.
4. Reduced “Discount to Seniors” by \$4,902 related to deleted 46¢ fee. This is back to the same amount that it has been for several years now.
5. Removed expense of \$22,494 for half of Utility Billing Supervisor personnel cost.
6. Removed revenue of \$4,200 for Recycling Fee. This revenue (and related expense) is not needed yet, since Republic clarified that there will be no charge for recycling for at least the first year.

Effect: Refuse Fund now has a surplus budget of \$6,000; however, this is philosophically flawed. Refuse is a major city function – and rates are not set high enough to cover the personnel costs and wear and tear to the streets, that are directly tied to this function.

Utility Fund:

7. Increase expenses by \$22,494 for half of Utility Billing Supervisor personnel cost, returned from the Refuse Fund.

Effect: Utility Fund budget deficit has been increased. As previously explained to Council - even with this deficit we project the Utility Fund will end FY 2013 with 82% working capital. Far above the minimum suggested of 25%. At this time we are not requesting any rate changes or reductions. Staff will spend the next year detecting and repairing leaks, auditing the billing system, and preparing a rate study.
